The Chestertown Transcript.

VOL. LXXII---NO. 16 | CHESTERTOWN, MARYLAND, SATURDAY, JULY 20, 1929 | $1.50 PER ANNUM

HEART O' SEASON SALE

Starting next Wednesday, Noland will stage a ten day sale that promises to beat anything ever attempted in that store. Thousands of circulars, together with the four page spread in this issue, will tell the story and a careful study of the bargains offered will save purchasers many dollars in purchases made during the ten day selling.

The sale is for the purpose of reducing stock to make room for new fall goods and every department of the store is offering worth while bargains.

Mr. C. E. Noland, proprietor, is one of Chestertown's progressive business men, is interested in all community affairs and is a strong booster of the "Buy at home," movement.

The many departments in the store offer a variety of merchandise which fill almost every need.

Box No. 107, Kennedyville, Md.

COWS FOR SALE

CHOICE DAIRY COWS for sale at all times. ALL T. B. TESTED. The kind that are giving satisfaction.

D. RAYMOND HILL,
m2-tf. Kennedyville, Md.
Telephone, Still Pond—61-F23.

AIR SHOW HERE TODAY

STUNT FLYING, AIR RACES, PARACHUTE JUMPING TO BE AMONG FEATURES

The Chestertown Air Port will be the scene of one of the most complete air shows this afternoon ever staged in this section when the newest and most complete cabin planes and a specially designed stunt plane of the Curtis Air Service together with the air unit of the Maryland National Guard as well as planes from neighboring air ports will be in Chestertown.

The occasion will be the summer air meet of the Chestertown Air Port, which is under control of the Curtis Flying Service, of Baltimore.

The Kent County Chamber of Commerce is responsible for the building and maintaining of the Chestertown Air Port and the airport committee, composed of Dr. Paul E. Titsworth, Mr. Marion deK. Smith and Harry F. Jefferson, are working with the Curtis Air Service in arranging a program which promises to be the most elaborate aerial exhibition ever presented here. Aviation is past the experimental stage and is at the present time an important means of transportation in all parts of the world. The time is here when a town without an airport is as handicapped as a town without a railroad was a few years back. The Eastern Shore is particularly favored as a safe flying territory as the level fields and interwoven rivers make possible emergency landings for both airplanes and hydro-airplanes.

Stunt Flying

One of the outstanding features of Saturday's meet will be stunt flying in a special plane built for that purpose and spectators will be thrilled by the latest air actrobatic stunts.

Parachute Jumping

Another feather will be a parachute jump from one of the planes.

Efforts being made by Congressman T. Alan Goldsborough to have some army planes visit Chestertown today.

ROCK HALL CARNIVAL STARTS JULY 25

The Rock Hall Firemen's Carnival will start on Thursday of next week, July 25th, and continue through Monday, August 5th.

The firemen of that town have arranged features of special interest and expect to attract people from a large area. They are offering an opportunity to help an organization whose business is helping others and the opportunity is presented in a way that every one will have a good time.

Fire Works July 30th.

One of the outstanding features will be an elaborate display of fireworks on Tuesday night, July 30th, when beautiful illuminations of all kinds will delight the spectators.

Parade Night August 1st.

On Thursday night, August 1st, the annual firemen's parade will be held at which time visiting firemen with equipment and bands from many distant ant near by towns will compete for prizes.

The Rock Hall Volunteer Fire Co. deserves support of citizens, not only in the vicinity of Rock Hall, but Chestertown as well, as on two recent occasions they have responded to calls in Chestertown at serious fires and have done good work.

FARMS SOLD

Deeds were recorded in Clerk's office this week for the sale of the Harry Hendrickson farm and the Dr. Urie farm. Both of these farms were purchased by Mr. Morris L. Clothier, of Philadelphia, and are located in the second Election District of this county. The Hendrickson farm adjoins the old home farm of the late Wm. T. Hepbron and the George W. Davis and Joseph Webb farms and contains 200 acres. The price paid for this farm was $10,000. The Dr. Urie farm is located on Lloyd's Creek and contains 258 acres. The price paid for it was $7,500. The purchase of these two farms by Mr. Clothier makes him the largest land owner in this county.

