CHEVROLET

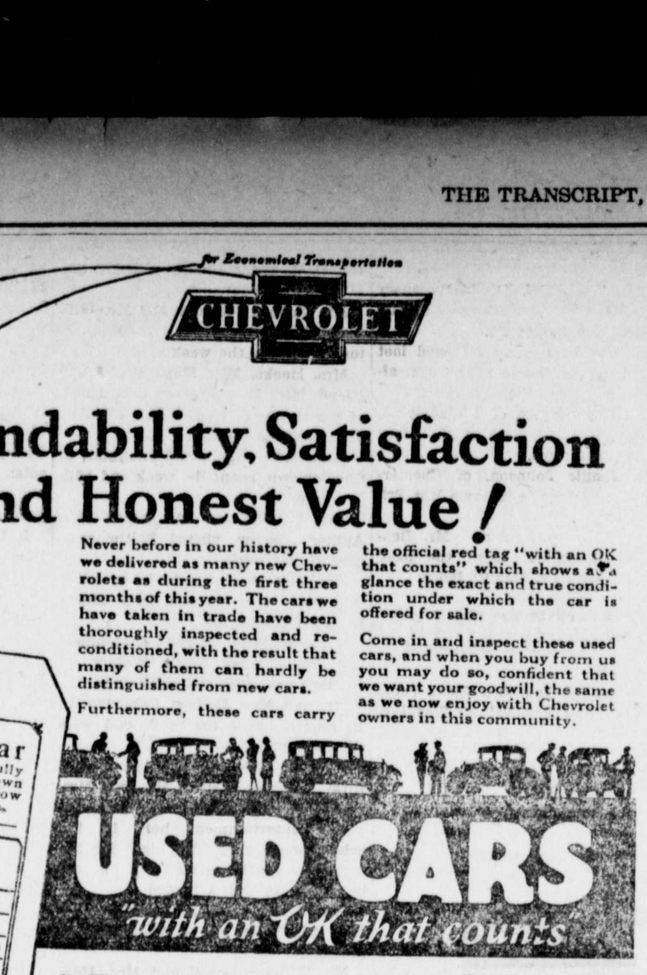

Dependability, Satisfaction and Honest Value!

Never before in our history have we delivered as many new Chevrolets as during the first three months of this year. The cars we have taken in trade have been thoroughly inspected and reconditioned, with the result that many of them can hardly be distinguished from new cars.

Furthermore, these cars carry the official red tag "with an OK that counts" which shows at a glance the exact and true condition under which the car is offered for sale.

Come in and inspect these used cars, and when you buy from us you may do so, confident that we want your goodwill, the same as we now enjoy with Chevrolet owners in this community.

A Few of our exceptional Used Car Values "with an OK that counts".

1926 CHEVROLET COUPE
Motor re-conditioned; rubber good; upholstering and finish like new. A dandy at $115.00 down.
WITH AN O. K. THAT COUNTS.

1926 CHEVROLET COACH
Used very little; lots of extras; runs and looks like new. An unusual buy at $350.00.
WITH AN O. K. THAT COUNTS.

1927 CHEVROLET SEDAN
A very late model; driven less than 5000 miles; extra tire, tube and other equipment; Duco finish. Only $175.00 balance in 12 months.
WITH AN O. K. THAT COUNTS.

1926 CHEVROLET SEDAN
Priced right at $350.00. Motor recently re-built; 4 new tires; completely equipped.
WITH AN O. K. THAT COUNTS.

PEACH CROP IN DELAWARE NEARLY TOTAL LOSS

Leading orchardists of Lower Delaware are of the opinion that the peach crop in this area is almost a total loss, due to the heavy freezes and frosts within the last week.

They believe that there will not be over a ten per cent. yield. Some place it is as low as five per cent. Until April 17 they considered that peaches were damaged but little, but on that morning there was a heavy frost and ice formations. They believe that the cold weather of that day is what played havoc with the peaches.

Growers admit that it was not until the end of the week that they were able to tell much about the damage.

