BIGGER POULTRY PROFITS

WITH HIGH GRADE BROODERS

SOL-HOT NEWTOWN BUCKEYE

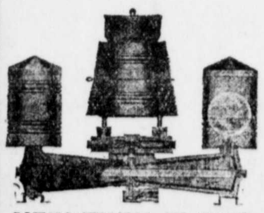

Poultry raisers in ever increasing numbers are being convinced of the folly of trusting the brooding of the chickens they have paid good money for, to anything but the best brooders. The SOL-HOT, NEWTOWN and BUCKEYE are leaders in the field of coal and oil burning brooders. This leadership has been gained by long and satisfactory service. Ask the users. The SOL-HOT is a new line with us this season and has the well earned reputation of being the 100 per cent. efficient oil burning brooder, and is equipped with the new twin float oil level.

We also carry a full line of poultry feeders, fountains, etc. Come in and see the largest and most complete display of brooders we have ever carried, or, if you cannot come in write for booklets.

Yours for larger poultry profits in 1928.

AGRICULTURAL NOTES.

CONSERVATIVE COURSE ADVOCATED FOR FARMERS

While the outlook for agriculture in Maryland during the coming year appears reasonably promising, conditions as viewed by specialists of the University of Maryland are not such as to encourage an indiscriminate increase of production in any line.

The agricultural outlook report for Maryland, as prepared by specialists of the University of Maryland Experiment Station and Extension Service, is based in part upon the recently issued outlook report of the United States Department of Aagriculture. With reference to the agricultural situation generally the report says:

"In 1927 there was a better balance between th different lines of agricultural production than in any other recent year. grictultural income in 1928 for the country as a whole is likely to show some improvement over that of 1927, provided total agricultural production is maintained at its present volume and farmers continue to make further adjustments toward a more balanced production. Expansion, especially in cash crops, is to be guarded against.

"During 1927 the average prices of farm products for the United States as a whole advanced, as shown by the increase of 10 points in the index of farm prices from 127 in December, 1926 to 137 for December, 1927. The increase was due largely to higher prices for cotton, cattle, feed grains, apples and tobacco which more than offset the marked decline in hog prices and lower prices received for wheat, hay, potatoes and eggs. The net advance in farm prices is the result not of any better demand situation, but rather of reduced production of cotton, cattle, and fruits and vegetables.

"The gross agricultural income in the United States for the crop year 1926-27 was about $12,100,000,000; for 1925-26 it was $12,700,000,000; and for 1921-22, $9,200,000,000. While the gross income from agriculture in 1926-27 was practically the same as in 1925-26, the purchasing power of the farmer's dollar was higher. The relative purchasing power of farm products in terms of non-agricultural commodities stood at 91 per cent. of the pre-war level in November, 1927, as compared with 80 per cent for November, 1926.

"The gross value of farm crops for Maryland in 1927 was $70,346,000 as compared with $69,772,000 for 1926.

"The livestock indutsry in the State has been in a relatively favorable position, although there was a considerable decline in hog prices in 1927. Beef cattle prices in 1928 promise to average higher than in 1927, the outlook for wool appears favorable, the dairy industry is in a relatively stable position while poultry producers have reasonably good prospects of a higher level of prices for eggs and dressed and live poultry, at least during the first half of 1928."

TO THE SICK

X-Ray Examination Only $3.00

Bring your health problems to Doctor Carter. Let him make a thorough examination of your body with his powerful X-ray machine, by so doing guesswork is eliminated, and the cause of your ill-health can be ascertained. X-ray picture will be taken of all new patients for only three dollars.

This is an offer that seldom presents itself, therefore if you do not enjoy good health come in for a thorough X-ray examination now.

Since having come to Chestertown, Doctor Carter has treated many patients in Kent County and immediate vicinity. His method of treatment is entirely drugless, and results obtained are surprising. Many satisfied patients, who formerly suffered with Headaches, Indigestion, Backaches, Neuritis, Rheumatism, Constipation, Stomach, Liver and Kidney troubles now enjoy health. Foot sufferers will find much comfort and relief through Doctor Carter's treatments.

Fallen arches, pains up the back part of the legs, pains and callouses under the toes are readily relieved through manipulative methods. Stop experimenting with many kinds of so-called arch supports, and have the CAUSE of your foot trouble removed through Doctor Carter's scientific treatment.

Nervous people will find much relief through Massage and Chiropractic. If you suffer with "Bad Nerves" consult Doctor Carter for an X-ray examination, which will locate the cause, and his methods of treatment will REMOVE the cause.

"Luckies never cut my wind" says Billy Burch,
Captain of N.Y. Americans' Hockey Team

"I can't afford to take any chances with my physical condition. That's why I stick to Luckies. In addition to the pleasure I get from their fine flavor, they have never cut my wind to any noticeable degree. Finally, I never suffer with sudden coughing which might be very dangerous for me when there's a scramble on the ice."

Farmers, List Your Repair Needs

It would be hard to find a farmer who at some time or another had not lost valuable time waiting for necessary repair parts. Take this territory and total up the time lost in this way and it will astonish you. And all because repairs are not ordered as early as they should be.

There is no better time than right now—just before the busiest season on the farm—to go over your machines carefully, make a list of repairs you are likely to need and send it to us. With this list in our hands, we can order our stock so as to be prepared t meet every call promptly.

Repair part service is a necessary part of our business. We realize what it means to you in time and money to get what you need at once. Help us to help you by making up your list now and sending it in to us.
