JOHN S. KELLY, better known throughout the State as Frank Kelley, who has been the undisputed Democratic City leader since the illness for some time, of Sonny Mahon, died at his home in Baltimore Thursday. The death of Mr. Kelly leaves temporarily Baltimore without a Democratic boss.

THE CHESTER RIVER Yacht and County Club is looking forward to spring when extensive work will be started on the building of a club house, a pier and the finishing of the golf course. When completed this club will be a great addition to Chestertown and Kent county. This club has members from Washington, Baltimore, Philadelphia and New York as well as a large number of members from Kent county. It will, aside from affording additional social activities here, be a decided asset toward inducing settlers to visit the county. The future activities of the club will, no doubt, include golf and tennis tournaments, and an annual regatta which will bring yachtsmen from all parts of the Chesapeake and Delaware Bay ports to Chestertown.

THE MOVE IN progress by the inactive members of the Chestertown Volunteer Fire Co. to organize for the purpose of giving a more systematic cooperation to the active members is, in our opinion, a wise and proper spirit. The active members should have every assistance possible in the most excellent work of fire protection that can possibly be given them, and it seems to us that the organization formed at a meeting of the inactive members on Tuesday evening is an evidence on the part of the inactive members to assist the active fire fighters in every way they possibly can. One of the greatest assistance to be given is our moral and financial support. Every citizen in the county who can, where a fire company is not in existance in their immediate locality, should join the inactive membership and give the active members that assistance and encouragement which they so richly deserve. A soliciting committee for membership was appointed at the meeting Tuesday night and we are asking those who are not already inactive members to give due and thoughtful consideration of becoming a member. Your property might be the first to catch fire and need the firemens assistance to save it.

FRESHMEN DFFEAT SALISBURY HIGH

One of the most interesting basket ball games played at Washington College this season was the preliminary game of Saturday evening when the Washington College freshmen defeated Salisbury 40 to 37.

At half time Salisbury was leading 21 to 13. In the second half Washington over came this lead and during the remainder of the game there was rarely two points difference between the tally of each team, first one side leading then the other.

The Salisbury team showed up well for a High School basket-ball team, and Wimbrow starred with five field golds. Dickerson, of Washington College, starred for the locals with esven field goals.

OF CHESTERTOWN, MD.

The Only National Bank in Kent County

"THE BANK WHERE YOU FEEL AT HOME."

We quote the following article from the monthly letter of the American Exchange National Bank of New York:

"OLD HOME INFLUENCES

As an institution for character building there is nothing that can take the place of the old-fashioned home. To those who appreciate the part which the influences of the old home-life had in building up the qualities that made the men who made our civilization, nothing is so important as the preservation and restoration of the home as our mothers and fathers knew it. The old home has not disappeared; it still lives and flourishes; but its struggle for survival grows harder as time passes and appreciation of its attractions and values languishes. Life is more hectic, more intense, its claims upon us seem more extensive, but it offers more diversion than diversity, and the fundamentals are still what they have always been.

The simple qualities that were bred and nurtured in the old-fashioned home are still the qualities that men admire. Honesty, courage, chivalry, courtesy and sportsmanship are still the essentials of our standards of character, the basic things that make our associations with one another possible. These things can be taught outside the home, but they cannot be built into men and woemn by anything but the home influences that bred them. In these qualities we have the foundation of self-respect, of respect for the rights of others, the basis of unselfishness and of kindliness. The old-fashioned home made good neighbors, good citizens and God-fearing men and women. It taught temperance, frugality and self-reliance; it fostered love, loyalty and friendship; it was religious, it was devout, it was pious. It was simple, unostentatious and gracious. Its pride was the pride of sons and daughters in fathers and mothers. It was hospitable, gentle and cultured. Manor or cottage, the old home was the abiding place of all that was sacred and dear to the hearts of men and women who had learned to live as no generation ever lived before or since. No greater boon could come to us than to have the old home restored to us in all the glory of its simplicity.

5 PER CENT. INTEREST ON FARM LOANS

Since the annual rate of interest was reproduced to 5 per cent. on November 15th, 1927, The Kent and Queen Anne National Farm Loan Association has received applications for loans totalling $73,000, showing the increasing popularity of this Co-operative method of borrowing money on farm lands.

If you are now carrying a 6 per cent. mortgage on your farm which never grows less, why not transfer it to the Federal Land Bank and get the benefit of the 5 per cent interest, enabling you to reduce your mortgage principal every year.

If you desire to purchase a farm the Federal Land Bank will finance the proposition to the extent of 50 per cent. of the purchase price on the 5 per cent. annual interest basis.

The Federal Land Bank proposition reduces the principal amount of your mortgage every year until it is finally liquidated on easy payments.

Come in and let me tell you all about it.
