SLAG ROADS COMPLETED

County Road Engineer Gilbert Taylor has just finished laying 5-8 mile of slag road in Broad Neck. The road was laid in two quarter mile stretches and the remainder used in patching. In all 300 tons of slag were used.

One quarter mile of slag has been laid on the Bay Shore Road west of Public Landing.

The slag road from Fancy School House, which was recently petitioned for by a committee has been laid.

Work is progressing on the slag road from Bonwell's Corner to the development of the Chesapeake Land Association.

—The County Commissioners will meet on Wednesday and Thursday of next week, April 18th and 19th, for the purpose of the adjustment of assessment.

SLAG ROAD PROPOSAL

An offer of $5000 toward the payment of constructing a three mile nine foot slag road in Shrewsbury Neck was made by the Miller—Nelson Co., of Baltimore at the last meeting of the County Commissioners.

It is estimated that this sum will more than pay for the slag and there is a possibility that farmers living along this road will assist in hauling the slag. The proposed road will start at Locust Grove and run to Turner's Creek.

The Miller—Nelson Co. has purchased the Merritt farm on the Sassafras River and Turner's Creek and part of the farm has been laid off in buildings lots.

The County Commissioners will report on the slag road proposal at the regular meeting next Tuesday.

—The Monoplane "Breman," which left Ireland for New York Thursday morning was reported off Novia Scotia at 11.30 a. m. Friday morning. This is the last report available before going to press.

TRANSCRIPT'S MUSINGS

If a silvery laugh goes rippling,
Through the sunshine of ones face,
Share it. 'Tis the wise man's saying.
For both joy and grief a place.
There's a health and goodness in the mirth
In which an honest laugh has birth.

Oh April! fickle April! How can we ever know how to take you? Sunshine and showers! And sometimes a regular Nor'easter. And yet you did a lovely thing last week in giving us such a beautiful Easter with smiling blue skies and warm sunshine, when you promised a cold rainy one. Yes, you are fickle but very very lovely. The blossom time is brought by your showers. The grass is showing green, and fragrance is everywhere. No wonder the diamond with its radiance is your birthstone. "Oh, don't you think that April is the nicest time of all?"

FORGOT THE RULE

"Grammar is a most confusin' thing," remarked Cassidy to his friend "I never can remember whether to say 'It is I' or 'It is me.'"

'I can give you a good rule on that," returned his friend, 'Just say over to yourself this rhyme. 'It is I, said the spider to the fly,' and there ya are."

A few days later the friend met Mike and inquired if the rule had been of any help.

'It would have been but for wan thing," replied Cassidy. "I couldn't for the loife of me remember whether your rhyme was: 'It is I' said the spider to the fly, or 'It is me, said the spider to the flea.'"—Boston Transcript.

'Twould Thrill "Big Bill."

King George's baby clothing is going the rounds of the British bazaars. The garments are part of a loan exhibition of historical curios.

To see the skirts that Georgie wore,
The little rompers that he tore.
The little royal socks and shoes,
How Mayor Thompson would enthuse.

Bring on the Cap

Cincinnati Enquirer: If the ridiculous antics of certain members of the upper house of Congress continue, it may become fitting to have the dome removed to the Senate wing of the Capitol and reshaped into a dunce cap.

"Oh, no" soliloquized Johnney bitterly; "there ain't any favorites in this family. Oh, no! If I bite my fingernails, I get a rap over the knuckles, but if the baby eats his hole foot they think it's cute."—Faun.

There was a little flirt
And she wore a little skirt,
Far from the heels of her hose:
When she did stand she did look rather grand,
But not when her knees she'd disclose.

IT BEATS ALL

Leap Year Fails. Baltimore Reports a Marked Falling Off in Marriages.—Headlines.

Very hard to understand
Are the damsels of the land.
Now that Leap Year is at hand,
Do the marriage lists expand?
No, ye shoals of spinster nieces,
Giving way to cold caprices,
Busting hopeful hearts to pieces!
Here are husbands to command,
Yet the marriage rate decreases!

A much admired picture was hanging in one of the Art Galleries of Washington. It depicted a rural scene of blue skies and running water, and cattle grazing on the grass, while a young heifer was just raising herself from the ground. "How beautiful!" the crowd murmured, as they gazed upon it, "So true to Nature!" An old farmer sauntered in and joined the crowd. "Why, the picchaw aint right." he exclaimed in a high voice. "What is the matter with it? asked the gazers. Who ever saw a cow getting up on her fore legs? She gits up from behind." The crowd filed sadly away.

Do you think it hardly fair that the overworked hen lays all the eggs for Easter, and the rabbit gets all the credit for them.

Speaking of golf balls, don't you think it would be well for the votaries of the Country Club to order them by the gross as we hear they are used as food for fishes, as well as for garden seed?

On Washington diamond we welcome them,
With all their gloves and bats and mits,
Now let them show us on the spot,
That these aren't all the things they've got.

The statue of General Lee, on Stone Mountain was unveiled this week. It is like the character which it represents, of heroic mold. Mayor Walker of N. Y., who received it for the country said that he was proud to be an American because Lee was one.

"Under the sod and the dew.
Awaiting the judgment day;
Under the one the blue
Under the other the grey."

—Mr. E. Clark Fontaine, district supervisors of high schools, has arranged a regional high school principal's meeting of all principals of high schools in the five northern counties of the peninsula, to be held in Chestertown on Friday, April 27.

