THE TRANSCRIPT

MANY complaints are being heard about our county dirt roads. The roads are always in bad condition at this time of the year when freazing and thawing take place. The only way dirt roads can be kept in good passable condition during the winter months is by giving them a good gravel or oyster shell coating before the freazing and thawing of the winter takes place, and this would be rather an expensive proposition.

ARRESTED FOR HAVING LIQUOR

Joshua Gaines, colored, of Piney Neck, was arrested this week under the gallon a month law and given a hearing before Magistrate Stafford who found him guilty and imposed a fine of $65.00 and costs. Gaines took an appeal and is held under $200 bail for the action of Circuit Court at the April term. Gaines was arrested on the Rock Hall Ferry wharf as he came off the ferry boat. He had a valise with him, and when told by officer Jester that he was under arrest, kicked the valise overboard. It lodged on a cake of ice and when rescued was found to contain two gallons of whiskey.

(COMMUICATED)

WHO IS WILLING TO HELP OUR VOLUNTEER FIRE CO.?

Just a few hints as to what the boys have to endure can be best appreciated through the destruction of the home Thursday night, January 27th, of Mr. Wroth Stavely and Mr. Price at Lynch, Md.

They left promptly with from 10 to 12 men aboard the Pierce-Arrow truck, but loss of time was occasioned by the rough road from the state road to Lynch.

With lack of water they were only able to hold in check the fire from further destruction and with the help of the Penna. R. R. Co., who furnish 2000 gallons from their passenger train and 7000 gallons from their freight engine, which was despatched upon arrival of the passenger train.

Had it not been for the water furnished by those engines can any person tell what would have happened? one verson is the entire plant of Stavely & Bowers would have been destroyed and the entire village threatened.

Now as to the willingness to help, just remember not only money helps, but the lack of criticisim is worth more to men who give their services free than one harsh word, and this is just what this Chestertown Company asks.

They further asks that all protection be looked after by the owners of property, in that their chimney's are kept clean, that they see that the pipes leading to the chimineys are in good shape, well secured with wire and not allowed to pass through wood partitions before entering the chimney.

This Fire Company have now on hand a Fire Extinguisher which has been adopted by the U. S. Government for their Air Planes this should speak for itself. It will check and smother out a chimney fire and in close quarters will do likewise.

The price of same is $10.00 and it may well be said that this amount of money can be spent this way to save many thousand of dollars at various times. Buy one, they can be seen at the store of Mr. A. L. Sparks, Chestertown.

The boys reached home between 10.30 and 11 . m., cold and hungry. Well there other buddies were on the job and had hot coffee and sandwiches to welcome their return, and right here let it be stated we are going to get another machine very soon, It will be called the Ladies Auxiliary, they will be on the job in cases if this kind and we feel sure will be of much benefit.
