They say I'm "fussy"

WELL, let that go. I'm ready to admit that so far as pipe tobacco is concerned, I've got ideas. And if insisting on a tobacco that won't bite the tongue or parch the throat is "being fussy," you can write "guilty" alongside my name, and I won't even appeal the charge.

I can't speak for anybody else, but personally I smoke *for pleasure!* So I smoke Prince Albert. I'll say I do. Right after breakfast, on up until I switch off the light for the night. Pipe-load after pipe-load. Day after day. Prince Albert treats my tongue as gently as a mother handles a brand-new baby.

They tell me it's the Prince Albert process that cuts out bite and parch. Fair enough. I'll testify before the well-known world that P. A. is the coolest, sweetest, most genuinely friendly smoke a fellow can get on this planet. You suspect *that* the minute you throw back the hinged lid on the tidy red tin and get a whiff of real tobacco.

Now, I'm telling you to be fussy about your smoking. Many a pipe-smoker has fooled himself when he should have been soothing himself with P. A. I say it pays to be fussy about anything that means so much to a man. What do *you* think?

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.

PRINCE ALBERT

—no other tobacco is like it!

SPORTS OF WEEK

WASHINGTON COLLEGE DOWNS DOVER AND EASTON—OTHER NOTES OF SPORTING REALM

Last week we noted in this column that, is our mimd, Washington College, having beaten Easton and lost to Salisbury, was about on a par with the average Eastern Shore League. Since then, however, Washington has defeated both Dover, and Easton again, which certainly gives them a decided edge on the shore professional teams.

In an exhibition baseball game at Dover last Friday between Dover's new Eastern Shore League team and Washington College, of Chestertown, the Marylanders won the honors by the narrow margin of one run the score being 11 to 10 in favor of Washington College. Washington College's battery consisted of Bennett and Holland, while Dover had Smith, Watson and Walsh. The local collegians scored three home runs, made by Smith, Cavenaugh and Smoot. They made five errors and Dover one. Bennett for Washington College, struck out two men, while Smith, of Dover, fanned two and Watson one. The features of the game were the hitting of Smith, of Washington College, and the fielding of Maitland for Dover.

Washington College defeated the Easton club, Eastern Shore League, Monday afternoon by a brilliant rally in the eighth and ninth innings, by a score of 4 to 3. Perry, who recently shut out the University of Maryland nine, 8 to 0, failed to stop the onslaught of Kibler's batsmen, although holding them scoreless, and was relieved in the sixth inning by Carlton, former Baltimore Oriole twirler.

The Easton club scored twice in the sixth inning after Carroll had issued two passes and was touched for a three-base hit by Hohan with two men away. It was not until the eighth session, after Easton had added another marker on an error and a base on balls, that Washington opened her guns.. Dumschott started the inning with a bingle to right field. Fitzpatrick drew a pass. Cavanaugh fanned the air three times, but Smoot drove a line drive over second which eluded LaFleur and rolled to the right-field fence. Before he could retrieve it all three runners had scored, knotting the count at three all. Easton went out in one, two three order in the ninth Holland, first up in Washington's half of the last inning, hit safely into right field. Carroll walked and Dumschott sacrified both men. Fitzpatrick drove a hard one at Cather, who attempted to throw Holland out at the plate. McDaniels received the ball in plenty of time to put his man out, but dropped the sphere when Holland slid into the plate with the winning run. Carroll's work on the mound was of the best. He allowed four hits. The excellent work of Hiller, Easton second baseman, was outstanding.

Milk Trucks Subject To MotorRegulation s

Court Of Appeals Hands Down Decision Of Importance To Dairy Farmers

The Court of Appeals of Maryland has recently handed down a decision which is of vital importance to every dairy farmer in the state. This decision, written by Judge John R. Pattison, revenres a former ruling by Judge Ullman in the Circuit Court of Baltimore City which granted an injunction last December, restraining the States Roads Commission and Motor Vehicle Commissioner, or their agents, from arresting drivers of the Western Maryland Dairy, Inc., trucks for failure on the part of the owners to obtain permits from the Public Service Commission for the operation of any of its freight motor vehicles engaged in the transportation of milk.

The Court of Appeals ruling means that motor trucks which are operated by the Western Maryland Dairy Company, in conveying milk over the state highways from points in Western Maryland to its supply plant in Baltimore, are subject to regulation by the Public Service Commission of Maryland; that they are common carriers and that permits for the use of such trucks must be obtained from the Public Service Commission in accordance with the state law governing such prodedure.

The decision in this case which was rendered by Judge Ullman, of the Circuit Court of Baltimore and which restrained the state from collecting a franchise tax from the Western Maryland Dairy Company, was bitterly opposed by dairy farmers of the state and as soon as the matter was brought to the attention of the officials of the Maryland Farm Bureau Federation, they immediately entered the fight and employed counsel to represent the dairy farmers in the Maryland Court of Appeals and the victory contained in the verdict of the State Court of Appeals is the source of much gratification, primarily because of their having been able to help protect the interests of the dairy farmers of the state.

M. Melvin Stewart, Executive Secretary of the Maryland Farm Bureau Federation, has sent a letter to Hon. Thomas H. Robinson, Attorney General of Maryland, expressing the appreciation of the Farm Bureau and the dairy farmers for the splendid service rendered by himself and assistants in opposing the decision of the lower court.
