THE OPPOSITION of the watermen of the tide-water counties of the state to the proposed Conservation Commission's Fish and Oyster bill, which is now before the Maryland legislature, has caused Senator Withgott, of Talbot County, to call a meeting Monday night of the Senators of the tidewater counties of the state to agree upon some constructive plan in the oyster situation to be presented to the Governor. The Conservation Commission's bill now before the legislature is being vigorously opposed by the watermen of the state.

PARENT TEACHER'S ASSOCIATION

The Baltimore Sun of January 23 states that Parent Teachers Associations are on the increase throughout the Counties. This means that the existence of the movement as a whole is justified.

Do you know what your own P. T. A., is trying to do, and what it has accomplished in the past few years? Can you imagine a Rally Day, that day that is the school children's own, being a success without the co-operation of the P. T. A.? Do you know that in the past years the members of the Association have worked hard to earn hundreds of dollars to be spent in keeping the sanitary conditions of the Elementary School up to a standard that has meant protection from disease, for the child? Do you know that the P. T. A. strives to supplement the work of the School Board in bringing to the child in school such things as are requisite and desirable?

This year the P. T. A. has been instrumental in securing the fine new shades for the Elementary School, and has actually purchased fourteen of them.

And has made possible the Library which the school children have so long desired.

The P. T. A. earnestly considers every request made by a teacher for her own room, or by the teachers as a whole for the school and stands by to help whenever practicable.

The P. T. A. encouraged by Mr. Robinson and Miss Woodley and with the assistance of Mrs. Parks the Principal, is trying to put itself and its aims before the public, by sponsoring entertainments of an educational nature, which are free to the public.

The Parent Teachers Association of Chestertown needs your help.

PUBLIC SALE

JOHN JESTER, Auctioneer.

THANKS, MR. MENCHEN

The Evening Sun of Monday, Jan. 31, contains another verbal comic sheet, which is quite a relief from the usual 'Mut and Jef,' 'Nebs,' Jiggs and Maggie" etc. It is about the Eastern Shore and is written by H. L. Menchen the would-be-comedian who is giving Bud Fisher a run for his money. It is a well written, humorous, good joke a typical amusing bed-time story that is forgotten in the morning, although it contains valuable publicity for the Shore. In this amusement craving age it is necessary to include music or humor in publicity in order to get it across and Mr. Menchen has done well with his article.

Early Chicks

will PAY You

this year

EVERYTHING points to a wonderful season for poultry this year. Breeding stock is in fine shape—Eggs are hatching well and the chicks we are hatching are unusually strong and of excellent quality. It will pay you to get your chicks out early this year. Every one should take advantage of the season and get their chicks or have their custom hatching done as soon as possible.

WHY EARLY CHICKS PAY

Early chicks pay because they are easy to raise and grow rapidly. They make fine broilers which bring high prices. The pullets mature early and start laying in October and November when eggs are high. You also have 5 or 6 pound chickens to sell in August and September and get out a second lot of chicks in May.

Place your order now

Whether you want your chicks in February or March you should place your order NOW. They will cost you no more and you will be sure of getting the best stock.

Order from this price list

Special price when chicks are called for at hatchery.
