A CHALLENGE TO CIGAR SMOKERS
who say a good cigar can't be made for 5c

There are lots of five-cent cigars, we admit, that don't always give you full value for your nickel. But here's one that works the other way: *Havana Ribbon*. You can prove it: Put a *Havana Ribbon* longside some other five-cent cigars. Mix 'em up. Choose and smoke them blindfolded. You'll single out the *Havana Ribbon* quicker than you can spot a rose in a cabbage patch!

Flavor? Fragrance? Mildness? You simply never before experienced anything like it in a nickel cigar. Because *Havana Ribbon* contains no bitter, *under*-ripe nor "flat," *over*-ripe tobacco. But true-tasting, flavor-laden *ripe* middle leaves of the plant. And long-filler, at that! If you want to know how we can do it, read some of our other ads. Meantime, don't delay making the above experiment. There's a cigar counter near. *Havana Ribbon* is also sold in *Practical Pocket Packages* of five cigars.
