R. HYNSON ROGERS,
m2. Chestertown, Md.

FARMERS MEET IN CENTREVILLE

AGRICULTURAL MARKETING ACT EXPLAINED BY EXPERT

A representative group of farmers from Kent, Queen Annes, and Caroline Counties met in Centreville on Tuesday eveing of this week, approximately fifteen farmers from each county being present. The meeting was called by the Maryland State Farm Bureau Association and was held for the purpose of hearing Mr. Gray Silver explain the Agricultural Marketing Act recently passed by Congress.

Mr. Silver is a representative of the National Farm Bureau Federation and is partly responsible for the passage of the act.

The act, as explained by Mr. Silver, tends toward stabilizing the price of farm produce through marketing, storing and cleaning facitities, the price to be determined on a cost plus basis.

A committee of one representative from each of the nine counties of the Eastern that have an active farm organization will meet with officials of the State Farm Bureau at an early date. It is understood that this meeting is for the purpose of encouraging immediate enforcement of the act so as to take care of this year's crops.

Mr. James H. Davis, agent for the Kent County Farm Bureau, has been appointed by the Board of Directors of that organization to represent Kent county at the meeting in Baltimore.

NEW BRIDGE AT MAPLE AVE.

CHESTER RIVER STRUCTURE TO BE BUILT ON PRESENT LOCATION

Copies of the following letter, which explains itself, was received Friday morning by Senator S. Scott Beck, Senator Dudley G. Roe, Messrs. W. B. Copper, John D. Urie, W. Irving Walker, Judge Lewin W. Wickes, Mrs. Nell C. Westcott and Mr. John W. Barnes, Mayor:

Dear Sir:

The State Roads Commission, after careful deliberation and study, has about come to the conclusion that the most feasible location for the new proposed bridge over the Chester River at Chestertown is on a site as near as practical to the existing structure. Surveys indicate that the new bridge can start on the Kent County side on approximately the same center line as the existing structure and terminate on the Queen Anne's County side at approvimately 225 feet north of the existing bridge head.

The one outstanding objection to this location is the present width of Maple Avenue, but the Commission feels that this street can be increased in width to overcome this. To accomplish this, it will be necessary to extend the width of the roadway on one or both sides to the sidewalks, which makes it necessary to fall some trees. While we regret the necessity of doing this, we believe that the advantages derived will justify the loss of these trees.

We fully realize and regret that our conclusion will not satisfy all interests, but it is the result of our best judgment.

Very truly yours:
Signed—G. CLINTON UHL, Chairman.

WORTON

Mr. and Mrs. Mowbrey Hadaway and daughters, Mary, Beulah and Betty and Mrs. John Burris visited Mrs. Clara Crew, of Oxford, Sunday.

Mrs. Sewell Lee and Mrs. Henry Rasin spent Monday in Baltimore.

Mr. and Mrs. Henry Taylor, of Wilmington visited relatives here last week end.

The Epworth League held their monthly business meeting in the hall Monday evening, refreshments were served.

Miss Neva Nichols, of Selbyville, Del., has been spending the past two weeks with friends here.

Miss Jane Wolf, of Baltimore, is visiting Miss Ann Matthews.

Mr. George Diblin, of Philadelphia, visited Mr. and Mrs. Ralph Williams last week end.

IN THE MAGISTRATE'S COURT

Nathan Roy, of Morgneck, was tried before Magistrate Olin B. Stafford on Wednesday evening on the charge of assault and battery upon James Hynson in a free for all fight. Roy was found guilty and fined $5.00 and costs which he paid. James Hynson has recently returned to Kent county after serving a sentence of 15 years in the Maryland Penitentiary for the murder of Mr. Warmsley who kept a small store at Morgneck. Mr. Warmsley was murdered and store burned to conceal the murder.

TRANSCRIPT'S MUISINGS

LITTLE THINGS

I who have been a guest in Sorrow's house,
And learned of her most gallant ways and wise,
I who have seen death cross my guarded still,
And read his mission in his steady eyes,
I have not learned to bear with everyday,
To cope with malice or the smile-masked sneer,
To reckon with the clever, oblique slight,
The covert shrug, the lying, barren tear
Of patronizing pity. I have yet
To bid my soul take brave and steady wings
With which to rise above the petty hurts
The ceaseless friction of the little things. BRAND STORM.