Subscription to the Transcript $1.50 per annum.

TRANSCRIPT'S MUISINGS

THE BROOK

"Thou, little brook, like silver clear
and bright,
Art hastening ever in thine onward
flow!
Upon thy bank I stand, and think and
think:
Whence comest thou, and whether
dost thou go?"

Forth from the bosom of the rock I
spring;
Flowery meads and moss my course
leads through;
Upon my clear and shining mirror
floats
The friendly image of the heavenly
blue.

A child's glad hearted mind and trust
I have,
And whither I am borne I do not
know;
But He who calls me from the darksome rock
Will be my guide whereever I may
go." —Goethe

Beautiful Kent Where could one find a lovelier location?

See how her green arms encircle the blue bays and creeks which indent her shores while the great Chesapeake washes her bosom. Where would one find a better climate, more sunshine, better food than right here?

Here we have Tolchester and Betterton as bayside resorts; country clubs and golf while the blue rivers and bays invite yachts and boats to sail on its waters. For those who seek quiet and repose, there are secluded farms overlooking land locked bays. Where would one find a livelier Chamber of Commerce eager to work for the welfare of its citizens? Oh lover of beauty, if you are looking for a place to settle, come to Kent.

I want to travel the common road
With the great crowd surging by,
Where there's many a laugh and many
a load,
And many a smile and sigh.

It relieves our axiety to know that while the president and vice president are away from Washington, Mrs. Gann is still there.

He had a rattle in his car:
Which caused his friends to grumble,
So he traded it in for another one.
But alas! That had a rumble.

Are you playing golf these days? You should at least try and thus win the coveted tan thats in vogue just now.

She could not putt, but she could pet.
And so the golfer thinks
She plays the finest game that's yet;
My lady of the Links.

Just an Insurance Man.

Calvin Coolidge came to town the other day to attend to his duties as a life insurance company director. Only a few of his associates knew that he was in the city.

"Unremarked he passes by
In the city throng.
Not a solitary eye
Rests upon him long.

Now he seeks with quickened limb
Safety from a bus.
Now a taxi hoots at him.
Once it was not thus.

Once the city ran to see,
Shouted in his praise.
Once—but who, indeed, can be
President all his days?"

FIRE COMPANY TO PICNIC

The Chestertown Volunteer Fire Co. will hold an outing at Quaker Neck Wharf next Tuesday afternoon, July 23rd, leaving the steamboat wharf, foot of High street at 5 p. m.

All active, associate and band members are expected to avail themselves of this outing, East and music free, but in order to know just how many to prepare for, it is the wish of the committee to have each guest advise the Fire Co. at its regular meeting next Monday night as to their intensions.

Transportation has been secured through the Chester River Yacht Club and do not forget we want you to enjoy yourselves.

A regular time is being planned and the people living in the vicinity of Quaker Neck Wharf are getting things in readiness for the outing.

AGRICULTURAL NOTES

BEAN GROWERS WARNED OF SECOND BEETLE INVASION

While the early plantings of market and garden beans in the State in most cases matured before the first brood of the Mexican bean beetle larvae reached sufficient size to do any damage to them, later bean plantings are going to be injured considerably by the second brood of these destructive insects, it is declared by P. D. Sanders, associate entomologist for the University of Maryland Extension Service. Mr. Sanders is warning all growers, truckers, market gardeners and home gardeners of the State to take every precaution to check the inroads of this second brood of beetles which are appearing now. By carefully cleaning up old vines and following a systematic dusting or spraying schedule much can be accomplished towards preventing this damage, it is declared.

Therefore, as a first step towards combating this invasion, it is advised that all early bean plants be plowed down as soon as the crop is harvested so that all stages of the insect that may be on the plant can be destroyed. This is an important step since these insects, when mature, migrate to other plantings very rapidly.

Secondly, spraying or dusting as soon as the adult beetles appear in considerable numbers in the bean fields, the applications being repeated eight or ten times until the bean pods have formed into snap beans or the infestation is cleaned up on the lima beans.

