

How far do you intend to drive *your* CAR?

Don't judge a motor car by its first 10,000 miles.

Almost any car will go that far in a fairly satisfactory fashion.

The miles from then on will show you the difference between Buick and a lot of other cars that sell for the same money.

Buick cars are built for future, as well as for present use. Big volume makes it possible to build them without a quality compromise, and still keep the price low. Come in and look them over.

THE TWINE FOR YOU!

Two Balls Fill Any Twine Can

Guaranteed for Length Strength Weight

Treated Against Destruction By Insects

Now is the time to buy your twine—while we can enter your order for any amount and be sure to make delivery. To make a reservation now on the basis of two pounds to the acre does not obligate you, but it does protect you and assures your getting every pound you need. And that's worth a lot at harvest time!

You've always known Harvester twine to be of unquestioned quality, and you've doubtless found the "Big Ball" winding (with the patented cover) a real convenience. Choose one of the Harvester brands this year for genuine twine economy and twine satisfaction! Now is the time.
