HEARING ON POWER RATES

Mr. Wolf, Chief engineer of the Public Service Commission conducted a hearing in Chestertown on Tuesday of this week in reference to the power rate in Chestertown.

Approximately thirty power users were present and the general opinion of those present was that the demand charge should either be eliminated or reduced. The commissioners of Chestertown, representatives of the Kent County Chamber of Commerce and the Del-Mar-Va Eastern Shore Association submitted rates showing that Chestertown has the highest rate on the Shore. A request was also made for more reserve power at the local plant. Mr. Thompson, of Philadelphia represented the Chestertown Electric Co.

The meeting was very informal and another meeting was arranged for to be held in Baltimore.

TRANSCRIPT'S MUSINGS

The First Robin

Hark! Is it the spring?
I waked and heard a robin sing
Only a shower of silvery notes, that dropped
In tremulous out pouring, and then stopped;
While from a window nigh
I saw the little singer flitting by,
As scorning to retreat,
By storms undaunted with his notes of cheer
He sings and we grow happier as we hear.

A Figurehead

The husband nowadays is the head of the family only in the sense that the King of England is head of the nation.—Georgia Supreme Court.

Poor father's reign is o'er.
His pride has had a fall.
The family head no more,
A figurehead, that's all,
He's just a symbol, don't you know,
Like good King George.

A figurehead, and yet
He plays a useful role.
He figures how to get
The beefsteak and the coal,
And how to make the good old tin
Keep rolling in.
He figures what to do
When furs expensive are,
And when we need a new
And fashionable car,
And any time his loving fam.
Gets in a jam.

He figures in our lives
Remarkably, some days;
He somehow still contrives
To count in various ways,
Though he may be, as has been said,
A figurehead.

The story of the man who exhibited his diamond ring and said it had once belonged to a millionaire—Mr. Woolworth—somehow reminds us of the man who asked his friend whether he had ever wondered what he would do if he had the income of Mr. Morgan, "No," replied the friend, "but I've sometimes wondered what he would do if he had mine."

Sergeant (to new recruit)—"Under 'comradeship' we put all that one man would do for another. For example, what would you do if your friend had his breakfast on the table, his buttons were not cleaned, and the bugle blew for parade?" Recruit—"I should eat his breakfast for him, while he cleaned hisbuttons."—Passing Show (London).

Logical, at Least

Professor—If you wanted to make a salt solution in a hurry, would you use hot or cold water?
Student—I'd use cold water.
Professor—Cold! But why cold?
Student—Well, if I was in a hurry, I wouldn't want to take the time to heat the water.

Knew What Ailed Him

"Mamma, I've got a stomach ache," said Peggy, aged five.
"That's because you haven't had mother." "Your stomach is empty. You would feel better if you had something in it."
That afternoon the minister called, and in the course of conservation remarked that he had been suffering all day with a severe headache.
"That's because its empty" said Peggy brightly. "You'd feel better if you had something in it."

Last Sunday was called Father's Day! Did any one see flowers worn to proclaim that fact. We fear not!

What is a gentlemen? Why, a gentlemen is one who can get rid of a feminine book agent without showing any sign of his desire to throttle her.

The difference between Columbus and Wilkins is this. Columbus added a new world to the map, and Wilkins has removed from it five polar lands which never existed except on the map.

Projecting in the polar seas,
It never lacks a cooling breeze
In hottest weather.
It offers more in Winter sports
Than all the Florida resorts
Together.

Though luxuries are scarce and dear,
They have refrigeration here
In lavish plenty.
They fire the iceman July 10
And tell him he may start again
June 20.

Look out Cal! Don't brag too soon. The poor we have with us always, especially the poor golfers.—

The noise of religion is not essential, but persistence in well-doing is.

TOMATO CASE SETTLED

A tomato case in which Mr. Edward W. Emory, of near Chestertown, sued Mr. Edward Burris for $150 for 300 baskets of tomatoes at 50 cents a basket delivered on the wharf in 1926, was tried in the Centreville Court on Tuesday of this week.

