The Federal Land Bank

has loaned to the farmers of Kent and Queen Anne's Counties more than $275,000 at an annual rate of interest of 5½ per cent plus 1 per cent for an amortization payment for the purpose of reducing the principal loan.

It is true that the bank requires the borrower to purchase a certain amount of the stock of the Federal Land Bank but it pays an annual dividend of 7 per cent. on this stock which reduces your interest rate to about 5 1-3 per cent. per annum.

No other Bank is as cheap. Call and let me talk over the matter of a loan with you.

The Tragedy of Broken Toys

When the last greeting of "Merry Christmas" has faded away the toys on the floor are already being forgotten. Battered and broken they have outlived their usefulness. By all means give the children toys—it's part of their lives—but also give them something substantial. Such as a Savings Account.

The worthwhile lesson of thrift is thus instilled into youthful minds. And who can deny its value? So this Christmas, along with the trains and dolls, hang one of our bank books on the tree. A dollar opens an account and we'll put forth special efforts to help the children save.
