Chautauqua Sessions
BEGAN THURSDAY

Fifteenth Year For Chestertown In Swarthmore Movement

For the fifteenth consecutive year the brown tent of the Swarthmore Chautauqua Association was erected in Chestertown Thursday, August 26 for the annual "seven joyous days." When Dr. Paul M. Pearson, began his Chautauqua movement, Chestertown was the first town in which a Swarthmore Association program was rendered. That was fifteen years ago and the movement has grown to many times its original size.

The tent will be erected on the lot on Calvert street with the entrance opposite the Elementary school playground.

The program this year is one of many unusual features. We print it below. Clip it for future use.

Farmers, List Your Repair Needs

It would be hard to find a farmer who at some time or another had not lost valuable time waiting for necessary repair parts. Take this territory and total up the time lost in this way and it will astonish you. And all because repairs are not odered as early as they should be.

There is no better time than right now—just before the busiest season on the farm—to go over your machines carefully, make a list of repairs you are likely to need and send it to us. With this list in our hands, we can order our stock so as to be prepared to meet every call promptly.

Repair part service is a necessary part of our business. We realize what it means to you in time and money to get what you need at once. Help us to help you by making up your list now and sending it in to us.

Camel—the greatest tobacco word of all time

NEVER in the history of smoking has there been such a cigarette as Camel. No other cigarette was ever made welcome in so many millions of homes, because no other ever brought so much enjoyment to smokers.

When Camels came into the world they brought an entirely new sense of smoking satisfaction and contentment. Millions who have tried them all, who could well afford to pay more, will smoke only Camels. Camels on the table mean that this is the home of experienced smokers.

Camel is the world's favorite cigarette. Camel is given a greater patronage than any other cigarette ever had. Why? Because Camels contain the choicest Turkish and Domestic tobaccos grown. Because Camels never tire the taste, no matter how liberally you smoke them. Because they never leave a cigaretty after-taste. The world's largest tobacco organization puts the utmost quality into this one cigarette.

If you want the mellowest mildness that ever came from a cigarette, try Camels. Regardless of what you are willing to pay, you will find in this famous smoke every fine feature you ever looked for in a cigarette.

Have a Camel!
