DEMOCRATIC

MASS MEETING

At Millington

MONDAY NIGHT, OCT. 25, '26

AT 8 O'CLOCK,

Commegys' Hall.

Both Ladies and Gentlemen are cordially invited.

Come and hear the issies of the campaign discussed by the Democratic candidates and others.

A NUMBER of Democratic meetings will be held throughout the county, and while complete arrangements have only been made for two, the others will be announced later. The two arranged for are Comegys Hall, Millington, October 25 and Mechanics Hall, Rock Hall, Saturday, October 30. We hope that a large number will attend these meetings.

HOG KILLING TIME is drawing near, and Kent hog raisers should take every precaution against Hog Cholera. It has been proven that over seventy-five per cent. of the cases of Hog Cholera in Kent county are caused by feeding hogs garbage that contains infected pork. The remaining causes can generally be summed up to the buying of hogs that are already infected. If these two causes can be eliminate Hog Cholera would almost pass out of existance. If it is necessary for farmers to feed their hogs table scraps, let them be surethat no pork scraps are thrown into the garbage pail. Be sure that the hogs you buy are free from the disease, and it will mean hundreds of dollars added to the pockets of Kent farmers. Hog meat is one of the important crops as it is the man stays of the winter food supply, aside from the cash received from the sale of sausage and ham. The above remedies require no cash outlay and may eliminate Hog Cholera in Kent county. It is worth trying.

T. ALAN GOLDSBOROUGH

It is our pleasure and our privilege to call the attention of our readers to the candidacy of the Hon. T. Alan Golsborough for congress from this congressional district. It is, in an our oponion, a privilege not often afforded the voters of any congressional district the opportunity to vote for a represenative of the qualifications for filling the office possessed by Mr. Goldsborough. His record is one to be proud of. Mr. Goldsborough has studied the needs of the people of this district and has been zealous in his efforts to procure such legislation as was needed for their best interests, and if elected on November 2, as we confidently expect him to be, you can depend upon him to do his full duty in the future as in the past. He has been regular in his attendance at the sessions and has gained the confidence of his fellow members in congress. His Republican opponent is Senator Towers, of Caroline county, a gentleman of whom we have no personal cirticism, but we believe the interests of this district can be best served by Mr. Goldsborough as his experience and keen knowledge of congressional work best fits him as a representative of our people and we believe and contend that it would be a mistake for the voters of this district to defeat Mr. Goldsborough on November 2, as his past services justify his return.

HON. MILLARD E. TYDINGS

Good roads are some of the things Mr. Tydings, the Democratic candidate for United States Senator is advocating and which are very close to the wishes of the people of this state. The following is an extract from a speech made in congress recently by him on "Good Roads:"

"Mr. Speaker, there is no expenditure of the public moneys which does as much to promote the prosperity, welfare, and comfort of the people as the money to extend the good roads system. This is one expenditure that the people all over the country do not wish to see cut down. They want the good road system to be further and further extended. And they are, in my judgement, guite right about it.

"No small amount of general prosperity has come to this Nation because of the good roads that have been built across and through the States. Think what it means to the family living on unimproved sections of roadway to be able to get out of the mud and to have an improved roadway upon which to transport goods, farm products, lumber, and the like. Good roads mean added value to the lands adjoining them, quick and easy transportation of man and the riddance of dust, access to market, means of visiting cities and towns or his neighbors, a prompt response to a call for the doctor, quick mail delivery, pleasure for the family, and many other benefits.

"The people may rightly question the appropriation of large sums for many other purposes, but they do not want at this time any let-up in the further extension of the good roads system. They have seen the benefits flowing from good roads and they rightly want more of them. Cut down, if cutting must be done, on other matters, but do not impair the building of good roads, for in no other appropriation will you give the people as much as in the money we appropriate for good roads. Money so spent is well spent and can not be better spent."

—Contractors are laying cement on the road to Worton, connecting with the state road at Hopewell. When completed this will be a big convenience to the people living at Worton and vicinity.

DECLARATION OF PRINCIPLES

The following resolutions were adopted:

We, the representatives of the Republican party of Kent county, Md., in conventon duly assembled in Chestertown, Md., Sept. 25th, 1926, for the purpose of nominating a ticket to be voted on in the approaching November Election, do hereby subscribe to the following declaration of principles.

First of all, we believe that the paramount issue in this campaign to be law enforcement.

We therefore give our unqualified endorsement to the 18th Amendment and the Volstead Act. Since the passage of this law we as patriotic citizens of this great state have been made to feel most keenly the disgrace that has come to us as a result of the failure of officals both high and low who took a solemn oath to uphold the constitution, of both state and nation, but who have deliberately winked at the open violation of the law. Upon two occasions Gov. Ritchie has served notice upon the President of the U .S., that this law can not be enforced in Md. The logic of this statement is one of two things. First: that the U. S.G overnment is powerless to enforce its own laws, a position which no intelligent, self-respecting man can believe and admit. Second: that it shall not be enforced, which position is nothing short of anarchy. And all intelligent people of Kent Co., know that the attitude of our Governor has been reflected in the attitude of our local enforcement officers.

For even should we grant local officers are not obliged to enforce the Federal law, they surely are bound by their oath of office to enforce the State and County laws against the sale of intoxicants, which laws were not repealed by the passage of the 18th Amendment.

It is with shame that we have to confess that the bootlegger has been made to feel that he is immune to prosecution in Kent County.

In the second place: We give our hearty endorsement to the Corrupt Practice Act of the State. It is current report that at the recent primary election held on the 14th day of Sept. 1926, there was a wholesale purchase of the electorate in practically every precinct of this county.

And, we the Republican party of Kent County do hereby pledge the people of the county that we will not spend one dollar in the approaching general election for the purpose of corruption. We also assure the public that in nominating a ticket we have exercised special care that each candidate chosen is in perfect sympathy with this declaration of principles.

In the third place: We feel that men entrusted with the business of the levy court should by all means be men of property and large business experience. We pledge the tax payers that if our party be put in control of this branch of our county government there shall be an honest and economical management of our fiscal affairs.

In conclusion, in presenting these principles and in naming these candidates for the offices to be filled in the Nov. election, we make our appeal to all good thinking people of Kent County to put their conscience above their party, and help us redeem our beloved county from a condition which is deplorable beyond our power to describe.

ROBERT R. HILL, Treasurer.
