Ready- for any road

The Sealed Chassis "Shower Bath," displayed last week in many Buick showrooms, furnished striking proof of Buick dependability.

It may be difficult to believe that any motor car chassis could run under its own power for a solid week, with water hitting it in a drenching shower.

But the Buick Chassis did it. Water cannot get in, dirt cannot reach Buick operating parts. Even the electrical wiring is sealed inside water-proof, fire-proof, flexible tubing.

Buick is ready for any road and any weather, thoroughly prepared to give Buick owners thousands and thousands and thousands of care-free, trouble-proof miles.

Only a Buick could possibly stand the "Shower Bath" test. Buick, alone, has the Sealed Chassis with the Triple-Sealed Engine!
