With the Superior Black Hawk Spreader you get the biggest possible returns from manure. You save the money that would otherwise leak away in your barnyard. You get earlier, heavier, better crops. You get extra profits year after year.

No other spreader beats the manure so fine and spreads it so accurately. No other spreader is so easy to load, so handy to maneuver, so light to pull. No other spreader runs so smoothly, so quietly. No other spreader has such a useful load ratio, such fine materials and workmanship.

Come in and examine the Superior Black Hawk. See for yourself that it's the greatest spreader ever built.

Repair part service is a necessary part of our business. We realize what it means to you in time and money to get what you need at once. Help us to help you by making up your list now and sending it in to us.