Here we are "knee deep in June," in the month of roses, and the month of happy brides. How we wish we could keep her with us! She and her sister May are the fairest of all the year. It is the time of the sweet girl graduate, too, who, like a rose, looks her loveliest at this time.

ROSE MOON

By Alice Hawthorne Gorton

You fashion lovely gardens,
As only you know how,
And in bewitching splendor
You kiss rose petals now.

'Tis June, and distilled fragrance
Of roses fills the air;
Stay yet awhile, O rose moon,
You are so wondrous fair!

Dawes and his wife have sailed for England. While we miss him here, we are wondering if he will shock the dignified English, as he did the smug senate, when he took Control! will he exclaim "Helen Maria," as he gazes in the mirror at his reflection, clad in small clothes, awaiting an audience with the King? But however, unconventual, however crude, England will be glad to have with her a steady hand who can steer the financial ship over treacherous seas.

A note of warning to the Country Club! Look out for your putting greens.

"An entire putting green at the North Hills Golf Club, Long Island, was dug up and carted away the other night. Perhaps somebody decided it was the only way to get a slow foursome of it."

Who knows that some one might be tempted, too, to take away Lake Marion. It is certainly a fine water hazard and will adorn any golf course.

Times may be pretty bad, but we are always looking for brighter things. Do not allow yourself to be a pessimist.

"QUO VADIS?"

My grandpa notes the world's worn cogs
And says, "We're going to the dogs!"
His grandpa in his house of logs
Said things were going to the dogs.
His grandpa in the Flemish bogs
Said things were going to the dogs.
His grandpa in his hairy togs
Said things were going to the dogs.
But this is what I wish to state:
The dogs have had an awful wait.

Lord Ebbishman tells that "It is said that Mussolini was present at some function with the King of Italy, and some time along the king dropped his handkerchief, Mussolini stopped quickly returned it, which the king expressed his thanks profusely, almost pointedly.

"Some one later asked him why he was so glad to get his handkerchief back. 'I was delighted. You see, it is the only thing left that I am allowed to put my nose into."

Before Camping

The little birdies sing
The brooklets sing a song
The country man, by Jing
It to be envied right along.

Afterwards

The ants and spiders crawl
Mosquitoes sing a ditty;
Sometimes in spite of all
I long for a great big city—Beach News.

Like the cat that comes back the Debenture bill is waiting for the reconvening of congress to plague the president and his advisors. What will they do about it?

We are watching to see who will be the successful one, out of the 48 chosen to win twin the scholarship offered by Edison who wishes to have some one to take up his work.

Conley's shipyard, at Oxford, Md., is building an exact duplicate of the "Spray," a one man sail boat which circled the globe in three years, which trip was the subject of the book "Sailing Alone Around The World." The boat is 37 ft. long, 142 ft. beam, and 13 tons gross.

REPORT OF HEALTH NURSES

Between the two nurses in Kent County 230 visits were made throughout the County during the month of May.

Eight births were reported for the month, six white children and two colored.

Four days of pre-school clinics were held with Dr. F. Reinhard in charge at which seventy-three white children and fifty-five colored children were examined. Much good work is being accomplished by the pre-school age clinics and children who are underweight or are in need of tonsil and adenoid operations or other corrective work are being followed up to insure their being in first class condition before they enter their school life. Health and mentality go hand in hand and the child handicapped by ill health is seldom a good student. Bad teeth, diseased tonsils and other ailments make the child listless and inattentive and double the work of the teachers in the early grades as well as deny the child the happiness and privileges of childhood. The medical authorities realize that this pre-school work cannot be over-emphasized and the State lends every aid for the welfare of its future citizens.

The Orthopedic Clinic which was held on May 20th by Doctors Rogers and Mazeritz was pitifully well attended by eleven white children and an equal number of colored. Until the nurses made a thorough canvas of the County such a large number of little cripples was entirely unsuspected. Some of these small sufferers have already been taken to Easton and Baltimore for treatment and every case of the twenty-two will be followed up.

The monthly clinic for diseases of the chest brought to light a number of new cases. One patient was admitted to Henrytown Sanitorium and one child nine years of age succumbed to the dread disease.

During the month a number of patients were taken to Baltimore hospitals and others to Easton. Convalescents were brought home from city hospitals, the patient being accompanied by one of the County nurses in every case.

On May 10 to 11 Miss Margaret White, the County nurse, attended the Annual Conference of the Health Department in Baltimore.

