The sum-total of pipe-joy

IF YOU could take an adding-machine and set down all the qualities you demand in a pipe-tobacco, such as fragrance, coolness, mildness, satisfaction, when you pulled the lever, the total would read: "Prince Albert." You can prove it with a pipe and a tin of P. A.

Throw back the hinged lid and revel in that aroma of the world's most popular pipe-tobacco. Put a load into the bowl of your pipe and light up. Draw that cool, refreshing smoke deep down and exhale slowly. That's Prince Albert! That's living! You'll go to it from breakfast to bedtime.

Prince Albert leads all other brands in sales, because it leads in satisfaction. The word "satisfaction" has worn a little thin from much use, but a pipe and P. A. give it an entirely new meaning. You'll say so on your very first pipe-load, and you'll be a Prince Alberteer after *that!*

This tin contains TWO full ounces of what it takes to make a man smoke-happy.

PRINCE ALBERT

—no other tobacco is like it!

SPORTS OF WEEK

WASHINGTON COLLEGE DEFEATS MT. ST. MARY'S—THEN LOSES TO DREXEL—OTHER NOTES OF INTEREST

BY POLK T. BRAMBLE

For about four minutes Mt. St. Mary's held the upper hand over Washington College on Friday evening; but after that brief interval of victory's rose-scented breath, the Mountaineers felt the chilling blasts of defeat for the balance of the game. And Washington won the contest somewhat handily, 37-26.

A large crowd of interested fans were on hand early for a contest which, it was predicted, would eclipse anything seen on the local floor this season. And, for a short time, it looked like they were correct in their prediction. Hardly had the ball been shapped into the air, and the shrill whistle of the referee sounded, than the Mt. St. Mary's center, a lively chap, whicked the ball from the taller Usilton's hands, and after several lightning like passes, it went speeding through the net Washington was out there to defend. This unexpected bit of super- basketball seemed to fire the Washnigton squad to their finest efforts of the season, and for about 10 minutes they showed the smartest basketball seen here for two seasons, and the best defensive work for many more years. The work of Carrington was little short of marvelous during this period of pheomenal skill, while not far behind him the marvelous Giriatis went cutting here and there for the basket in a manner not to be desired and Dopson made several shots that were marvels of skill.

Washington soon piled up such a lead against the visitors that the game lost interest, as the outcome was almost certain long before the first half came to a close. The first half ended with Washington having a lead, 24-10.

During the second half Mt. St. Mary's scored the largest number of points, 16 to 13, but this was due somewhat to the fact that the Washington players eased up somewhat after piling up their comfortable lead. Whether they could have done better under other conditions, is a matter of mere conjecture.

By defeating Mt. St. Mary's Washington removed one more obstacle from the path to state honors for a time, at least. These teams will be played again this season, and each hopes to turn the tables on Washington in the next game. But we have our doubts if they will be able to do this.

Washington's quint was unexpectedly defeated in Philadelphia on Wednesday afternoon by four points. This was looked upon as an easy game for Washington.

Washington College and Swarthmore College played yesterday afternoon at Swarthmore. The game was not concluded when we went to press.

The long-talked-of question as to the world's champion wrestlar will be decided in St. Louis February 20, when Strangler Lewis and Joe Stecher will meet. Each has claimed the championship for years. Both have claims to it. This will be the most important wrestling match since the days of Frank Gotch.

Next week is a big week in basketball circles. Washington will meet Mt. St. Mary's February 15, Hopkins February 16 and University of Maryland February 17, St. Johns February 18 at home. This will be the biggest week on the schedule, and the championship of the state will be decided in all probability.

Tonight Washington College will play University of Baltimore on the home floor.

BUSINESS SCHOOL OPENS WEDNESDAY

The Chestertown School of the Georgia-Carolina School of Commerce will open next Wednesday, February 15. The first session for day students will begin at 9 a. m. and the first night session at 7 p. m. on that date.

Alton H. Perry, of Burnswick, Ga., president and founder of the system of Georgia-Carolina Schools of Commerce will be in Chestertown for the opening, he stated in a telegram to Weinwright Bridges, representative in charge of organizing the school here, which was received Thursday morning.

The School will be located in the Imperial Hotel building on the first floor in rooms now occupied by James G. Beck Insurance Agency. Mr. Beck expects to move his office to another building this week.

It is expected that the enrollment will be completed this week. Approximately 25 students are expected to attend the school, which will be conducted for a term of five months. About half of this number will attend day sessions and about half will be entered in the night class organizers anticipate.

The rooms secured for the school are steam heated and class rooms, which are comfortable in all types of weather, are assured. Being only two doors from the post office the location is also central and convenient.

Equipment used in the recent term school conducted by the Georgia-Carolina School of Cimmerce in Centreville has been shipped to Chestertown and will be used here. Several standard typewriters, text books and other necessary supplies will be shipped here from the general offices of the School at Brunswick, Ga.

Students attending the school will come from all sections of Kent County. Enrollments now include residents of Chestertown, Rock Hall, Galena, Betterton, Fairlee and Worton and it is probable that some will come from Queen Anne's county, it is said.

Subjects taught in the new school will include Bookkeeping, Banking, Gregg Shorthand, Touch Typewriting, Business Arithmeic, Rapid Calculation, Business English, Business Correspondence, Penmanship, Spelling, and General Office Practice.

NEW SNOW PLOW FOR THIS DISTRICT

A new snow plow has been purchased by the State Roads Commission for this district, including Cecil, Kent, Queen Anne's, Caroline and Talbot counties.

The plow arrived in Chestertown Tuesday evening and on Wednesday morning started widening the one way tracks on the Eastern Shore trail.

The plow is sold under the trade name of the Walker Snow Fighter and will clear a twelve foot track through two foot of snow at the rate of 25 miles an hour. According to the specifications a track through three and four feet of snow can be cleared at the rate of 20 miles per hour.

The plow is driven by a 100 horse power motor and will be able to clear the main highways in this district in approximately 24 hours. This new equipment will be a great addition to the efficiency of maintenance of the roads in this district. The new equipment cost approximately $9500.

Avoid Excess Uric Acid!

To Be Well There Must Be Proper Kidney Action.

A STIFF, achy feeling is a common sign of excess uric acid. One is apt to be tired and languid; nervous and depressed; suffer nagging backache, headaches and dizziness. A common warning is too frequent, scanty or burning secretions.

Doan's Pills, a stimulant diuretic, increase the secretion of the kidneys and thus assist in the elimination of excess uric acid anc other impurities of bodily waste. *Doan's* are endorsed the country over. *Ask your neighbor!*

50,000 Users Endorse Doan's:

C. W. Morlock, 2249 E. Biddle St., Baltimore, Md., says: "My kidneys were irregular and the secretions didn't pass as they should. I had headaches and dizzy spells and there was a steady, dull ache in my back. Mornings it was hard for me to get around. I was so lame and sore. Doan's Pills gave me fine relief and I haven't needed them since."