Apple Crop Prospects Good

The apple crop will be about normal, they believe, only a few varieties suffering from the cold weather. Unless there are heavy freezes and killing frosts within the next week or ten days, fruit growers believe that they will have a fairly good apple crop.

William H. Chandler, of Scranton, Pa., who has a peach orchard near Milton, eight miles from Georgetown, containing between 10,000 and 12,000 trees, states that not more than five per cent. of the fruit is alive. He says that the zero weather in January damaged the trees considerably. The freeze and frosts came at a time when the orchards were almost in full blossom.

Crop Cut In Half

The Delaware Apple Orchards Company, near Bridgeville, has one of the largest orchards in the world, with 60,000 trees. About 24,000 are early varieties and 36,000 late varieties. Thomas W. Hansen, one of the superintendents of the orchard, said that the damage from the frosts and freezes will cut the crop about fifty per cent.

Report from the Wissahickou Orchards, near Seaford, managed by Harry Jones, are discouraging as to the peach crop, but good regarding the apples. The Pratt Orchards, near Milton, have suffered equally with the others throughout Lower Delaware.

MUSKRAT FARM FOR QUEEN ANNE'S

Plans for the establishment of a modern muskrat breeding and propagation farm, near Centreville, were launched last week by J. Clifton Green, of Mendall Hall, Pa., a brother of Mrs. Helena S. Raskob, owner of Pioneer Point Farm.

Mr. Green yesterday completed the purchase of a total of 779 acres near Centreville, over 300 acres of which are fine, fully developed muskrat marshes, annually yielding several thousand black muskrat pelts.

Property Purchased

Properties purchased include the following:

Farm of Joseph Brown, consisting of 394½ acres, for $26,000.

Portion of the farm of Roger Jester, consisting of 150 acres, for $6,000.

Twenty-five acres of marsh land from the farm of Philemon H. Thompson, for $1,000.

Farm of Mrs. Medford Walls, consisting of 170 acres, for $7,500.

Forty acres of marshland adjoining Island Creek from Spencer Merrick, of Crumpton, for $1800.

Plans Big Development.

Mr. Green is to become a citizen of Queen Anne's County probably within the next six weeks or two months. He has plans for developing an extensive muskrat breeding plant and the property acquired is regarded by propagation experts as being one of the finest sections in the East.

The new owner will reside on the Brown farm, where it is reported an attractive new home will be erected some time during the year.

Paper towel sare useful for draining foods fried in deep fat or for greasing cake tins and molds.

The Cream of the Tobacco Crop

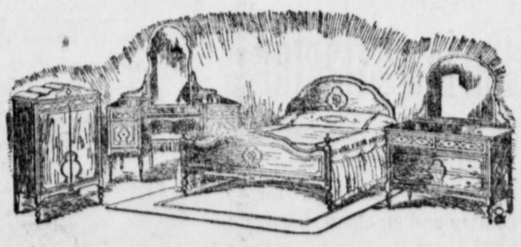

LLOYD WANER
Noted Star of the Pittsburgh Pirates, *writes:*

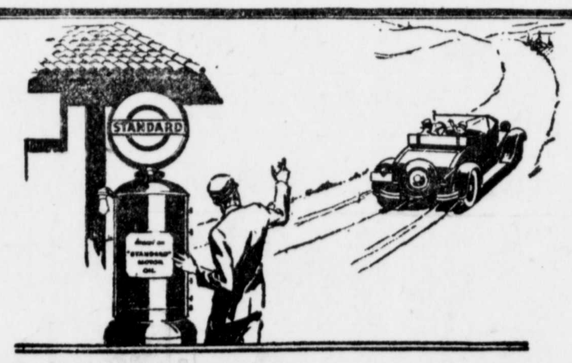

"When I arrived at the Pittsburgh training camp I noticed my brother Paul smoked Lucky Strikes exclusively, and he explained why. You will agree that we were in a close and exciting Pennant race and it certainly called for splendid physical condition to withstand the tax and strain upon one's nerves and wind. Like Paul, my favorite Cigarette is Lucky Strike."
