The Man We Want To Sell Our Bonds

THE MAN WE WANT TO SELL OUR BONDS is about 30 years of age, or older; preferably married. He has had experience, but has not yet found the line of business he is willing to make his life work. He is, above all, a man of character and stability, ambition and the energy to carry through.

Such a man will make a favorable impression at the first interview and to such a man the proposition with an old-established New York investment banking house will offer such attractions, on our liberal commission basis, as to make him put forth his best efforts to get it. The applicant must give complete information about himself in a letter asking for an interview. Applications will be held in confidence.
