LOCAL MATTER

—Mr. Herbert Perkins recently purchased the lot between his home and the home of Mrs. Stewart, formerly owned by Mr. Jesse Medders.

—Messrs. Wm. Frazier Russell, Jr. and S. Scott Beck have installed electric Ediphones in their offices which adds greatly to the efficiency of their equipment.

—Mr. James W. Cain, formerly of Chestertown, has written a play entitled "Crashing The Gates," which will be played on Broodway in the near future.

—Mr. Eireman who lives on Reese's Corner farm near Rock Hall, had his right arm amputated above the elbow in a Baltimore hospital this week The operation resulted from a car buncle.

—Mr. James Crouch has purchased a lot on Washington Ave., located between the home of Mr. Furbush and the campus of Reid Hall. Mr. Crouch expects to build a bungalow in the near future.

—The organization ocmmittees of each of the counties of the Del-Mar-Va Eastern Shore Association met at Salisbury on Thursday for the purpose of forming the permanent organization and start the organization functioning.

—Mr. J. Waters Russell, who sometime ago purchased the Easton Gazette and moved to that town, and who has now returned to Chestertown has opened up a real estate office next to Lyceum Theatre in the rooms formerly occupied by John W. Barroll, Eso.

—The Junior Order, United American Mechanics will celebrate their twenty-ninth wedding anniversary on Wednesday evening, March 10. Committees are now busy arranging a suitable program for the occasion. This is one of the most progressive lodges in Kent and a big celebration is looked for.

FINER TRANSPORTATION AT LOWER COST

More Buicks are now being sold than ever before in Buick history. And an important reason is the fact that, though expensively built, a Buick may be inexpensively purchased.

Buick could spend less money building its chassis, and still keep the quality up to the average in Buick's price class. The famous Buick Valve-in-Head engine is a more expensive type to build. Buick could use a steering gear less expensive than the 5 control-surface steering mechanism which adds so much to Buick's driving ease. The Torque-Tube Drive also adds expense to Buick manufacture, as do the "Sealed Chassis," the "Triple Sealed" engine, full pressure engine lubrication, the Buick multiple-disc, dry-plate clutch, and Buick mechanical 4-wheel brakes.

Buick closed bodies are built by Fisher to the most exacting standards laid down by any manufacturer today.

Quality, regardless of its cost, rules Buick design. But thanks to the sustained popularity of this quality, purchasers actually pay less for it. Vast volume gives Buick owners finer transportation at lower cost. Your next car should be a Better Buick.—The N-B-R Motor Co., local dealers.