The jury rendered a verdict for the plantiff for the full amount of the suit. Mr. Burris claimed that the suit should have been against the Phillips Packing Co. Messrs Stephen R. Collins and Raymond Horney represented Mr. Emory. Mr. Thomas Keating represented Mr. Burris. The defense has petitioned the Court for a new trial.

BEETLE THREATENS ASPARAGUS CROP

An increased number of stripped asparagus beetle in asparagus patches in Kent county this year has so threatened to lower the quility of Kent Grass that a campaign is underway by County agent Horace B. Derrick and the extension service to get all growers to spray their patches.

Mr. Norwood Eaton, of the Extension Service was in the county on Tuesday of this week and gave a spraying demonstration on the ten acre patch of Mr. Linwood Sutton. A pyrethrum spray "Red Arrow" was used which is an extract from a Japanese flower similar to the American Daisy. This spray kills the beetle almost instantly and does not harm the grass in any way.

The damage caused by the beetle has in some instances lowered the value of Kent's quality grass as much as $2 per dozen. The cost of the spray per acre is from $3 to $4.

"MIRCALE HOUSE" OPENS NEXT MONTH

Maryland's "Miracle House" maintained by the Maryland Tuberculosis Association will open its tenth season on June ninth, when friends and organizations interested in the work of the preventorium will have an opportunity to make material and cash gifts. This day will be known as Donation Day.

The first contingent of underweight and undernourished children will arrive at the "Miracle House" on Monday, June eleventh. It is expected that there will be at least fifty children in this group. Succeeding groups will be sent at frequent intervals until the preventorium has reached its capacity. Ten years ago the "Miracle House consisted of one frame building, and had accomodations for less than a score of children. Today the "Miracle House" has very commodious quarters and more than one hundred beds. Last summer one hundred and seventy-one children received care, and the patient days numbered 6827.

CHAUTAUQUA AND HEALTH

Chestertown will be one of 289 towns in the states of Pennsylvania, New York, Virginia, Maryland, New Jersey, Massachusetts, Connecticut and Ohio to participate in the benefits of a comprehensive health campaign mapped out at an all day conference held at the Hotel Roosevelt, New York City, on May 2nd, in which the State Health Departments of most of the states concerned, the heads of the voluntary state health agencies or their representatives, the American Public Health Association, the American Red Cross, the National Tuberculosis Association, the American Child Health Association, the representatives of the National Community Foundation, the Milbank Memorial Fund, and the managers of the Swarthmore and Redpath Chautauqua systems, participated.

The plan provides that through the publicity, the speakers, and the special children's work of the Chautauqua to be held here August 15-21, the vital importance of personal and community health will be stressed, and that through the local agencies of the national and state health associations and departments, the interest aroused will be directed toward the solution of the health problems of paramount importance in this community.

VANSANT & NEWSOME TO DISSOLVE

A disolution sale at the store of Vansant & Newsome is underway and at the close of the sale Mr. William Vansant will retire from the firm due to ill health.

Mr. Edward Newsome, junior member of the firm, will enter into partnership with Mr. Albert Wheat and the new firm will be known as Newsome & Wheat.

Mr. Waller Morris, Jr., will be the leader of the Christian Endeavor at St. James M. P. Church Sunday evening at 7.30 p. m. Proffessor Fox, of Washington College will be the speaker of the evening. Mr. John Alderson will sing "Mother MacCree."

MEETING CONCERNING NATIONAL AFFAIRS

A very interesting meeting concerning national affairs was held at Washington College, Chestertown, Monday, May 5 under the auspices of the Women's League of Voters for the purpose of interesting the young people in the affairs of their country. Among the speakers were: Dr. Esther Dole, professor of History at Washington College on the Monroe Doctrine.

"A Policy or A Tradition?" Mrs. Laura Puffer Morgan, secretary of the National Council for the Prevention of War, took up "Renouncing War by Treaty," and Dr. William R. Howell, professor of political science at Washington College, presented "The Pan-American Movement. A Brief Review."

After a luncheon at 1 p. m., the afternoon session was opened by an address on "Problems of the Pacific," by Felix Morley, of THE SUN. The program closed with a discussion led by Mrs. L. Emmett Holt, Jr., chairman of the department of inter-national relations, Maryland League of Women Voters and chairman of the Cooperative Committee on the Cause and Cure of War.

