In school or out... youth demands *style*

Some youth very dear to you is about to enter a new world. It may be the girl or boy who first proudly crosses the portals of high-school: it may be the new college man or woman, or perhaps the college graduate ready to share the burden of the world's work.

In any case, only one gift will suffice. For time has wisely approved the giving of a watch both to commemorate and make more efficient these all-important days.

Be sure, however, that the movement you select is fitted in a modern case, for youth and style go ever hand in hand. Our showing includes the newest creations by Wadsworth—the acknowledged style leaders in the dress of fine watches.
