WHILE ON THE SURFACE politics seem rather quiet, yet under the surface the politicians are quite active in making up their respective tickets for the bursing contest that seems inevitable at the primaries in September. Candidates for every county and state office are to be chosen at the September primaries which will make a large number of names on the ticket for the voters to choose from. As the campaign advances we will have something to say about the issues before the voters of the county, and will keep them as well informed as we can. The primaries are fifteen or sixteen weeks off which makes a long and tiresome campaign.