Fourteen children were operated upon for the removal of tonsils and adenoids in the local hospital by Dr. F. A. Holden, of Baltimore and local physicians. This week sees the hospital again crowded to its capacity and a waiting list for later dates.

Although work among the little folks is stressed in the State and County program, many adults are receiving the benefits of the preventive and corrective work of the clinics. The eye, ear, nose and throat clinics which were held weekly during the winter are now being held monthly. Dr. F. A. Holden has charge of these clinics and comes at other times for operations in the Kent County Hospital.

"REDSK'N" IN SOUND AND COLOR

Sound effects and music, perfectly synchronized with the action of the picture by Paramount's new processes, enhance the natural beauty and majesty of Richard Dix's latest starring picture, "Redskin." The picture, more than two-thirds filmed in natural color, is a new epic of the West, a companion-piece for the famous Richard Dix masterpiece, "The Vanishing American."

No pains were spared to make this picture, which will show at the New Lyceum Theatre on Friday and Saturday, June 28 and 29, with a matinee on Saturday, June 29th, one of the greatest ever placed on the screen. Newly perfected Techni-color processes, designed to photograph the scenic beauty of the famous historic places of the West just as they appear to the eye, were contracted for and used with remarkable results.

A special theme song, "Redskin," which has already won universal approval from radio and dance orchestra audiences, is introduced in the picture and a splendid chorus of men and women chants the original Indian songs, including the well-known Wedding chant of the Navajos.

During the ceremonial dances in several sequences of the picture, the beat of the tom-toms, and the low singing of the Indian braves and squaws add to the realism.

Miss Helen Clark, Victor recording artist, sings the theme song during the showing of the film and the Paramount orchestra of 75 pieces carries the musical score throughout. The song was written by J. S. Zamecnik and Harry S. Kerr.

"Redskin" is one of the most complete and beautiful historical moving pictures that has ever been made. The scenes were made in the Indian country in Arizona and New Mexico and hundreds of Indians appear in important roles.

MARYLAND CROP FORCAST

The U. S. D. A. crop report as of June 1 concerning Maryland suggests that the apple crop will be 2 per cent. lower than last year and but 61 per cent of a normal crop.

The peach crop is expected to be 20 per cent. larger than the 1928 crop and about 11 per cent. heavier than the 10 year average.

Wheat is forecasted as slightly higher than 1928 but only 86 per cent. as much as the 10 year average.

A NOVEL NOTICE

A county telephone subscriber whose telephone wire came in contract with an electric wire, thus rendering the telephone uselelss to he subscriber, sent the following notice to the Telephone Co. It is useless to add that annoyance was immediately remedied.

"I think that never shall I see
A poem lovely as a tree,
A tree whose branches touch a wire
And set subscribers ears on fire.
Wires hung by fools like we
Connecting talk and "lectricity."

RETURNS FROM CALIFORNIA

Robert K. Noble, of Federalsburg, who seven years ago rode to California on a bicycle, which was chained to him, returned Friday night in an automobile of the latest type with a wife and daughter. Noble received nation-wide publicity when he accepted a bet to ride his bike across the continent, with the stipulation that he eat, sleep and "live" with it. In order to make the bet safe he was chained to the bicycle by four chains. He won the bet after thirty-four days' riding, and then settled down in California, where, he said, he has pospered. The automobile which brought his family to Federalsburg is fitted with every household article down to a small bath tub.

Mr. Noble is a brother of Mrs. W. Robert Huey, of Chestertown, and he stopped here on his way to Federalsburg. They will return here for a visit.

HOME DEMONSTRATION NOTES

MONDAY, JUNE 24—Cliff Sunshine Club, 2.00 p. m. at home of Mrs. Nelson Watson.

TUESDAY, JUNE 25—Sassafras Club. All day meeting at hall, 10.30 a. m. Mrs. Harry Robinson, local leader.

WEDNESDAY, JUNE 26TH—Still Pond Club, Picinic at Betterton, leave at 2.30 p. m. Mrs. Wm. Medders, local leader.

THURSDAY, JUNE 27—Is the County-Wide Style Show and Achievement Day at Chestertown High School. Social hour 1-2; program 2-4. Every club member is to wear her $2.00 dress.

Miss Helen Shelby will be here and take part on the program.

Mrs. Evelyn Tobey, of Columbia, will give her lecture on "Grooming for Smartness."

