Everything in Interior and Exterior Woodwork

In Curtis double-hung (two sash) windows, the meeting rail is rabbeted, as shown below, so that it resists seven times as much wind pressure as the ordinary check rail or plain rail window. Make sure that your windows are trademarked—

What a Big Difference Good Windows Make

IN any house, be it a stately mansion or humble cottage, the windows are an important feature of both the exterior and interior. A house with windows poorly proportioned, or ill-designed, cannot have charm or beauty.

Curtis Window C-1024, a twelve-light design of popular appeal, is illustrated. It is but one of many designs that have made Curtis Woodwork famous. Each piece of even texture soft pine used in Curtis windows is conscientiously selected to avoid pitch, knots, blue sap and cracks.

You can have Curtis windows in your new or remodeled home at a finished cost that will be no more than you will pay for the ordinary kind. Come in and see some in our stock and get prices.

"Curtis Woodwork," beautifully illustrated, is free to builders.

SPORTS OF WEEK

BASEBALL PRACTICE IS BEING HELD IN THE GYMNASIUM AT THE COLLEGE

Mike Fiore played his last game for Washington College the other night. Fiore has been a power in basketball at the college and is probably the best guard ever seen on the local floor.

Washington College has been admitted into the Middle Atlantic State Collegiate Athletic Conference Basketball League. Because of this new arrangement, Penn Military Academy, of Chester, Pa., and Muhlenburg, of Allentown, Penna., will play in Chestertown, and Lebanon Valley and Haverford will be played away from home.

There is no living soul who knows what Dempsey's actual plans are, since Dempsey doesn't know himself. He still has the old vanity of retiring unbeaten. But this would be little to his credit, considering the fact that his ring greatness was based upon beating Willard, Miske, Brennan, Carpentier, Gibbons and Firpo. Gibbons, the only one of the bunch who could box, had no trouble in sticking the route. There isn't much in this ring record to reach any heroic growth for future consumption.

Eddie Plank, left-hand pitching star of the Philadelphia Athletics, who died February 24, left an estate valued at $50,000. That was revealed when letters of administration were granted late Tuesday afternoon to the widow, Mrs. Anna C. Plank, who becomes executrix with the renouncing of that right by Eddie's father, Davis L. Plank, executor in the will.

Jack Delaney, light-heavyweight, of Bridgeport, Conn., scored a technical knockout over Mike McTigue, former world light-heavyweight champion, in the fourth round of a twelve-round match at Madison Square Garden Tuesday night. Referee Haley stopped the fight after 2 minutes 59 seconds of the fourth round, when it was apparent that McTigue was unable to defend himself.

Loyola, resting safely on its laurels "hand-picked" by the self-opinionated sports authority of the state, "The Sun," refuses to play off an evident tie for state championship honors. Good enough! What's the use relinquishing hold upon a "fortune" bequeathed by a generous friend!

A VEST POCKET ESSAY ON MARYLAND

Maryland is sometimes called the Oyster State. This does not imply, however, that the Marylanders are oysterettes and they certainly are not dumb, as the nick-name would indicate. Every native of the State loves it dearly, but only its adopted sons and daughters appreciate its wonderful advantages, for this is only possible by comparison. The disadvantage of not being born in Maryland is that one misses an early training in politics, for that is the second thing they start teaching a white baby boy. That grand old song, "Maryland, My Maryland," never fails to stir the emotions whenever it is played or sung, but a person who has never lived in Maryland knows no more what it means than a tiny pickaninny knows of Heaven. If all the chickens, crabs, oysters, fish and terrapin that are cooked "a la Maryland" each year were arranged on one huge platter, the delicious odor would be so tempting and so far reaching that it would cause a rush to the State that would make the Florida boom look like a picnic in a small pox detention camp. The solace provided by the great tobacco fields of the State encircles the globe, and is exceeded only by the cheer enjoyed by the angels. Maryland raises as good corn as any state in the Union, but some of its critics intimate that it is not all fed to the hogs.

The Maryland Plan for the Prevention of Hog Cholera is commended to all owners of swine. Those who use it will find it to be the only dependable, smooth running, sixcylinder, inexpensive, easy riding vehicle from which to view the scenery along Sanitation Boulevard. It is in brief:—Don't feed your hogs anything that might contain bones, rinds or scraps of pork. Don't purchase any hogs unless you know they are free of the infection. Do not permit hogs to run at large. Promptly and properly dispose of the carcasses of all animals that may die on your place. If your hogs are sick, do not delay, call a veterinarian at once. If no veterinarian is available or if you know of any outbreak of sickness among swine that is not receiving attention, notify your County Agent, or the Hog Cholera Specialist in your district.

Inspector in Charge of Hog Cholera Work.

Cold Feet Retard Sleep

Some people declare that they are unable to sleep "out of pure cussedness," as they express it. This means, of course, that they are unable to assign any cause for the trouble, but it does not mean that no cause exists. A very common cause, which is, curiously enough, very seldom recognized as a cause, is cold feet. It is said that the law in one state recognizes cold feet as a sufficient cause for divorce. However that may be, it is certain that it is a very sufficient cause for insomnia, and therefore for restlessness by night and bad temper by day.—New York World.

Build your body back to Health

Tanlac is a great natural builder. It revitalizes the blood, stimulates the digestive organs, rejuvenates the liver and peps you up all over.

From the four corners of the earth we gather the roots, barks and herbs that go into Tanlac. We compound them after the famous Tanlac formula that has brought health to millions.

Our files are crammed with testimonials from men and women in every walk of life, who state gratefully that Tanlac has brought them back to vigorous strength.

If you suffer from indigestion, loss of appetite, can't sleep or rest; if rheumatism is making life a torture; if your liver is out of sorts and your body has run down to skin and bones, get a bottle of Tanlac at your druggist's and start taking it right away.

You'll be amazed to note the improvement that comes at once. For the first time in months you'll feel like eating some good solid food. You'll wake up in the morning rested and refreshed, ready for a good day's work. First thing you know you'll have some color in your cheeks and the sparkle of health back in your eyes.

Don't delay taking Tanlac. Begin now if you want to build your body back to health and vigor. Take Tanlac Vegetable Pills for constipation.

Tanlac a Valuable Family Remedy

"Dizzy spells due to biliousness and sluggish liver caused me to suffer for two years. Sleepless nights and tired days wore me down. A relative advised Tanlac. Now I enjoy work, food and sleep."