Fields tests and observations throughout the State by the entomology department have shown that this year both sprays and dusts have done well in controlling the Mexican bean beetle.

For dusting, either a 20-20-60 copper-arsenate-lime dust or a 1-4 magnesium-arsenate-lime dust may be used with success. However, the former dust has the advantage of being a control for many different plant diseases and hence is a good all round dust for the farm. It may be used on potatoes, tomatoes, cantaloupes, cucumbers and melons, and has been found benefical in the case of lima beans having mildew or leaf spot.

For spraying, either a magnesium arsenate solution, one pound to fifty gallons of water; or a calcium spray, one pound to a 4-6-50 Bordeaux mixture will prove satisfactory if good machinery is used

PONEY PENNING AT CHINCOTEAGUE

Chincoteague Island ponies, wiry, tough little animals, concerning whose origin there has been much dispute, will be driven from the sur rounding marshes, rounded into the town of Chincoteague and "penned" July 25, in keeping with an annual custom there. The "penning" of Chincoteague ponies, years ago, had all the fervor, dust and excitement of the Western rodeo, and even now the occasion is set aside as a holiday in Chincoteague. Visitors, many of them prospective customers, attend the round-up from many parts of the United States. The origin of this peculiar breed of ponies has been a mooted question due to the close interweaving of legend and facts. One theory holds that a Spanish ship was wrecked somewhere on the Atlantic Coast and that its cargo of horses swam ashore and gradually adapted themselves to life in the marshes and islands from Georgia to Chinteague. A second theory of their origin, sponsored mainly by Virginia historians, claims that the ponies are descendants of horses which wandered away from Virginia plantations into the marshes and swamps, and whose size has been reduced to the severe environmental conditions under which they were forced to live.

BIDS ON 5TH DIST. ROADS

In this issue the State Roads Commission are advertising for bids on road contract K-42.

This contract calls for the building of 5 miles of 9 ft. concrete road from Rock Hall toward Eastern Neck Island.

This contract is part of the million dollar road building program now underway in Kent county.

ROAD CONTRACT OPENED

Bids on the construction of concrete road under contract K-35, Millington to Sassafras, were opened this week by the State Roads Commission. W. W. Truit, of Lincoln, Del., was the low bidder.

The contract calls for 3.9 miles of 9 ft. concrete road and the low bid was $65,505.00.

Other bidderes were Layfield & Waller, of Salisbury—$65,905.50. P. D. Phillips & Bro., of Salisbury, $67,675.50.

ST. SWITHIN'S FAIR

Take note of the weather for the next 40 days. St. Swithin, Bishop of Winchester, England, and a weather prophet, was buried in 862. On July 15, 962, the story goes, it was decided to move his bones, but a terrific rainstorm burst and continued for 40 days. The remains were left where they were. And so:

St. Swithin's Day, if thou dost rain
For 40 days it will remain;
St. Swithin's Day, if thou be fair,
For 40 days it will rain nae mair.

The legend points to 40 days of clear weather in Kent county as the 15th yielded no rain here; although the records of the weather bureau prove that the poem is not true in every case.

BLACKHEAD EXPERIMENTS

FOR TURKEY GROWERS BENEFIT

The University of Maryland has a doctor devoting his time to poultry disease work. The services of this man are available to the turkey growers of the State. Any party having turkey flocks affected with Blackhead are requested to send sick, live birds to Dr. H. M. DeVolt in the Department of Bacteriology and Sanitation. He is constantly experimenting to find out more about this destructive disease. Express charges must be paid, since he has no funds for this purpose. The doctor will examine the sick birds, report the results of the examination and make recommendations for control and eradication of the disease.

Any reader having turkey troubles or suspecting Blackhead are requested to call on the Extension service of Mr. McVean, the County agent.

BETTERTON ICE & ELECTRIC CO. REORGINAZED

At a special meeting of the Stockholders of the Betterton Ice & Electric Company held at the office of the company, Tuesday, July 16th, 1929, the resignations of all the Directors and the Officers of the Company were accepted; after which the following new Directors were elected.

James W. Cryder, President, Continental Publicity Utility Company, Philadelphia, Pa.

