—Construction work on the dam at the Chester River Yacht and Country Club is practically completed. This dam will back up water on the north side of the public highway and make a beautiful lake which will afford ample water for watering the golf course. The lake will be stocked with fish and will also afford an excellent place for winter sports.

—Mulligan Bros. are installing machinery in the building formerly occupied by the Chestertown Laundry on Calvert and Kent streets in preparation to opening a modern bakery. This firm has purchased a lot on High street extended where they will erect a modern bakery if the one on Calvert street proves a success.

IT PAYS TO FERTILIZE A CORN CROP

Did you know, it pays to feed your Corn better than most any other crop, particularly with our regular Corn Fertilizer, that is especially adapted to its growth and maturity.

One of the requisites is to apply a sukcient quanity say: 350 lbs. to the acre, which is the amount used by the most successful Corn growers.

All of the County Agents and agronomists over the Country are now advocating the use of fertilizers on your Corn, as it not only increases the yield from 15 to 20 bushels more than the unfertilized, but also improves the quality, in that one user claims, he has now 50% more merchantable corn, than he used to have, before he commenced using fertilizer.

I know of one man, who bet his Son, it would not pay to use fertilizer, as he never had, they each put in a field, the young man fed his and the old man lost his bet, TRY IT.

FOR TOMATOES

Use Our Peerless Tomato Fertilizer, this has been on the market for years and many of the most successful Tomato Growers, will use no other.

We had one customer, who grew 19 tons to the acre a few years ago, with our goods and we will be pleased to supply you.

THE NEW FORD CAR

The Following Are Some of the Out-standin Features of the New Ford Car:

BODIES

The bodies of the new Ford are of steel, the only wood used being strips for attaching interior trim, and in the soft roofing of the closed cars. In designing the new Ford car every precaution was taken to prevent squeaks, rattles or drumming sounds. The bodies are built with every feature necessary to eliminate metalic noises. The doors are of heavy construction and welded to give greater strength and rigidity. All body parts that are of steel stamping which might develop noises have reinforcing beads which not only prevent drumming sounds, but also increases strength. In assemblying a boyd, panels and frame sections are welded and riveted together where ever there is a possibility of the body weaving, due to uneven conditions on the road, thus eliminating all chance of metalic squeaks of this nature. In the final assembly of the large units of the body where bolts are necessary strips of antisqueak material are used between the sections. Wherever there are two pieces of metal coming together which might cause squeaks a double ply artifical leather anti squeak tape is put between them. Another feature of the body construction is the insulation of a heavy pad heat insulator on the dash of each car. This pad not only keeps heat from the engine entering the front part of the body, but also serves to quiet noises.

WINDSHIELDS

The windshields of the new Ford cars are of triplex shadow proof glass, and important safety feature. When this glass is broke each small particle of glass adheres firmly to the pyroxlin plastic internal layer with the result that there is no flying glass. This is a highly important safety factor in automobile accidents, a large percentage of injury result from cuts by flying glass, particularly from the windshield. There are also other safety features of this glass. It softens direct sun rays, it breaks headlight glare, it elimnates condensation under windshield of closed cars during winter and is flexible under impact.

There are many more important features of the new Model A car which we will be glad to demonstrate to you if you will give us a call.

LOCAL MATTER

—Mrs. Cyrus G. Howard has purchased from Mrs. M. A. Toulson the property on Kent street adjoining the property of Mr. J. B. McIntire.

—There will b an entertainment at Emmanuel Parish House on Tuesday evening, May 15 at eight o'clock. Particulars will follow.

—The cool weather of the past week has practically stopped the growth of asparagus although some grass has been cut for market.

—The regular meeting of the Woman's Auxiliary of St. Pauls P. E. Church will be held at the rectory, Fairlee, Tuesday, May 1, 1928, at 3.00 o'clock.

—Work started this week on the new $50,000 milk station of the Brier Ice Cream Company at Millington. It is reported that ice cream will be manufactured at this plant.

—The schools at Cliffs and Quaker Neck have reached their quota for library books having $20 each. Practically every one-teacher school in the county now has a library.

—Loyola and Washington College will play base ball on the local diamond this afternoon, Saturday. There has always been keen rivalry between these two schools in athletics and the game Saturday should be a good one.

—Friday, May 25th, has been set as the date for the "Old-timers Homecoming." The "old timers" will be the guests of the occasion and one of the features will be a parade of modern and antique fire-fighting equipment.

—An automobile owned by Miss Ruth Grantland, and parked on Maple Ave., was run into and damaged by a car driven by Mr. Arthur Moore. Moore is charged with driving under the influence of liquor.

—Announcement is made in this issue of an examination for Senior and Junior Stenographer and Typist to be held in Chestertown on Saturday, May 5th, by the Department of State Employment and Registration.

—The regular meeting of the Women's Auxiliary of the Chestertown Volunteer Fire Company will be held at the Fire House at 7 p. m. on Monday, April 30th. Important business to be considered.

—Dr. Paul E. Titsworth will be the speaker at the regular monthly meeting of the Frank M. Jarman Post No. 36, American Legon in the Chestertown Armory on Wednesday, May 2nd. Dr. Titsworth's talk will be based on a recent visit to the battle fields in France.

The Kent County Ambulance Fund is now $1563.75.

—A very successful shad supper was held by the Betterton Boy Scouts last Friday evening.

—Bids on the club house of the Chester River Yacht and Country Club will be opened Monday evening.

—Gasoline in Chestertown took a 3 cent jump Friday morning. The retail price is now 23 cents.

—The Willing Gleanen of the Chestertown M. E. Church will present a play Tuesday evening, May 1.

—The last cotillion dance of the season was held at Washington College last evening.

—An advertisement of the Peerless Fertilizer Co. in reference to corn fertilizer appears on page five of this issue.

—The pier committee of the Chester River Yacht and Country Club are awaiting a permit from the U. S. Government to build the pier. Construction work will start as soon as the permit is received.

—John W. Barnes, clerk to the Modern Woodmen, has paid to the administrator of the estate of William T. Wright $3,000. This amount makes a total of $27,000 paid in death benefits by the clerk in the past twenty years.

—The Parent and Teachers Association will hold their regular monthly meeting in the lunch room of the Elemetary School on Thursday, May 3rd, at the usual hour. The officers will be elected for the following year. All members are urged to be present.

—The Petit Jury not on the present pannel was discharged Friday morning until Monday morning. Court has been in session for two weeks and as there are a number of criminal and civil cases to be tried next week, the April term will extend well into next week. Next week will make the third week of court here.

PARENT'S DAY AT W. C.

Parent's day at Washington College was appropriately observed on Thursday of this week. A large number of parents and friends of the students attended the noon luncheon.

In the afternoon appropriate exercises were held in the auditorium or William Smith Hall including an address by Rev. Dr. W. Herbert Burk, rector of Washington Memorial Chapel at Valley Forge.

Following this address the visitors assembled on the campus where a seedling of the Washington Elm was planted by the old Kent Chapter, Daughters of American Revolution.
