CLARA BOW PLAYS COMEDY ROLE IN "GET YOUR MAN" AT THE ARCADIA, WILMINGTON

Anyone so antiquated as to think that the man always exercises the right to choose his wife, should see Clara Bow's picture 'Get Your Man' which is a direct refutation of such an idea, and an amusing denial throughout.

The film "Get Your Man" is at the Arcadia Theatre, Wilmington, for the entire week of January 23rd and the pretty red-headed little Clara carries honors throughout its vivacious performance.

The story, not heavy with dramatic situations, but sprightly with its effervescent comedy, tells of the determination of a pretty young American girl who fell in love with the youthful scion of a revered French family and decides to marry him despite the fact that he was engaged since he was five years old.

Charles, sometimes known as "Buddy," Rogers has the lead opposite Clara. This handsome youth, personable and charming, is one of the new sensations of the screen and is happily cast in "Get Your Man," being the man who is "got."

IF YOU DO NOT ENJOY GOOD HEALTH

Read Every Word Below

Would you spend three dollars to locate the CAUSE of ill-health, and to learn why you continue to suffer? No one can deny what is shown on an X-ray picture—it reveals true conditions as they exist. Have you ever considered having an X-ray examination made to locate the cause of your ill-health or suffering? You realize X-ray examinations are expensive, costing from five to twenty-five or fifty dollars. But, I am offering to take a full size X-ray picture of all new patients, consulting me before February 4th, for only THREE DOLLARS. You realize this health offer is unusual, so don't procrastinate, decide to come in now for an X-ray examination, and get started on the right road to health. Teeth will be X-rayed for two dollars for one film. Sometimes infected teeth cause such conditions as neuritis, rheumatism, arthritis, neuralgia or other symptoms. An X-ray will invariably locate infected teeth—don't guess about your teeth—have them X-rayed now. If you have stomach, liver, kidney, bladder or intestinal trouble and no treatment seems to get you well, come in and have an X-ray examination made, and get started on the road to health.