Everyone who attended Short Course will be full of enthusiasm. If you miss this meeting, you'll always regret it.

FRIDAY, JUNE 28—Fairee Girls Club at Miss Louisa Travers.

4-H CLUBS LISTEN TO NATIONAL BROADCAST

MRS. HOOVER TO BE HEARD—U. S. MARINE BAND PLAYS

On Saturday night, June 22nd, the Kent 4-H Clover Calf Club and the Kent 4H Progressive Poultry Clubs will hold a joint meeting, in the Court Room. The meeting will begin at 9.00 p. m. An interesting local program will be put on. At 10.00 p. m. the 4-H Club Program from the National 4-H Club Camp at Washington will be on the air through the courtesy of Mr. A. L. Sterling who kindly loans a radio to the Club for this National hitch-up.

The U. S. Marine Band will furnish plenty of real music. Mrs. Herbert Hoover, wife of the President, will be the main speaker. Several Nationally known speakers will make brief talks. A club boy and a club girl will each make a four minute address. Dr. C. B. Smith will lead the 4-H Club Pledge. R. A. Turner will lead all clubs throughout the United States in the Dreaming Song.

All interested in the 4-H Clubs are cordially invited to attend the meeting and to listen to the National Radio Program.

The Talbot county Alms House and farm were sold last Saturday. The purchase money for the farm will be a dedicated fund, the insome from which is to go to the payment of expenses incurred by the indigent poor thrown on the county's hands. At the present time the number of such poor is not sufficient to warrant carrying on the Almshouse plan.

FRESH WATER FISHING LAWS

We are requested from time to time to give our interpretation of the laws relative to the taking of fish above a point where the tide ebbs and flows, which includes all streams above tidewater and all mill-ponds or lakes (said waters being termed as "non-tidal.)" Section 64, Chapter 471, Acts of 1929, provides as follows for the taking of game or fresh water fishes above a point where the tide ebbs and flows:

The open season for all species of trout, April 1st to June 30th, inclusive;

The open season for suckers, catfish, carp, eels, and gudgeons, February 1st to May 31st, inclusive;

The open season for bass and all other species of game and fresh water fishes, July 1st to November 30th, inclusive.

Therefore, it is unlawful to take any game or fresh water fishes (except trout), above a point where the tide ebbs and flows, in any manner, between June 1st and June 30th, inclusive, and between December 1st and January 31st, inclusive.

To be sure our interpretation of this Act is correct, on June 5th, we requested an opinion from the Attorney-General of this State ,relative to same, said opinion being rendered on June 11th, which concurs with our interpretation of the law.

The following interpretation of the laws for catching fish above tidewater was received this week from Mr. E. Lee LeCompt, State Game Warden:

POPULARITY CONTEST MOVES TOWARD END

With less than two weeks to go the contestants of the Buy-In-Chestertown Popularity Contest are doubling their efforts to reach a high mark.

Votes are being taken among the contestants as to the preferred second, third and fourth prizes and although the prizes are not yet definitely decided upon it is expected that the majority will call for a radio for second prize, a diamond ring for third and a wrist watch for fourth. In case the winner of any of these prizes has the article which would be awarded some arrangement will be made to her satisfaction.

The campaign has brought out among the girls some latent salesmanship and many are proving their ability in that field. It has also brought out considerable good sportsmanship and an increased interest in the county-seat as a shopping center. To the merchants it has in a great many cases brought more business and has been the means of bringing about the payment of old bills. The local representatives of the press have given the campaign much publicity, all of which helps in putting Kent County on the map and aiding it in living up to its reputation at home and abroad as an up-and-doing community.

This week the leaders are: Mrs. Frances Needles, Misses Margaret Russell, Kathryn Smith, Hazel Greenwood, Mrs. Raymond Sutton, Misses Rachel Willis and Helen Brown. Mrs. Raymond Sutton and Miss Hazel Greenwood are running closely together.

The night of the next meeting will be announced later as other events on the usual Tuesday meeting night are taking many of the merchants next week.

Although most of the high marks are now held by Chestertown girls the merchants have in mind the girls who, in the outlying sections, have been doing their best to bring business to the home center. The work of these girls will not go without suitable recognition.

TO EXTEND TIME FOR BAY BRIDGE

Congress would grant an extension of time for commencing and completion of the Chesapeake Bay bridge, connecting Baltimore with Kent county, uunder a bill introduced this week by Senator Millard E. Tydings.