KING VIDOR'S "BIG CROWD" AT LYCEUM

Whoever created the slogan, "See America First," will feel a sense of pride to learn that Director King Vidor adopted that slogan when he directed his new twelve-reel special production, "The Crowd," featuring Eleanor Boardman and James Murray.

This big Metro-Goldwyn-Mayer picture, coming on Thursday and Friday, April 19 and 20 to the Lyceum Theatre, was filmed against backgrounds extending from California to New York, and has scenes on the beaches of both the Atlantic and the Pacific oceans.

It takes in backgrounds from the amusement piers of Venice, California, to Coney Island, includes a honeymoon sequence at Niagara Falls, street scenes from one end of New York City to the other, steamer excursions up the Hudson River, and dramatic action shot against the backgrounds of the great steel mills of Pittsburgh, Pennsylvania, the big kodak factories of Rochester, the Loop district of Chicago and the great automobile manufacturing plants of Detroit, Michigan,

The story begins with the life of an ambitious young clerk, employee of an institution which has hundreds more exactly like him. He becomes enamoured with a shop girl and the two romantically marry without thought of the future, spend a honeymoon at Niagara Falls, return to New York and fall into the rut occupied by so many young married couples who fail to emerge from it despite all their punny efforts against the circumstances which life throws about them.

The featured roles are played by Eleanor Boardman, long a popular screen player, and James Murray, an extra man and "protege" of the director of this great picture.

KENT MARRIAGES DOUBLE IN 1927

The Department of Commerce announces that, according to the returns received, there were 25,025 marriages performed in Maryland during the year 1927, as compared with 25,831 in 1926, representing a decrease of 806, or 3.1 per cent.

During the year 1927 there were 2,059 divorces granted in the state, as compared with 1,883 in 1926, representing an increase of 176, or 9.3 per cent. There were 21 marriages annulled in 1927, as compared with 7 in 1926.

The estimated population of the state of Maryland on July 1, 1927, was 1,597,000 and on July 1, 1926, 1,580,000. On the basis of these estimates, the number of marriages per 1,000 of the population was 15.67 in 1927, as against 16.35 in 1926. The number of divorces per 1,000 of the population was 1.29 in 1927, as against 1.19 in 1926, and the number of annulments per 1,000 of the population was .013 in 1927, as against .004 in 1926.

Despite the fact that there were fewer marriages in the state in 1927 than in 1926, Kent county shows an increase of more than 100 per cent. In 1926 there were 245 marriages while the records for 1927 showed 595. The number of divorces show a decrease of from 12 to 8.

In Cecil county the 1927 marriages were 3,938 against 5,172 in 1926. The number of divorces increased from 9 to 14.

TOMATO PROSPECT BRIGHTENS

Projects of a busy tomato season have brightened within the past two weeks and contractors are offering 20 cents and 22 cents at shipping points. Due to the slump last year in the open market to from 10 cents to 15 cents, indications are that a large part of the acreage in Kent County will be contracted for within the next few weeks.

Preparations are being made to open the canneries in Kent county and a busy season is predicted.

SPORTS OF WEEK

Henry Matthews, of near Worton, will captain the University of Maryland track team and pilot his team through a spring schedule which includes ten meets which terminates at the Southern Conference meet in Birmingham, Alabama.

Interest in the superlative degree was manifested at a meeting of the Eastern Shore League representatives, at Salisbury on Friday of last week.

Crisfield's entrance to the league this year was pronounced doubtful although they will be urged once more, to come along with the five sister clubs of last year.

Dover, it was stated by representatives from the capitol of Delaware, is still peeved over the treatment of two years ago and will not be in the league again for several seasons. It is said the interest there is at low ebb.

An attempt has been made to interest Lewes, Del., or Pocomoke City, will be made. Either of these two towns, it is said, will be the sixth club in the Shore league this year. Of these two towns, it is thought Lewes will be the more enthusiastic.

The first base ball game of the season will be played at Washington College today, Saturday, when the local collegians will meet Sheppard College.

The base ball training was late getting started due to cold weather but recent warm days have given teams a chance to get a good work out and the game Saturday should be interesting to the fans.

Fight fans who will journey to Centreville this Saturday night, April 14, to witness the bouts offered by Promoter Bill Parrott, in the Armory Arena, will see five fights of exceedingly high calibre. All of the bouts have been carefuly picked and a good enjoyable evening is in prospect.

A double windup features this Saturday's card, in which will be found two of the best and cleverset fighters on the Eastern Shore matched with exceptionally clever opponents. Student Marth meeting Battling Brown, and Bob Cosden meeting Bobby Beck, of Baltimore.

FISH HATCHERY AT FAIRLEE MILL POND

Announcement was made yesterday that the old Fairlee Mill Pond, adjoining the Walker farm and the farm of Mr. Edward Corey, will be used by the State Conservation Dept. as a pond for the propagation of bass.

This pond will be stocked with small bass and probably used as a fish hatchery. When the fish reach the rquired size they will be shipped to all parts of the state and used to stock the various streams.

The money received from anglers licenses have made possible the increase in the number of fish hatcheries in the state and the Conservation Dept. are planning extensive repairs to the old Fairlee Mill Pond and making it into a modern fish reserve.

Mr. Swepson Earle has made a number of trips to Kent county recently for the purpose of locating a suitable pond and it was not known until yesterday the location of the new hatchery.

April the nineteenth is expected to be the largest affair yet held by the Kent Chamber. This semi-annual "Get Together" is open to all those who are interested in agriculture, civic and commercial welfare of Kent County.
