FROM PALETTE TO MORTAR BOARD

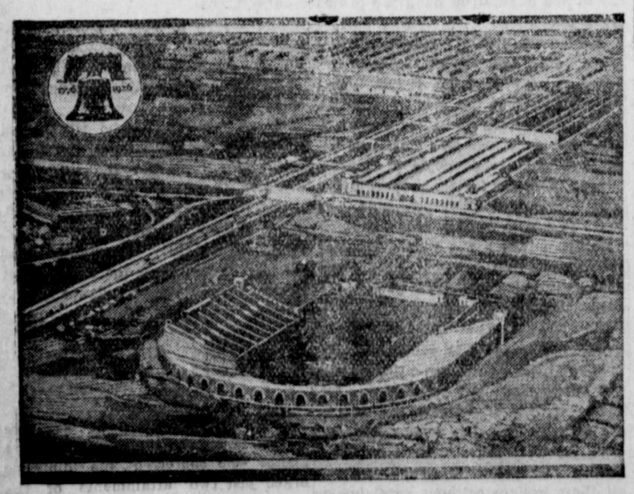

Young women artists turn from their jars of color and paint brushes to assist plasterers in setting ornaments in place atop huge pylons which adorn the main entrances to the Palace of Agriculture and Food Products, of the vast exhibition buildings which forms a part of the great Sesqui-Centennial International Exposition being staged in Philadelphia from June 1 to December 1 to celebrate the 150th anniversary of the signing of the Declaration of Independence. Climbing ladders and walking along rickety scaffolds is nothing new to these young ladies, but each time they do it they get a thrill.

SITE OF THE FIRST PHONE MESSAGE

Walter S. Gifford (left), president of the American Telephone and Telegraph Company, and Leonard H. Kinnard (right), president of the Bell Telephone Company of Pennsylvania and Associated Companies, are shown standing on the exact spot where Alexander Graham Bell first talked over his invention at the Centennial Exposition 50 years ago. In the background can be seen Memorial Hall, relic of the Centennial, and which is now being used as a museum. It was on this spot that Don Pedro, then Emperor of Brazil, met the 29-year-old inventor and exclaimed, "My God, it talks!" when he heard Bell's voice come over the wire. The exhibits to be staged by the organization these men represent will be one of the great features of the Sesqui-Centennial International Exposition, which opens in Philadelphia June 1 and continues to December 1 to celebrate the 150th anniversary of the signing of the Declaration of Independence.

THE SESQUI FROM THE AIR

An idea of the size and scope of the Sesqui-Centennial International Exposition, which will be held in Philadelphia from June 1 to December 1, to commemorate the 150th anniversary of the Declaration of American Independence, is given in this photograph. In the foreground is the great Municipal Stadium, which seats 100,000 persons. North of the stadium can be seen two of the vast exhibition buildings. The first is the Palace of Agriculture and the second the Palace of Liberal Arts. Opposite the latter building is the big auditorium, which seats 20,000 persons on a single floor. To the left of the stadium can be seen the world famous Indian building, the Taj Mahal.

Famous French Palace

St. Germain is near Paris, France. The palace here was begun by King Louis the Fat in 1124, and enlarged and embellished by his successors, especially by Francis I., Henry IV., and Louis XIV. After James II of England fled from the kingdom to France at the time of the revolution of 1688, he was housed in this palace and lived there a pensioner of the King of France until his death on September 16, 1701.

Medicine Cheap and Good

Here's a French physician who advises us to walk on the front of the feet, in order to stimulate the action of our lungs.

"Walk on the front part of the foot," says this Professor Amer, "at the rate of 120 steps a minute, with the head up and the calves stiffened, a quarter of an hour, morning and evening." This medicine, comments an observer, can be taken by anyone, costs nothing and is very beneficial.

COMMENCEMENTAT ROCK HALL

Commencement Week was inaugurated last night with a carnival on the decorated and illuminated High School grounds in which the pupils of the Elementary School were included, the children presenting a drill and dramatized Mother Goose rhymes in quaint costumes. The boys also did a drill that was a most creditable performance. There were dances by the various classes. Miss Margaret Jerome, one of the graduates, had been chosen queen for the evening, and a play brought much applause. The program was as follows: May Pole; Solo by Sarah Revelle; Crowning of the Queen, Elementary Play and Flag Drill, Garland Drill, Character Song, Danish Greeting, Mother Goose Rhymes, Clap Dance, Japanese Dance, Boy's Drill. Each number was generously applauded. The sale of a variety of things netted quite a nice sum. Friday the volley ball team and the champion racers and jumpers of the school will contest at Homewood for the honors of the state. Sunday Rev. C. L. Atwater, of Chestertown, will deliver the annual sermon to the senior class in the High School auditorium. Monday will be class night. Tuesday evening the junior class will hold a banquet in honor of the seniors. Graduating exercises will be held Thursday evening in Jr. O. U. A. M. Hall after the 7th grade has attended the exercises for them at Chestertown in the afternoon. School will formally close Friday for the summer vacation. A number of the graduates look forward to continuing their studies at higher schools and colleges. The roster contains the following names: Bernice Caroline Ashley, Helen Louise Ashley, Alice Catherine Ayres, Evelyn Catherine Chaires, Mary Etta Creighton, Blanche Viola Gustafson, Julia Margaret Jerome, Anna Thelma Moffett, Eunice Lorraine Thompson, Daniel Hadaway Thompson, Joseph Bernard Williams, Mamie Virginia Wood. The class colors are green and gold; motto: Out of the harbor into deep channels; flower: pink and white rosebuds.

