SPORTS OF WEEK

WASHINGTON COLLEGE DEFEATS LOYOLA—OTHER NEWS OF SPORTING REALM

BY POLK T. BRAMBLE

A good crowd of local fans visited Baltimore Saturday and saw Washington College somewhat easily defeat Loyola College at basketball, the score being 41—24. Loyola is always considered Washington's strongest rival for state honors.

The game was fairly even for the first fifteen monutes. Then Washington began to draw awdy from Loyola, the first half ending by Washington leading, 22—14. But eventually the quick, short passing game of the local collegians began to tell as members of the quint slipped through and scored from under the basket. Despite occasional interception of passes by individuals in Loyola's five-man defense, Washington steadily increased its margin until Coach Kibler decided to give his reserves a chance in the last three minutes of the second half. When the regulars, including Capt. Bobby Cavanaugh and Skimp Carrington, the game's high scorer, went off the floor the score was exactly doubled at 40 to 20.

At about the same time Coach Pat Miller, of Loyola, realizing that the game was lost, decided to do some experimenting and withdrew most of his regulars, including Capt. Frank Dudley, who as usual had been the star for his team. However, Cavanaugh, the man who in Washington's man-for-man defense had been delegated to watch Dudley, had given the Loyola ace one of the most strenuous evenings in his college cage career.

Carrington, Giaritis, Dopson and Cavanaugh all played great basketball, while Usilton and Jacobs did equally well at center.

Letter men of the 1927 Varsity squad of the Washington College football team have been presented with sweaters by the athletic association in recognition of their victory over St. John's College, ancient rival of the Shoremen, in their first gridiron contest in several years.

The presentation was made in connection with the formal opening of the Varsity Club. Coach Philip Brown made the presentation and the sweaters are maroon in color with a black "W".

It is now planned to match Tunney and Dempsey again in New York for fifteen rounds. There seems to be no doubt that these two will fight again. Dempsey will draw the crowd, with his colorful fighting, while Tunney, by virtue of being champion will naturally draw the money. However, both of them will get about ten times what they will be worth. Dempsey, who is about 50 per cent. of what he once was, and Tunney, who never was a real champion and never will be, will furnish, however, about all that is worth seeing in the heavyweight realm for sometime to come, unless Tommy Loughran can gain some weight, and a punch that would know over a sick dog, or Jack Delaney will make up his mind to get into condition and do some real fighting, which he is capable of doing when he has to.

Suggestion that the University of Chicago invite the West Point football team to play in Chicago in November on the date made open by the break between West Point and Annapolis was made recently by Representative Henry R. Rathbone, Illinois. Writing to Max Mason, president of the University of Chicago, Mr. Rathbone said:

"It seems to be generally understood that there will be no Army-Navy football game this year. I am informed that the Navy is about to make arrangements with Princeton University for a game on or about November 24, 1928."

Chestertown High School is in the race for the State basketball championship, which will be run off in county groups. Local scholastic basketers will make a determined bid in the Eastern, Shore eliminations, which will decide the Shore championship and at the same time pick the opponent for the Western Shore champs in the finals to be staged later.

Since Chestertown is the only team to enter the race from Kent county, local tossers are at least assured of a place in the semi-finals on the Eastern Shore. The one game lost has been to the Seaford, (Del.) quint, which rates high in Delaware interscholastic sports.

The ofotball feeling in the way of rivalry between the two service schools is intense. There is no such feeling between West Point and Yale or Navy and Michigan, for example. And so long as they feel that way about affairs it is a mistake to crowd them into a contest. No two institutions should meet at football unless there is a feeling of friendliness and good will on both sides.

Recently some fanatic golfers of the country took up a collection and presented Bobby Jones with $25,000 with which to purchase a house. Bobby Jones, with true sportsmanlike spirit, returned the money. If this same crowd had been asked to contribute a like sum toward a home for orphans how much do you suppose they would have willingly given?

Washington College will play St. Joseph's on the local floor tonight, (Saturday.) Last night the local collegians played St. Johns at Annapolis.

The weekly boxing bouts at Centreville have been drawing fight fans from all parts of the Shore and many Kent county fans are reguar attendants at the weekly bouts.

Due to the ever increasing interest being shown in these fistic contests the Centreville Athletic Club has made arrangements to hold the bouts in the new Centreville armory with a seating capacity of 1200.

Due to the time that will be consumed in making the change there will be no fight tonight, Saturday, but a record program has been arranged for the opening of the new arena on Friday, January 27th.

The main bout will probably be between K. O. Lister, heavy-weight champion of the Eastern Shore, and Willie Ptomey, heavy-weight champion of the Army, Navy and Marines. Ptomey was a sparring partner of Gene Tunney while he was training for his fight with Dempsey.

Our own Bill Parrott is in charge of the arrangement of these fights and is largely responsible for the success of the bouts at Centreville, Bill, while not a fighter himself, probably because he cannot find anyone his size, is a side-line fighting artist and can be seen just outside the ropes when the boys are in action.

HOME DEMONSTRATION NOTES

Stewart-Warner Radio Wins Two Grand Prizes in Italian Contests

In Italy, land of Marconi, inventor of radio's predecessor, the wireless telegraph, an American built receiver, has twice carried off the honors in competition with every leading European and American brand. The Grand Prize at both the Gonzaga and Padova Fairs was awarded to a well-known radio, built in the United States, in a contest judged on the basis of performance and beauty.

An indication of the extreme values in radio, available to American buyers, is the fact that this receiver, manufactured by the Stewart-Warner Speedometer Corporation, of Chicago, sells in the United States for a nominal price, while many of the competitive European makes entered in the contests sell for extremely high prices.

Unquestionably the American radio fan is fortunate. In America, the land of free speech and free radio programs, a tax on radio sets is unknown. But in many countries across the Atlantic, radio listeners must pay an annual fee to their governments for the support of broadcasting.

In addition, the United States has not only outdistanced European nations with an overwhelming number of excellent broadcasting stations—but in the production of finer receiving equipment, selling at prices that, to our Continental cousins, would seem ridiculously low.
