NESCO
OIL COOK STOVE

Cut Your Fuel Bill

"Our fuel bill was entirely too high so we bought a Nesco Oil Cook Stove. Since then our fuel bills have been cut in half."

That's what one owner wrote about her Nesco, **because one gallon of oil will supply one burner for twenty-five hours.** A few cents a day is all it costs to prepare three meals. Uses kerosene—but burns gas.

You really cannot afford to deny yourself the economy and pleasure this stove will bring to you.