Others who took part were: John Manguina, a South American student at the college; Senator W. B. Copper and Stephen R. Collins, lawyer, of Chestertown.

Mrs. John Clandaniel, president of the Chestertown League of Women Voters, presided at the morning session, and Mrs. W. T. Smith in the afternoon. Dr. Paul E. Titsworth, president of Washington College, welcomed the conference. An invocation was delivered by the Rev. N. O. Gibson, of Chestertown.

"TOYSY AND EVE" WITH DUNCAN SISTERS AT LYCEUM

The Duncan Sisters, Rosetta and Vivian, make their screen debut in "Topsy and Eva," film version of their own musical comedy stage success, at the Lyceum Theatre on Tuesday, May 15th. "Topsy and Eva," has become widely known through its engagements in twenty-three key cities during four years of continuous stage presentation. United Artists presents the first Duncan Sisters' film, which Del Lord directed from the continuity of Scott Darling. The film is based on the play by Catherine Chisholm Cushing.

A comedy filmed on a scale unusual for that type of picture, "Topsy and Eva" is a black and white study in laughter, possessing that colorful handful of characters which Harriet Beecher Stowe drew in "Uncle Tom's Cabin," but sending those characters through adventures that have never been imprisoned in the covers of a book. Noble Johnson is "Uncle Tom" and Gibson Gowland is "Simon Legree." Gowland was Von Stroheim's "McTeague" in "Greed." Nils Asther, Swedish "find" of director Mauritz Stiller, makes his American screen debut as "George Shelby." Marjorie Daw, Myrtle Ferguson and Henry Victor are also prominent in the cast.

In the film little "Eva" doesn't go to heaven for medical science has advanced since 1852. "Simon Legree" doesn't always have the best of things, even if "the law is on his side." "Topsy" flees over snow, not cakes of ice, and her fiery steed has snowshoes to boot. Strange hands leap from mouldy mounds in graveyards to clutch at "Topsy's" ankles and "Uncle Tom" is a loveable fellow, who let the little ones play "piggy-back" with him in the parlor.

The story of "Topsy and Eva" parallels only in large, general terms the "Uncle Tom's Cabin" narrative. Topsy is auctioned off to little Eva for a nickel. Simon Legree is a money-lender who comes to foreclose a mortgage on Christmas Eve. Topsy is not chased by bloodhounds, but by a nice St. Bernard. There are numerous entertaining departures from the accepted facts of the legend, but the Duncans say it's all in fun and life is just one great, big laugh. They admit that the original stage version of "Topsy and Eva" had 347 laughs. Audiences at the Lyceum Theatre will have to decide about the film. The motion picture story is virtually the same as that of the play, additions and not deletions being the only changes.

AMERICAN STORES TO MOVED TO NEW LOCATION

It was definitely announced on Thursday of this week that the American Stores will move from their present location on High street to the store rooms of the Toulson Building now occupied by the Shore Radio. The store rooms will be remodled and enlarged making a 23 by 64 ft. room.

No definite time for the removal has been set as the alteration will take considerable time. The new location will afford considerable more room than the present one.

SUNDAY AFTERNOON MUSICAL PROGRAM

The second of a series of three spring concerts by the combined musical clubs of Washington College will be given in William Smith Hall, Sunday afternoon, May 20th, at three forty-five o'clock. The third concert of the series will be given Sunday afternoon, June 3rd. This concert will include glee club numbers, orchestra selections, vocal and instrumental solos, duets, and trios. The concert of April 1st was so enthusiastically received that the sponsers of these programs feel justified in continuing the series for this year. The general public is cordially invited to attend these concerts.

CHECKER EXHIBITION AT SUDLERSVILLE

Cox Hall, Sudlersville, was crowded to capacity on Tuesday evening of this week when Newell Banks, match champion of the United States, played twenty local players simultaneous.

