NOW ASSOCIATE MEMBERS FOR FIRE COMPANY

Thos. D. Bowers Tells Of Plans To Aid Chestertown Company

Many Persons Belong

In order that there may be an organized effort on the part of the citizens of the town and county to provide a maintenance fund of a permanent character for the Chestertown Volunteer Fire Company, what was heretofore known as the inactive membership of the Company has been organized into what is to be known as an Associate Committee of the Chestertown Volunteer Fire Company, the purpose of which is to provide the fire company with an annual maintenanec fund which will be used for meeting the current expenses of the fire company and rewarding the active members of the organization for meritorious service rendered during the year in case of fire. This is primarily the aim of the new organization, but it is no secret to declare that the real purpose of the organization is to create the machinery for the future welfare of the active organization as well as for the entire citizenry of the county. We are making an appeal therefore to every property owner in the town and other sections of the county where there is no organized fire protection to respond to the call of our most necessary and most useful organization by enrolling yourself a member in the associate committee of the Fire Company by the payment of annual dues of $3.00. No one can conscientiously deny the forcefulness of the appeal. Every one believes that every owner of property in Chestertown and Kent county is just as dependent upon the Fire Company for the protection of their property against the ravages of fire as the fire company is dependent upon the general community for support. It is the community of interest which is the appealing force behind this new movement to do a real service for the boys who protect your property at not a cent of cost to you, and the new organization is seeking the cooperation of every one, man or woman, who owns property or who realizes the great protection afforded by an organization of the standing and character of the Chestertown volunteer Fire Company, because its officials and members feel that the $3.00 annual dues is indeed a small annual return for the payment of the protection which we as a community enjoy. On behalf of the new organization I am therefore appealing to every one to rally to the support of the fire company by allying yourself with the Associate Committee. Do not wait until a notice is sent to you. Send your name accompanied by $3.00 to either Mr. James Kirby secretary of the active company or Mr. J. S. Kreeger, treasurer of the Associate Committee, and you will receive a certificate of membership. We propose to make an intensive drive for members shortly. On the present list of associate members appear the following names:

Rev. C. L. Atwater, Robert R. Ayres, J. T. Anthony, John E. Barnes, Earl A. Barnes, Thos. D. Bowers, John N. Bennett, Carl N. Bordley, Wm. O. Bringman, J. D. Bacchus, H. Clay Brown, P. M. We trust that every one of these persons will respond to this call for dues and seek to induce others whose names do not appear to enroll as new members. It was voted at the organization meeting that ladies as well as men will be accepted as members on the payment of the $3.00 dues. We shall have more to say later.

T. D. BOWERS, President.

EXAMINATION FOR POSTMASTER

The United States Civil Service Commission announce an examination for Postmaster at Chestertown, to fill the vacancy caused by the expiration of term of office of the present postmaster Mr. John N. Bennett applications to close March 13, 1928. The office pays a salary of $2800 a year.

There will be no written competative examination but the eligibility of the candidate will be judged from the application and based on education and experience, education and training will count 20 per cent. and business experience and fitness will count 80 per cent.

The President of the United States, through the recommendation, will appoint one person from among the three highest in the examination. Requirements for the examination are as follows:

The candidate must show that for at least three years he has been engaged in occupations in which he has demonstrated ability to conduct the affairs of a business to the extent required of a postmaster of the post office for which he is a candidate.

It must also appear in all cases that the candidates have demonstrated their ability to meet and deal with the public satisfactorily.

Statements as to education, training, and experience are accepted subject to verification.

To be eligible for examination a candidate must be a citizen of the United States, must be in good physical condition, must actually reside within the delivery of the office for which the application is made, and must have been such resident for at least two years next preceding the date of examination.

Candidates in competitive examinations for the position of postmaster at an office of the first class must have reached their thirtieth birthday on the date of the examination, and for the position of postmaster at an office of the second class their twenty-fifth birthday on the date of the examination. Those who have passed their sixty-fifth birthday on the date of the examination are not eligible to compete for any office.

Candidates must submit with their applications small, unmounted photographs taken within two years. Proofs, group photographs, or tintypes will not be accepted.

Persons who meet the requirements and desire this examination should apply at once for Form 2241, stating the title of the examination for which the form is desired, to the Civil Service Commission, Washington, D. C., or at the post office in the city where the vacancy exits. Applications must be properly executed and filed with the Commission at Washington prior to the hour of closing business on the date specified at the head of this announcement.

The Post Office Department will not nominate for appointment as postmaster the husband or wife of a rural carrie.

DEL-MAR-VA MEETING AT EASTON

A meeting has been called for Saturday, February 25, in the New Theatre Building, Easton, at 11 a. m., by the Marketing Bureau of the Del-Mar-Va Eastern Shore Association, for the purpose of considering the extension of the Federal Warehouse System to the storage of canned goods produced on the Del-Mar-Va Peninsula. Invitations have been issued to leading canned goods brokers, officials of the Tri-State Packers Association and to representative bankers in those communities where canning is an important industry. While the list of invitations has necessarily been limited all who are directly interested are invited to participate.

The Federal Warehouse System as extended to canned goods provides that on Federal Warehouse storage a receipt is issued which may be used as collateral in securing loans for the furtherance of the canning industry. This makes possible securing financial aid in operation of canneries and prevents the necessity of dumping goods on the market in the height of the season when the abundant supply naturally creates low prices.

—Dr. W. T. Workman was fined $100 and costs on Wednesday of this week for driving an automobile while his drivers license was suspended. He was arrested again on Thursday for the same charge but the trial had not been held at the time of going to press.

—The Chestertown Volunteer Fire Co. responded to a call at 7.30 a. m. Sunday morning, and quickly extinguished a chimney fire in the farm house on the W. Irving Walker farm, in Queen Anne's county, near Chestertown and tnanted by Mr. Genjamin Stry.

—Washington's birthday was properly observed at Washington College. A feature of the celebration was an address by Dr. Henry Louis Smith, president of Washington and Lee University, Lexington, Va., who spoke on "George Washington, the American Citizen."
