THE LAST APPEAL

On Tuesday next, November 2, the voters of this State and County will have the apportunity to register their votes for the candidates for our State and our County. The contest is now between the Democrats and the Republicans. We appeal to every Democrat in this county to go to the polls on Tuesday next and vote the entire Democratic ticket. As we see it there is nothing to be gained by any Democrat voting for a Republican. The record of the Democratic party for the past 50 years to our personal knowlege has been far superior to the record of the Republicans during their two or three administrations of our State and County affairs. Our present Governor in the only Governor of this State who has ever succeeded himself. He has given to the State his undivided attention and his administraton has been one of progress. He has brought our schools and other Educatonal instrtutions to a high degree of efficiency. He has put the State in the forefrunt of other states of the union; then why not vote for him instead of a man who has done nothing to recommend him for the Governorship of this grand old State of Maryland. Our county ticket is composed of men who won their nomination at the primary on September 14. As far as we can learn they won in a fair and square contest as primary fights go, and they deserve your votes on Tuesday next. The readers of this paper well know we did not get all the candidates nominated we supported, but had they been nominated we would have expected the voters who voted against them in the primaries to support them in the general election, then in all common sense reasoning, why should any Democrat vote for a single Republican on Tuesday next. We believe in playing the political game according to the rules—we believe that the best administration of our affairs comes from the Democratic party; we believe the past shows it, and we therefore ask every Democrat in this County to vote for every Democrat on the ticket on Tuesday next and place Kent county in the Democratic column where it belongs. The full Democratic ticket is at the head of this column.

MILLARD E. TYDINGS, Democratic candidate for United States Senate, is a young progressive man, a forceful speaker, a man well informed as to National affairs, having served as Congressman from the second Congressional District for a number of years. He served as Lieutenant Colonel during the late war, is an Engineer and Lawyer. Mr. Tydings has risen rapidly in political favor in the State. His opponent, Mr. Ovington E. Weller seeks re-election, and from our observation, his past record in the United States Senate is not one to justify re-election. Mr. Weller has acted in the capacity of an honorary member of the Senate, attending sessions when convenient and absenting himself when matters of great importance to the State were voted upon. We need young active men, such as Millard E. Tydings in the United States Senate and as Kent county is a Democratic county is should give Tydings a large majority.

DECLARATION OF PRINCIPLES

The following resolutions were adopted:

We, the representatives of the Republican party of Kent county, Md., in conventon duly assembled in Chestertown, Md., Sept. 25th, 1926, for the purpose of nominating a ticket to be voted on in the approaching November Election, do hereby subscribe to the following declaration of principles.

First of all, we believe that the paramount issue in this campaign to be law enforcement.

We therefore give our unqualified endorsement to the 18th Amendment and the Volstead Act. Since the passage of this law we as patriotic citizens of this great state have been made to feel most keenly the disgrace that has come to us as a result of the failure of officals both high and low who took a solemn oath to uphold the constitution, of both state and nation, but who have deliberately winked at the open violation of the law. Upon two occasions Gov. Ritchie has served notice upon the President of the U .S., that this law can not be enforced in Md. The logic of this statement is one of two things. First: that the U. S.G overnment is powerless to enforce its own laws, a position which no intelligent, self-respecting man can believe and admit. Second: that if shall not be enforced, which position is nothing short of anarchy. And all intelligent people of Kent Co., know that the attitude of our Governor has been reflected in the attitude of our local enforcement officers.

For even should we grant local officers are not obliged to enforce the Federal law, they surely are bound by their oath of office to enforce the State and County laws against the sale of intoxicants, which laws were not repealed by the passage of the 18th Amendment.

It is with shame that we have to confess that the bootlegger has been made to feel that he is immune to prosecution in Kent County.

In the second place: We give our hearty endorsement to the Corrupt Practice Act of the State. It is current report that at the recent primary election held on the 14th day of Sept. 1926, there was a wholesale purchase of the electorate in practically every precinct of this county.

And, we the Republican party of Kent County do hereby pledge the people of the county that we will not spend one dollar in the approaching general election for the purpose of corruption. We also assure the public that in nominating a ticket we have exercised special care that each candidate chosen is in perfect sympathy with this declaration of principles.

In the third place: We feel that men entrusted with the business of the levy court should by all means be men of property and large business experience. We pledge the tax payers that if our party be put in control of this branch of our county government there shall be an honest and economical management of our fiscal affairs.

In conclusion, in presenting these principles and in naming these candidates for the offices to be filled in the Nov. election, we make our appeal to all good thinking people of Kent County to put their conscience above their party, and help us redeem our beloved county from a condition which is deplorable beyond our power to describe.

ROBERT R. HILL, Treasurer.