The twenty checker boards were arranged in a circle and the champion passed from board to board, spending only a few seconds at each one. The result of these games was 17 wins and 3 draws for the champion. The draw games were played by Joseph N. Wheatley and Ralph Barnett, of Chestertown; and G. B. Ruos, of Bridgeville.

In the next exhibition the champion played six checker boards blindfolded resulting in three wins and three draws. The draws were played by Wheatley, of Chestertown; Smith, of Bridgeville; and Phillips, of Barclay.

In the first exhibition Wheatley was in a position to win having the champion three men to two men but due to lack of time the game was called a draw.

—It is hard to believe that Charles Root Fitch, whom we remember as one of the charming baby twins of Mr. and Mrs. Francis Fitch, has reached the age of eight years, and has become a real hero by saving from drowning a little girl, at a great risk to his own life. He is, at present, the hero of Guantanamo. The story is graphically told by our correspondent from Millington.

THE FIREMEN'S CONCERT

The music lovers of the town were delighted with the annual concert given by the Chestertown Volunteer Fire Band on last Tuesday evening. At the raising of the curtain a large group of fine looking men came into view. They were led in a very capable manner by their conductor, Mr. C. A. Bacon. Conspicuous among them were the Miller Bros., who though small in size, measured up to the others in their love of music. Their cornet and Horn Duet was exceedingly well played.

Mrs. Fred G. Usilton's solo was enthusiastically received. She has a rich sympathic voice which is very pleasing. The audience was delighted to know that there was a composer in their midst and "The Pilgrim" played by Mr. Lipscomb accompanied by the band was certainly fine. The solos and Duetts were very well done and well received and the music of the Band was harmonious throughout. One of the features of the entertainment was the appearance of "Ye old Kent Band on the stage," while Mr. Thomas Bowers gave a very amusing reminiscent talk telling of the doings of the old Band and Mr. Wm. L. Fowler recited James Whitcomb Riley's "Old Town Band."

The following is the program:

PART 1—BAND

March—Washington Post — John Philip Sousa. Overture—Frolic of the Nymphs— Francis A. Myers. Valse—Dreaming—Archibald Joyce. Trombone Solo—The Pilgrim— Oley Sparks—Edgar Lipscomb.

CELEBRATION HERE DECORATION DAY

The American Legion, Frank M. Jarman Post No. 36, is arranging an elaborate program for Decoration Day, May 30th.

In the morning the Legionaires will march to the cemetery and decorate the graves of those who lost their life in the service during the late war. Honerable David Winebrener, 3rd, Secretary of State, will speak at the cemetery.

At 1 p. m. there will be a parade of decorated automobiles and floats. $55 in gold will be offered as prizes to best decorated vehicles. At. 2 p. m. there will be athletic events at athletic field, Washington College, followed by a baseball game between Rock Hall and the American Legion.

W. C. LOSES TWO BALL GAMES

The baseball team of Washington College got away to a poor start in the first two state games of the season. On Friday of last week the local collegians met Mt. St. Mary's at Emmitsburg losing by a score of 7 to 3. Purcell, of Washington, allowed only seven hits, but the light batting of his team mates in securing only four hits against Kerrigan, of Mt. St. Mary's, made it impossible to win a base-ball game. A three-base hit by Manderell, of Washington, and a home run by Velten, of Mt. St. Mary's were features of the game.

On Saturday the local collegians suffered their second state game defeat at the hands of Loyola in Baltimore by a score of 7 to 4, Griffin, of Washington, pitched good ball but the eratic fielding of his team mates could not be overcome.

Aside from a six inning game in Chestertown these two games are the first that Washington has played this season and a much better exhibition was expected at the time of going to press yesterday between Washington and St. Johns.

Track Team Wins First Meet

Washington College track team won its first dual meet last Saturday against Susquehanna at Silinsgrove, Pa., by a score of 77 to 49. The local collegians took ten first places. Under the coaching of J. Thomas Kibler and the leadership of Captain William Usilton, together with the athletic ability of Norris, Crow, Marth, Stevens, Hopkins, Hurley, Vaughn, Walker and others, Washington College track team has prospects of following in the steps of the Flying Pentagon.

This team will meet the strong Hopkins team this afternoon and an interesting meet is expected.
