ARE YOU LOOKING FOR AN ASSURED INCOME?

Every thoughtful man and woman wants to arrange for investments to provide for old age.

We suggest that you consider the Annuity Plan of Washington College.

1. High Dividends are secured. The semi-annual payments of annuity provide the largest income, consistent with safety. At the death of the annuitant, the principal goes, according to the donor's wishes, either to a designated or undesignated fund of Washington College.

2. The investment-gift is safe. The $450,000 plant, and property and the good name of Washington College are behind it. The semi-annual dividend remittances will be paid as long as the annuitant lives.

3. Relief from investment anxieties and care is assured. Purchasers of the annuities in Washington College are released from further worry about reinvestments of funds, idle money, the passing of dividends or liability of loss from unsound investments.

4. Your money will work for you as long as you live and will accomplish your desires after death without the possibility of a bitter and costly contest of your will.

5. $100 and up may be thus invested in cash, estate, approved bonds and stocks.

6. This investment is safe, is not taxable; saves the worry of investment and the commission of an agent and provides a regular, fixed, and sure income for the life of the annuitant and eventually will become part of the Endowment Fund of Washington College, there to be a monument to you which will go on serving humanity forever.

7. Rates of interest offered.: 5% if you are between the ages of 50 and 60, 6% for ages 60-70, 7% for ages 70-80, and 8% for ages 80 or above.

Questions are gladly answered.