Eugene A. Edgett, Attorney, Baltimore, Md.

Clarence W. Miles, Attorney, Baltimore, Md.

Charles H. Duffield, Philadelphia, Pa.

Charles H. Brice, Betterton, Md.

A meeting of the Directors was held and the following officers elected:

Charles H. Duffield, President.

Charles H. Brice, Vice President and Treasurer.

Eugene A. Edgett, Secretary.

WORTON

Mr. and Mrs. Mowbray Hadaway and daughters, Mary Beulah, and Betty and Francis Mullen visited Mrs. Hadaway's brother, Mr. Lewin Burris and family, of Lock Raven, Baltimore County, Sunday.

Mr. Maxwell Rasin and friend, of Philadelphia, are visiting the formers parents, Mr. and Mrs. Wm. T. S. Rasin.

Mr. Richard Harris, of New York, was the guest of his mother last week end.

Miss Margaret Thomas, of Washington, visited her parents last week end.

Kathryn and Dorothy Bullock, of Baltimore, are visiting their cousins, Anna and Hazel Wallis.

Mr. George T. Williams, Jr., of Baltimore, spent last week end with his parents, Mr. and Mrs. George T. Williams.

Mr. Norman Solloway, of Portland, Maine, is the guest of his parents, Mr. and Mrs. J. W. Solloway.

Subscription to the Transcript $1.50 per annum.

RACES OFF CLAYBOUR

ISLAND BLOSSOM IN CANOE RACE

The regatta committee and members of the Chesapeake Bay Yacht Club of Easton, have made preparations for holding of their annual regatta which is to take place on Miles River off Claiborne, on Saturday and Sunday, July 20th and 21st. This will be the fourth series of races for the possession of the Sir Thomas Lipton Cup presented to the Chesapeake Bay Yacht Club, to be raced for annually by sailing boats of the star boat class.

There will be one race on Saturday and two on Sunday, the boat winning two of the races will have the trophy in its possession until the races in 1930. The trophy has been won three times and each time by a different boat and owner. In 1926 it was won by J. Rulon Miller, of Baltimore. In 1927 it was won by Graham and Lowndes Johnson, of the Chesapeake Bay Yacht Club of Easton. In 1928 it was won by Mr. F. T. Bedford of New York.

Yachtsmen of the Chester River Yacht and Country Club have been getting the Island Blossom ready for the Chesapeake Bay sailing canoe race which will be held today. The Island Blossom is one of the famous Chesapeake Bay sailing canoes that won fame in the days when canoe racing was the favorite bay sport. She will sail under the local yacht club burgee.

SHORE TOURIST TRAVEL ON INCREASE

The fourth annual census of foreign tourist traffic throughout the Del-Mar-Va Peninsula taken by the Del-Mar-Va Eastern Shore Association was completed at 5.00 p. m. Sunday, June 23, with a check maintained over a 48-hour period.

This year the record shows tourist traffic to have increased materially over any of the last three years. At a main point midway down the Peninsula here only south bound traffic in foreign licenses were recorded 2511 cars, representing twenty-nine States in the Union were checked. At other points where semi-official checks were maintained, the average of 1,000 foreign licensed cars or better during each twenty-four hour period from Friday evening until Sunday evening were also secured.

From the records kept at Association headquarters, the increase this year in tourist traffic over 1926 is approximately 150 per cent, and more than 100 per cent increase over 1927. Compared with the 1928 a 34 per cent increase is shown.

The State of Pennsylvania led the visitors by a considerable figure. The total number of Pennsylvania cars on record equal nearly half of all foreign licensed cars coming into Del-Mar-Va. There were 1708 bearing Pennsylvania tags in the Association check-up.

New Jersey was next in line with 359 while New York, Ohio and the New England States provided the larger portion of the remainder.

Among other States represented were Texas, Wisconsin, Illinois, Massachusetts, Florida, Kentucky, North Carolina, Connecticut, Tennessee, Alabama, Indiana, Michigan, California, Missouri, Georgia, North Dakota, Vermont, Minnesota, Montana, District of Columbia and the Province of Quebec, Canada.