The ait of Congress authorizing the Chesapeake Bay Bridge Company to construct a bridge across the bay from Miller's Island to a point in Kent county was approved February 15, 1927, and the bill offered today would extend the time one and three years from April, 1931.

The extension of time for commencing and completion of the bridge was requested in view of the fact that considerable time elapsed before approval of the board of army engineers was obtained. Also the time required to complete the financing of the project, from April, 1931, was not thought sufficient to complete the structure and comply with the act authorizing its construction.

—Some fine pictures on at the New Lyceum Theatre every night next week see advertisement on page four.

TOWN PAVING PROGRAM

Within the past two weeks new pavements have been laid on Cross street from the Third National Bank to Gill Bros. On Kent Circle from the bakery to Mt. Vernon Place. On High street from Hudson Corner to the Usilton property.

Construction work wil start shortly on pavement on Queen street from Hellers corner to Cannon street.

GOLF MATCH AT CLUB TODAY

The second match in the Peninsula Golf League will be staged at the Chester River Yacht and County Club this afternoon when the Dover Club will play the local team.

Salisbury and Dover are leading in the league having each won one match and lost none. Chestertown and Rehoboth have each lost one game and won none.

In both of the matches played on June the 8th the home teams won.

DOG CONSTABLES APPOINTED

The following were appointed dog constables by the Commissioners for Kent County at their regular meeting on Tuesday:

First District—Leonard Robinson.
Second District—L. E. Grantlin.
Third District—John Brice.
Fourth District—Jacob Wilbur.
Fifth District—James Moffett.
Sixth District—Harry Stavely.
Seventh District—H. U. Fletcher.

BASEBALL SCORES

The results of Saturday's games in the Chesapeake Bay baseball League are as follows:

Middletown vs. Galena—Score 3 to 2 in favor Middletown.

Middletown vs. Kennedyville—Score 11 to 2 in favor Kennedyville.

Galena vs. St. James—Score 8 to 4 in favor Galena.

Cecilton vs. Sudlersville—Score 8 to 4 in favor Cecilton.

Sudlersville vs. Cecilton—Score 10 to 8 in favor Cecilton.

Kennedyville vs. St. James—Score 9 to 4 in favor Kennedyville.

DEVELOPING CO. DISOLVED

At a meeting of the stockholders of the Chestertown Development Company on Tuesday evening of this week it was decided to disolve the corporation and sell the property on Mill St.

This company was formed by the Chestertown Business Men's Asociation several years ago and the property on South Mill Street was purchased and a factory built for a woolen mill. This mill was unsuccessful and the building was later rented to the Victor Sparkler Co., of Elkton, who conducted a packing plant here until a recent fire destroyed the building.

The stockholders decided to sell the lot to Mr. Ellsworth C. Bowers for $1,500. The assetts of the company will be divided among the stockholders, paying approximately $.90 on the $1.00.

TWO FIRES THIS WEEK

Fire of unknown origin destroyed an old abandoned stable in the rear of the home occupied of Mr. C. K. Beilharz on Washington Ave., adjoining the High School building Tuesday evening at 10 p. m. The building was in full blaze when discovered and the local fire company soon extinguished the fire after arriving on the scene.

On Thursday afternoon fire destroyed the wharf house and part of the wharf of the Tolchester Steamboat company at Worton point. This wharf has been abandoned by the Tolchester company but has been used for local shopments. The Chestertown fire company answered the call but the wharf house was destroyed before the fire truck arrived on the scene. Water was pumped on the burning timbers until they were totally extinguished.

DEATHS

Mary E. Ervin, wife of William Ervin and daughter of the late John and Sarah Scotten passed away at her late home in Philadelphia, Pa., Friday the 14th in her 67th year. She was a devoted member of the M. E. Churir, of Philadelphia. Mrs. Ervin's christian spirit her love of home and her friends and neighbors, endeared her to her many friends and love ones.

Her husband bestowing his great love and personal attention at all times made it easier for her through her lingering illness.

Services were held from the home of her sister, Miss Lizzie Scotten, Kennedyville, Monday afternoon at 2 p. m. Interment Galena cemetery. Rev. Short officiated. B. R. Fellows, undertaker.

The pall bearers were: Messrs. Carson Greenwood; Harry Meeks; Maxwell Meeks; James Groves, Layton Mahoney, and Albert Jervis.
