WITH A

McCormick-Deering

CORN PLANTER

There is a lot of satisfaction in knowing that every click of your planter drops an accurate count of healthy kernels into the soil at exactly the rigth depth. And this satisfaction is doubled and redoubled as the hills sprout, grow, and develop into a full-profit crop. You can give your corn this advantageous start only when you have a planter that you can rely on.

We are in especially good position to supply you with the right planter. McCormick-Deering proved constrution is at its best this year. After studying our new stocks carefully we want to say that we're mighty proud of the planters we have on hand this spring. We take our hats off to no one. Better come in and let us show you the outstanding advantages we can offer you in McCormick-Deering planters. Cultivators, to, don't forget that!
