PROTECT YOUR HEALTH . . SAVE YOUR FOOD

THE proper preservation of foods prevents the growth of disease germs and bacteria.

To preserve foods properly refrigeration must be used.

The Crosley Icyball Refrigerator provides a commodious cabinet for the storage of all those things which are needed for the table during the day. More economical than ice the cost of heating the Icyball unit each day is averaged at 3 cents.

The Crosley Icyball Refrigerator offers you all these advantages at a very low cost. This beautiful refrigerator comes to you at $85. F. O. B. factories.

The Crosley Icyball Refrigerator is the result of an invention which makes it possible for you to enjoy the many benefits of refrigeration no matter where, or under what conditions you may live.

For its operation it is entirely independent of electricity or other power services. You simply remove the ice unit each day and have it for the period of approximately an hour and a half.

THE Crosley Icyball Refrigerator is manufactured by one of the largest radio manufacturers in the world. The facilities and great resources of so large a corporation make it possible to sell this high class refrigerator at so low a price.

Come into our store and see a Crosley Icyball Refrigerator in operation. You will be convinced that it is the greatest refrigerator on the market. To see it is to buy it.

THE Crosley Icyball Refrigerator cabinet is constructed of metal. The exterior is finished in gray and green lacquers and enamel. The interior is handsomely done in gray and white baked enamel. Trimmings are of polished nickel.

The Crosley Icyball Refrigerator is equipped for the making of ice, frozen desserts, chilled salads, ice cubes, etc.

The Crosley Icyball Refrigerator will do anything that any other refrigerator will do, and do it cheaper. You're safe with a Crosley.

Puss Expert Fish Catcher

Cats, in their primitive state, are born hunters and fishers and on tombs of ancient Egypt appeared representations of cats accompanying their masters on fowling expeditions. One of the most interesting accounts of cats as fishers, found in the Plymouth Journal, relates: "There is now at the battery, on Devil's point, a cat which is an expert catcher of the finny tribe, being in the constant habit of diving into the sea and bringing up the fish in her mouth and depositing it in the guardroom for the use of the sailors. She is now seven years old and has long been a useful caterer."—Detroit News.

Writers, Please Note

Not so long ago bottles of gum issued by the British stationery office bore the following instruction:

"In ordinary use the best and most nearly immediate result is secured by using only such an amount of gum as will just uniformly moisten the surface without leaving any obvious excess to delay drying, the condition to be aimed at being that of a gummed postage-stamp just moistened as ordinarily applied to a letter."

Now some sensible economist, callously indifferent to fine writing, has replaced this piece of unexampled prose with the terse paraphrase, "Apply thinly."

CERESAN
A Treatment For Wheat

Ceresan is very effective in the control of Bunt or Stinking Smut and is recommended for the control of seed bourne Flag Smut.

Ceresan is a very fine, gray dust, the chemical constituents of which do not cause corrosion of metals.

Therefore Ceresan should not clog the drill nor cause injury to its metal parts as is the tendency of some dust disinfectants.

Ceresan enables you to control many of the important cereal diseases speedily, economically and without danger to your seed.

McCORMICK-DEERING 10-20, 15-30 AND FARMALL TRACTORS

Evidence is seen at every hand that farmers are pulling more profit out of their acres with power and machines that put more accomplishment into every working day, increasing production and reducing costs. Your acres offer equal opportunities for this new-day power farming equipment.

When you turn to power farming, take your tip from the widespread popularity of McCormick-Deering equipment. Your neighbors are making money with McCormick-Deering tractors and machines. Talk to one or more of these owners about the economy, long life, full 4-cylinder power, and easy operation of their McCormick-Deering tractors. If possible, climb on a McCormick-Deering yourself and pilot it over the soil. Your experience will prove an eye-opener.

McCormick-Deering tractor power, and the big-capacity machines that go with it, will work a magic transformation in all of your important operations.

During the coming weeks think of your crop production in terms of modern power farming. Figure what it will mean to you to save a day here and a week there as the season progresses. Think of the advantages of doing more thorough work while you are doing it in less time than ever before.
