THE FINAL APPEAL

AS A FINAL APPEAL to the voters of Kent County at the primary election to take place Tuesday next, Sept 14, we suggest that they carefully consider the personnel of the two tickets and the issues involved before casting their ballots. The candidates of the two factions of the Democratic party are before you on the ballot that is published in this issue of this paper. You will also find published on the first page of this paper the declaration of principles for which the Copper candidates stand. This declaration of principles is in reality the platform upon which that wing of the party stands. Their platform is sound, reasonable and fair and should, we think, appeal to the people of this county. There is, as usual a lot of political propaganda being spread throughout the county to catch the voters who do not take the pains to investigate the real truth of it. The tax-rate seems to be the principle issue upon which the opposing faction is relying to catch the innocent voters. The tax question has been and will forever be a question that will be kicked about like a football for political purposes. Voters don't be deceived by the tax-rate propaganda, for it is propaganda pure and simple. To our personal knowledge large sums of money that should have been provided for in the past levy were left out and are carried over to be provided for in the levy next year, upon which six per cent. interest is being paid. We could write columns on the tax question but we are going to leave that with the above remarks, to the voters. We have contended from the beginning of this campaign that Senator Copper is entitled to renomination for the State Senate and we still contend we are justified in our contention by all former precedents of political expediency. Senator Copper is a man of good and sound judgment; he is conservative and safe and his past record is before you. In the name of all that is fair what more can the voters of the county ask; what more can they expect; what more can any man give. The question is now before and up to the voter. This is our last opportunity to speak to you, voters of Kent County, and we confidently expect on Tuesday next that you will return Senator Copper and his associates a verdict of acquittal from the propagranda that has been unjustly spread against them.

Three figures which mean extra motor car value

Buick motor cars are now designated by their wheelbase lengths. Series One Fifteen has 114½ inches of wheelbase. Series One Twenty is 120 inches from axle to axle, and Series One Twenty-eight measures 128 inches.

Many cars, several inches shorter than Buick and without advantages offered by Buick design, are priced considerably higher.

Compare the wheelbase length of other cars to Buick, before you spend your money.
