Sick bodies made strong

"Five years of poor health followed by influenza and pleurisy left me too weak to walk. I thought my time had come. My niece recommended Tanlac. It added years to my life; I feel young and vigorous again." Mrs. Sarah A. Vose, 63 Wells St., Wilkesbarre, Pa.

After a spell of Grippe or flu, when your system is all run down and your legs are so weak they can hardly hold up your body, start right in taking Tanlac.

It's wonderful how soon you really do improve! Tanlac sails right in and puts the system in fighting trim. It cleans the blood, revitalizes the digestive organs, gives you an appetite for solid food and makes you feel like a new person.

Nothing will turn the trick quite as fast as Tanlac, made after the famous Tanlac formula from roots, barks and herbs. Buy a bottle today and get started back to full strength and vigor. Take Tanlac Vegetable Pills for constipation.
