MAROONED OFF ROCK HALL.

While worried parents endeavored to locate them late Saturday night and early Monday, fifteen girls and their escorts, the latter members of a Baltimore high school fraternity, spent eight uncomfortable hours aboard a yacht stranded on a sandbar in the Chesapeake Bay off Rock Hall. The party of thirty, which started from Baltimore aboard the chartered yacht Geisha, expecting to return at 11 o'clock Saturday night, landed, a sleepy group, at Baltimore at 8 o'clock Tuesday morning. What was to have been a party of laughter, songs and a moonlight ride up the bay, was converted into a weary watch for the arrival of a welcome tide and the rising sun. This boat went on the sandbar off Rock Hall, after the members of the party had spent the early evening in that town.

McCormick-Deering

CORN PLANTER

There is a lot of satisfaction in knowing that every click of your planter drops an accurate count of healthy kernels into the soil at exactly the rigth depth. And this satisfaction is doubled and redoubled as the hills sprout, grow, and develop into a full-profit crop. You can give your corn this advantageous start only when you have a planter that you can rely on.

We are in especially good position to supply you with the right planter. McCormick-Deering proved constrution is at its best this year. After studying our new stocks carefully we want to say that we're mighty proud of the planters we have on hand this spring. We take our hats off to no one. Better come in and let us show you the outstanding advantages we can offer you in McCormick-Deering planters. Cultivators, to, don't forget that!

"Recollections of a Long Life on the Eastern Shore" has come to our notice. It is written by Mr. and Mrs. Joseph B. Seth, of Easton. The description of Bird Life, the trees and waters of our beautiful Peninusula makes it most delightful to all lovers of Nature.

—It is remored that a colored stocking factory will be started in Chestertown next fall if colored girls can be secured as operators. It is said it will require from ten to twelve girls to start with and the number will probably be increased to from 20 to 25.

—While attending a moving picture show in Washington, D. C., on Friday of last week Mr. G. Frank Clark was robbed of about $40. The wallet was removed from Mr. Clark's pocket the money taken out and the wallet placed back in his pocket.

—To the Alumni of the M. S. N. S at Towson you are invited and urged to attend the Alumni Meeting Saturday, June 12. Supper will be served in the beautiful new dining room of Newell Hall. Let's have every one back for a grand reunion!

EVELYN PEACOCK,
Chairman of Kent Co. Limit.

—Application of Emory V. Hogans for a permit to run a freight truck line from Baltimore to Church Hill by way of the Rock Hall Ferry, Rock Hall and Chestertown. was refused by the Public Service Commission. The order of the commission states that the public welfare and convenience do not require the proposed service.

—Governor Ritchie has appointed Dr. Joseph K. Shriver, of Cambridge, a member of the Board of Vistors and Governors of Washington College to succeed Albanus Phillips, of the same town, who has resigned on account of failing health. Dr. Phillips was one of the nominees of the Alumni Association for representation on the board.

The Torque Tube is a sturdy *backbone* for BUICK *quality*

It holds the rear axle firmly and staunchly in true alignment, regardless of road inequalities.

Twist and wear on the drive shaft and axle are eradicated. Two universal joints are unnecessary.

It would be possible, because Buick has the Torque Tube Drive, to drive a Buick from New York to San Francisco with all four springs broken.

The Torque Tube also seals the drive shaft from the dirt and wear of the road.

Look at the strength of the Buick chassis and make a comparison with competitive motor cars, before you buy your next transportation. You can see Buick's superiority with the naked eye.
