

You can pay more—but there is no better

REGARDLESS of how much you pay, no other cigarette is so satisfying as a lighted Camel. No other is so good, so full of quality through and through.

No other cigarette ever made such a hit with the world as Camel. Millions cheered the arrival of this famous cigarette—because of its ever-dependable quality. Camel is overwhelmingly the world's favorite smoke.

Camel championship lasts through the years, because for satisfying pleasure, for downright enjoyment no other cigarette is within a mile of Camel. It's simply impossible to smoke enough Camels to tire the taste. They never leave a cigaretty after-taste.

And mere money has no voice in Camel preference. Millions who could easily afford to pay the highest price, buy and smoke only Camels. In all walks of life, "Have a Camel" is recognized as quality password to the utmost in cigarettes.

We invite you to try Camels. Into this one brand the world's largest tobacco organization puts the utmost that money can buy. If you want the tastiest smoke that ever came from a cigarette—

Have a Camel!

Farmers, List Your Repair Needs

It would be hard to find a farmer who at some time or another had not lost valuable time waiting for necessary repair parts. Take this territory and total up the time lost in this way and it will astonish you. And all because repairs are not odered as early s they should be.

There is no better time than right now—just before the busiest season on the farm—to go over your machines carefully, make a list of repairs you are likely to need and send it to us. With this list in our hands, we can order our stock so as to be prepared to meet every call promptly.

Repair part service is a necessary part of our business. We realize what it means to you in time and money to get what you need at once. Help us to help you by making up your list now and sending it in to us.
