WEDDING NOTES

A very pretty wedding took place at noon last Wednesday at the home of Miss Marie Vansant, when her niece, Miss Mildred Clark, became the bride of Mr. Lester Kaufman, son of Mr. and Mrs. C. T. Kaufman, of Denton. Md. The ceremony was performed by Rev. O. H. Connelly, of Townsend, Del., a former pastor of the bride's home church. The wedding march was skilfully played by Miss Susie Jones, cousin of the bride. The bride entered the living room on the arm of the groom. She was becomingly gowned in tan georgette with hat, gloves, slippers and stockings to match and carried a corsage of Lillies of the Valley and Orchids. The groom wore a suit of dark blue serge. A reception was held after the ceremony held immediately after the ceremony after which the bride and groom left by automobile amid showers of rice for Wilmington where they took the train for Baltimore and Washington.

The bride is a daughter of Mr. L. Carroll Clark, of Massey, and the late Mrs. Clark. She is a grand-daughter of Dr. E. G. Clark, of Middletown, and a grand-daughter of the late Mr. and Mrs. B. F. Vansant, who for many years were propiretors of the Millington Hotel. She is one of the most charming members of the younger set in Millington and is popular with a host of friends. Mr. Kauffman is a son of Mr. and Mrs. C. S. Kauffman, of Denton, and is a graduate in Cevil Engineering from the Johns Hopkins University. Those present from a distance were, Mr. L. C. Clark, of Massey; Mr. Price Vansant and family, Mr. Ford Phillips and family, Miss Addie Vansant, Mr. John Ross and Mr. Clifton Clark, of Wilmington; Miss Helen Reynolds, of Townsend, Del., and Mr. C. What Is An Annuity?

An annuity is a form of INCOME INSURANCE, based on the American Experience Table of Mortality, under which the purchaser (the annuitant) is guaranteed a semi-annnal income for life in return for a lump payment in money, property or securities.

For purposes of illustration, let us assume that you have, at the age of 65, $15,000 and that this constitutes your sole source of income. If invested in the most careful manner, so as to avoid any danger of loss, the current rate of income will probably not exceed 4% or $600.

This sum is woefully inadequate for the proper support of old age, yet, not knowing how long you will live, you will not feel justified in using any principal to piece out your income.

Suppose, however, you invest the $15,000 under the Annnity Plan of Washington College, you will then be paid a regular income of $900 each year for as long as you may live.

The amount which you invest under the Annuity Plan of Washington College is invested in approved securities and held separate from the current funds of the college. This serves as an additional guarantee for your income over and above the $450,000 (a conservative estimate) value of the plant and property of Washington College.

After the death of the annuitant, the sum invested in the annuity is devoted to such use as the annuitant may designate or, if no definite use is designated, to such uses as is deemed best for the upbuidilng of Washington College.

Questions are gladly answered.

WASHINGTON COLLEGE
CHESTERTOWN, MARYLAND.

NOTE—The Annuity Plan of Endowment is sanctioned and used widely by the Church organizations and colleges of the country. It has been worked out by the leading insurance experts of America.