Substantiating the Association's report is the periodical check maintained throughout the Virginia Counties as well as at points in the upper Eastern Shore of Maryland, which give indications that the Peninsula is at this season of the year being visited by an average of more than a thousand foreign licensed cars during each 24 hour period.

In the last report from the Eastern Shore of Virginia Chamber of Commerce a check was kept at five prominent points records show that 1156 foreign licensed cars were recorded within a twelve-hour period. This was a 61 per cent increase over the same date last month, and semi-official checks in other sections may be authentically accepted as an indication of the tremendous increase in tourist traffic in all sections of the Peninsula.

Sale of the Eastern Shore Can Co., at Hurlock to the Continental Can Co. was announced Tuesday morning. The sale was completed in the New York office of the Continental Company. The sale price approximates $800,000.

JULY CLEARANCE AT BONNETT'S

In this issue, B. L. Bonnett is advertising a July Clearance Sale of Men's and Women's apparel.

Many items are offered at greatly reduced prices. A July Clearance is an annual affair in this store the public is offered the advantage of the stock reducing prices so as to make room for other merchandise.

CANOE RACE POSTPONED

The Chesapeake Bay sailing canoe race, scheduled to be held at Claybourn today, has been called off due to the fact that the Magic, one of the famous sail boats of this type was badly damaged in a recent storm.

The other entrants in the race, one of which is the Island Blossom, of the Chester River Yacht and Country Club, consented to the postponement until the Magic is in condition.

BOND ISSUE MONEY IN HANDS OF COUNTY TREASURER

The net proceeds of a bond issue of $1,000,000 for road improvement in the county, which was recently sold to the National City Company of New York for $980,000, have been received by County Treasurer Clarence Newsome.

The money has been placed in the banks of the town and county in the following sums: Chestertown Bank of Maryland, $500,000; Kent County Savings Bank, $300,000; the Millington Bank of Maryland, $100,000, and the Citizens Bank of Chestertown, $80,000.

BLUE JACKET REACHES BERMUDA

Word was received this week from Mr. Tilghman Moyer that he has reached Bermuda after a very pleasant sail in his schooner yacht, Blue Jacket.

The Blue Jacket is part of the fleet of the Chester River Yacht and Country Club, and her owner, Mr. Tilghman Moyer and family left several weeks ago for Bermuda. After passing out of the capes they sailed to Long Island and then to Bermuda. Mr. Moyer is an expert navigator and is expected to return to Chestertown shortly.

SCOTT HELD FOR COURT

William Scott was given a hearing before Justice Stafford on a charge of murder of Charles Harris and was held for the action of the October Grand Jury.

The hearing was held in the Court House and the room was crowded with spectators. Mr. Stephen R. Collins State's Attorney represented the state and Mr. Thomas Healey represented Scott.

One colored winess was being questioned as follows:

Question. How many shots did you hear?

Answer. Two.

Question. Who fired the first shot?

Answer. William Scott.

Question. Who fired the second shot?

Answer. Did sah, I don't know, cause I was running.

ROUNDING UP UNINSPECTED CARS

The state police force is busy this week rounding up automobiles that have not been inspected, in conformity with a law passed by the last session of the Maryland Legislature.

The campaign ended Monday with many automobiles still uninspected, according to official estimates. State and city policemen will attempt to force the inspection of the vehicles during the remainder of the week.

Those without the "inspected" signs on the windshields at the end of the week probably will lose their licenses by revocation or suspension.

E. Austin Baughman, Commissioner of Motor Vehicles, warned motorists who have had their automobiles inspected to keep the "inspected" tags on the windshields for thirty days.

He pointed out it would be impossible for the police to know whether the machine had been inspected without the sign.

—A chicken and waffle supper for the benefit of Old St. Paul's Church, will be held on the lawn of Mrs. Nora C. Maxwell, Worton Manor, on Wednesday, July 24th.

CHAUTAUQUA

"Quality Programs" IN CHESTERTOWN STARTS NEXT MONDAY JULY 22ND "for Everybody"

©Maryland State Archives msa_sc3326_scm8225-0704
