Contentment by the pipe-load

EVERY load of P. A. in your pipe is a load of sunshine in your smoke-system. Why do you suppose more Prince Albert is smoked than any other brand? I'll tell you. When you open a tidy red tin and set free that P. A. aroma, you're on your way.

When you taste that first, wonderful pull on your pipe, you've arrived. Cool as the keel of a river-boat. Refreshing as a breeze on the top deck. Mellow and mild and long-burning, with a body that puts satisfaction right over the plate every time.

Take the nearest path to pipe-joy. Go get yourself a tidy red tin of good old P. A. That's all there is to this business of finding the right combination to contentment. You'll say so after that first fragrant pipe-load of this delightful tobacco.

This tin contains TWO full ounces of top-notch smoke-joy.

PRINCE ALBERT

—the national joy smoke!

SPORTS OF WEEK

WASHINGTON COLLEGE LOSES TO UNIVERSITY OF MARYLAND, BUT WINS FROM ST. JOHNS—OTHER SPORT NOTES OF INTEREST

BY POLK T. BRAMBLE

Washington College, with six victories and two defeats, certainly has the best claim to state honors, unless the Navy has the edge, with 3 victories and no defeats. University of Maryland, with 3 wins and 2 losses, cannot claim the honors, neither can Hopkins, with 4 wins and 2 losses. Mt. St. Marys has 3 victories and 2 defeats, while Western Maryland has 5 victories and 2 defeats, both of these being eliminated. Blue Ridge, St. John's, Loyola and Baltimore University are not close enough to be considered seriously. A victory over Loyola by Washington will give them a pretty clear title, except for the entrance into the state melee of Navy, who plays so few state teams they are not considered seriously.

By defeating Stecher in St. Louis the other night, Strangler Lewis is regarded as the undisputed heavyweight wrestler of the world. Stecher was afraid of Lewis, but succeeded in getting one fall out of the three.

University of Maryland edged out Washington College Friday evening at College Park, 22-20. The local college team was fagged somewhat from the hard-fought game the night previous with Mt. St. Mary's. Otherwise, we have no doubt, we would have a different story to tell. Washington's team lagged throughout the entire game. At half time Maryland led, 11-7. During the second half Washington played by far the best game, but had exceptionally hard luck toward the close of the game. Maryland used the "huddle" to better advantage during the last half to kill time, than they did any system of basketball that is recognized in college circles.

Schuylkill College, of Pennsylvania, will be here for a big game tonight. Washington is looking for an easier contest, as they have had ample time in which to rest up for the contest.

Loyola will be here for the final game of the season on Saturday night, March 3. Loyola is improving, having recently defeated Villanova, and a good game is looked for.

Washington College defeated St. John's College, 30-25 Saturday night on the local floor, before a large crowd. Washington's team was fagged out by the hard schedule of the week, and unable to do its best work. However, they had no trouble in piling up a tremendous lead in the first half. The second half found them easing up, and St. John's cut down their lead, but were unable to get within striking distance of their opponents. Giarlatis and Dopson were easily the stars of the game for Washington, while Huff and McCarty carried off the honors for St. Johns.

A big fight card has been booked by promoter, W. F. Parrott, for tonight, (Saturday) February 25th. Five bouts, twenty-six rounds in all, will give the fistic fans a genuine treat. All fighters have been carefully matched and real live-wire thrills should pack every round.

The great attraction will be the fight between K. O. Lister and Soldier Green, Wilmington, Del., who not only is a fast man, with a mighty wallop, but is nearly as heavy as Lister, weighing 205 lbs. These boys met last summer at Milford in a gruelling battle which was called a draw. Lister hit the canvass twice in the first round but came back so strong in the other rounds that he earned a well deserved draw.

A World Thinker

The need of the hour is for a world thinker. Most of us are like flies that buzz around a very small area—and perhaps get caught or swatted before we even get into the next room. At this state of civilization—and we have quite a considerable civilization at the moment—we need men who do not buzz about a small area but who can look all up and down the long road along which the caravan of history has passed and is passing.

We need men with perspective—world thinkers.—Grove Patterson, in the Mobile Journal.

Morphia Tests

Morphia is a very common poison, but its presence is easy to detect by the chemist. With no great difficulty he can detect the presence of even one-twenty-thousandth part of a grain! The usual residue having been obtained, an addition of iodic acid is made, and then, should morphia be present, the whole at once turns blue when a little starch-paste is added. Alternatively, chloride of zinc may be added, and the mixture, when heated, produces a beautiful and lasting green color.

Rarin' to Go

An Alabama man declares that the briefest courtship of all was that of a darkey couple in that state. It ran about as follows: Rastus speaking first:

"Why don't you take me?"

"'Cause you' ain't ast me."

"Well, now I asts yo'."

"Well, now I has yo'."

A LITTLE TALK NO THRIFT

"It is out of the question for me to save any money on my present income."

Statements of this kind are often heard. In the majority of instances, though made with complete sincerity, they represent a view point that is exceedingly unsound.

Such an attitude is the philosophy of failure of mental surrender to those forces of life that are ever striving to drag all men down to defeat. There are limits to the possibilities of human accomplishment, but within the range of reason no one should ever say "I can't."

The correct viewpoint is to say "I can, or "I will."

It may seem unimportant to many that they are unable to spend a little less than they earn. They may feel that in other ways they are succeeding and the mere fact of saving money is of small consequence. There is not an individual in the world, however, who should not be getting ahead at least a little financially as the days go by, not only because no one can tell what future financial needs may be forced upon one, but also because saving should be indulged in as a matter of personal discipline.

Unwillingness to save is more often a state of mind than a state of purse.

What the "I can'ts" really say to themselves is something like this—"I can't save any money without giving up some of the luxuries I have become accustomed to. It would mean inconvenience and sacrifice and I am not willing to pay this price."

There are thousands of men and women in the world who have forced their way to the front from poverty and obscurity. They did not belong to the "I can'ts." They learned that overcoming obstacles, such as saving money when it would seem almost impossible to do so, has been the very thing that has brought them out and made them capable of still greater and greater accomplishments.

Feel Tired and Languid?

ALWAYS tired and achy? Sure your kidneys are working right? Sluggish kidneys allow waste poisons to remain in the blood and make one dull and languid, with nagging backache, headaches and dizziness. A common warning is too frequent, scanty or burning secretions.

Use *Doan's Pills. Doan's*, a stimulant diuretic, increase the secretion of the kidneys and aid in the elimination of waste impurities. They are praised the world over. *Ask your neighbor!*

50,000 Users Endorse Doan's:

John G. Smith, 615 S. Belnord Ave., Baltimore, Md., says: "I am always glad to recommend Doan's Pills; they did fine for me. My kidneys didn't act properly and the secretions pained in passage. I had sharp pains in my back when I stooped and dizzy spells annoyed me, too. Doan's Pills helped me fine and soon had me feeling like myself again."