CHILDREN'S DAY AT WESLEY CHAPEL

Wesley Chapel M. P. Church was filled Sunday morning when Children's Day exercises were held. The room was most beautiful decorated with flowers. The music is said to be the best ever heard there for such an occasion. The children seemed very happy to tell their friends of the loving Saviour and all He has done for them. They were carefully trained by Mrs. Hackett Moffett. The program was: Chorus "The Glorious King" choir; Prayer by pastor, Rev. C. L. Dawson; chorus, "All Hail, Creator," choir; exercise, "Welcome," Edna Marie Dierker; recitations, "A Greeting" by Earl Glenn; "Little White Daises" by Gladys Jacquette; "Beauty and Song Everywhere" by Agnes Joiner, "Special Greetings" by Leslie Clark; "Be Glad" by Edna Jacquette; chorus, "Flow, Flow," choir; recitations, "Come or Go" by William Carter, "If I were" by Elizabeth Dierker; "Two Gardens" by Bill Thompson; "A Little Word of Kindness" by Eva Carter; "A Wish" by Caroline Hadaway; chorus, "Sweet Summer Hours" choir; recitations, "Who But God" by Edna Shirley; "The Bird Song" by John Jacquette; "Welcome" by Nina Ford; "A Greeting" by Virginia Hague; "A Word of Warning" by Frank Ford; chorus, "Children's Day Song" primary department; recitations, "The Buttercup's Greeting" by Amy Lee Wilkins; "The Silence of the Woodlands by Elizabeth Ford; "My Gift to You" by Dick Jacquette; "The Lesson of the Honey Bees" by Anna Lee Hadaway; chorus, "Over the Fields," choir; recitations, "Christ and the Children" by Mildred Coleman; "On Time" by Robert Tucker; "God's Word Around Us" by Miriam Ford; exercise, "A Chain of Happiness" by six girls; recitation by Harold Jones; chorus, "The Love of the King," choir; recitations, "Adventure of a Smile" by Jean Leary; "Your Part in the Program" by Caroline Hadaway; address by the pastor; recitation, "A Children's Day Shower," by Rose Ella Leaverton; offering; chorus, "Tell the Tidings" choir; benediction by pastor.

READ THE TRUTH ABOUT KILLING INSECT PESTS

In the first place— don't pay a Big Price for an insecticide

WHY pay a big price for an insecticide or buy expensive spraying apparatus when so little as 25c buys a generous size of Bee Brand Insect Powder—sufficient to rid your home of insects, or to prevent insects invading it for a long time to come. Bee Brand Insect Powder is not only a most effective insecticide, but it is also the least expensive.

Bee Brand Won't Explode

You can use Bee Brand Insect Powder anywhere, near an open fire or flame of any sort, without danger. It will not explode nor is it easily inflammable. An insecticide that is explosive, or highly inflammable is a menace — a *fire risk.*

What of the Plants?

Dare you apply your present insecticide to plants? If you wish to remove insects from plants or flowers, or if you wish to use Bee Brand in a room where plants and flowers are, have no fear. It will not harm them. Bee Brand is non-poisonous. Dust it or sprinkle it on your pets and domestic animals. It will not harm them. *Eat it if you wish* —it will not hurt you.

How Much Apparatus

None is necessary. If you prefer to use the little puffer gun, the cost is only 10c. Blow Bee Brand Insect Powder from a piece of paper. It floats in the air and its fine particles kill Flies, Mosquitoes, and Moths. Dust it in cracks and crevices, or about the furniture, it kills Roaches, Water Bugs, Fleas, Lice and Bedbugs.

Settle It Once and for All

You know what kind of soap serves you best. Modern sanitation has made insect powder as necessary as soap. If you have never used Bee Brand you have not yet found the most effective and least expensive insecticide. Order it by name and insist on getting it.

In red, sifting-top cans at your grocer's or druggist's. Household sizes 10c and 25c. Other sizes 50c and $1.00.

If your dealer cannot supply you, send us 25c for large household size. Give dealer's name and ask for our free booklet, "It Kills Them", a guide for killing House and Garden Insects.

McCormick & Co., Baltimore, Md.

Farmers, List Your Repair Needs

It would be hard to find a farmer who at some time or another had not lost valuable time waiting for necessary repair parts. Take this territory and total up the time lost in this way and it will astonish you. And all because repairs are not ordered as early as they should be.

There is no better time than right now—just before the busiest season on the farm—to go over your machines carefully, make a list of repairs you are likely to need and send it to us. With this list in our hands, we can order our stock so as to be prepared to meet every call promptly.

Repair part service is a necessary part of our business. We realize what it means to you in time and money to get what you need at once. Help us to help you by making up your list now and sending it in to us.
