THE CHESAPEAKE

Bay of my blessings, yet bar to my mirth
You, who have given my happiness birth,
Know all my sorrows, my haunts, and and my fears,
Since I spend for you the best of my years.

Keep for your harbors the first of my tears,
Use up my energy as it appears,
Love me or hate me by sending me wind
Aiding or hindering what course I find.

Mistress of mankind you always shall be,
Taking your Southerly course to the Sea,
Angry, or peaceful, your beauty remains
Charming me though, causing losses or gains.

Buick shares its price with many motor cars —but its Value with none

G-15-39-NP

Because of the great number of *Buicks* bought each year, and because every dollar of the savings of great volume goes back into *Buick* value, *Buick's* moderate price buys quality.

Buick *can, and does* build its cars the way all motor car engineers would like to build theirs, if their volume or selling price permitted.

* For eight consecutive years Buick has led, in volume of sales, all members of the National Automobile Chamber of Commerce.

Buick is selling more cars today than ever before in Buick history.* The public wants finer transportation at lower cost. And in Buick they get it.
