CHURCH NOTES

Christ M. P. Church, Chestertown

Rev. E. A. Sexsmith, D. D. Minister.

WHY SHOULD I GO TO CHURCH? Answer No. 1, I ought to go to church because I should be better than I am and need the counsel and instruction of the church to help me. Henry Ward Beecher once said: "The church is not a gallery for the exhibition of eminent Christians, but a school for the education of imperfect ones." You are invited to our services next Sunday which are as follows:

10.00 a. m. Sunday School, subject, "The Return from the Babylonian Captivity."

11.00 a. m. morning worship. Sermon by the pastor.

7.00 p. m. evening worship. This service will consist of an Echo meeting from the recent Leadership Conference held at Westminister, Md. The delegates and pastor will tell you about this wonderful conference.

Wednesday 7.30 p. m. prayer meeting. "Come thou with us and we will do thee good."

Worton Church

Do you want rest, strength, a cure for care, help to carry the load, something worth while to think about and live for? Plan to attend some church service this Sunday and you will carry a blessing with you. You will find a cordial welcome at this church.

The young folk of the Sunday School held a shore picnic at Gale's Wednesday evening. The event proved a delightful occasion for everyone present.

A very delightful meeting of the Ladies Aid Societies of Worton and Fairlee Churches was held at the parsonage in Fairlee Tuesday afternoon, August 13th. The Social program consisted of an opening address Mrs. Weldin Walbert; an address of welcome, Mrs. Robert Green; piano solo, Miss Katherine Smith; reading, Mrs. Harry Williams; Solo, Mrs. Lee Barnes; address, Miss Minnie Hicks; instructor at the Maryland School for blind; solo, Miss Dorothy Hendrickson, Reading, Mrs. Harry Hoyle; closing address by Mr. B. RESULT OF SAVE A LIFE CAMPAIGN

Statistics compiled by E. Austin Baughman, Commissioner of Motor Vehicles, show that thousands of automobiles inspected during the "Save-A-Life" campaign had defective brakes, lights and steering apparatus.

The commissioner announced that 193,364 automobiles had been inspected so far. He said it would be at least two weeks before the final figures would be available, as some 80,000 cars have not as yet been tabulated.

Calls Report Startling

"The figures are startling beyond words, to think that so many adjustments were necessary before cars would be made safe for the highway," the statement said.

"Figuures show conclusively that these campaigns are necessary once a year, and some States are advocating having them twice a year. Too much attention cannot be paid to the necessity of keeping the automobile in a safe mechanical condition.

."The police are now actively engaged in stopping and inspecting all cars that do not have stickers, and if these cars are found to be unsafe, the tags will be taken away.

"We are now interested, and will be for some time, in removing what we term unsafe cars or junk cars from our highways. The reduction of fatalities during the campaign is most gratifying in view of the fact that all other States are showing decided increases in motor fatalities. During the 'Save-A-Life' campaign here there was a reduction of twenty per cent in fatalities."

CLUB WEEK AT UNIVERSITY OF MD.

Five hundred boys and girls, members of 4-H Clubs from every county in the State, attended the annual Club Week on the campus of the University of Maryland, College Park, from August 8th to 13th.

The first important feature of the week was the assembly hour on Friday when President R. A. Pearson, welcomed the club members to the University. Dr. T. B. Symons, director of the Extension Service of the University also said a few words to the visitors during the same hour. Later the young people had the opportunity of hearing from another distinguished individual, Judge Frank I. Duncan, chairman of the agricultural committee of the State Bankers Association, who spoke to the club members during the assembly hour, Saturday morning. A few of the other individuals who assisted in inspiring the boys and girls through talks and demonstration were Miss Fannie Buchanan, of the Victor Talking Machine Company; Mrs. Edith Craig, of Boston; Miss Ella Gardner, Children's Bureau, Department of Labor; and Miss Elinor Peregoy, Postum Co. The entire week's program was under the direct supervision of Miss Dorothy Emerson, Girl's Club Agent and E. G. Jenkins, State Boy's Club Agent.

The instruction and recreation features of the week included lectures, tours of inspection, councils and games for the boys and judging, exhibits, news writing, talks and recreational programs for the girls. In all, about thirty specialists, home and county demonstration agents, and outside individuals aided in the instruction of the visiting club members.

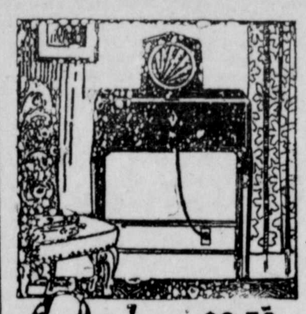

On Friday and Saurday a number of groups of club members made trips to the United States Bureau of Animal Industry Farm at Beltsville, Md., and the United States Department of Agriculure Farm at Arlington, Va. These trips aided greatly in furnishing a practical side to the class instruction conducted at the University during the week. On Monday the visitors went on a sightseeing tour to the national capitol and in the evening a farewell council meeting was held on the grounds of the Department of Agriculture at which time awards and cups were presented to those who had been successful in the various contests during the week.

Thirty-four 4-H Club Members (twenty-one girls and thirteen boys) from Kent County attended Club Week and all report a fine time.

In the brea djudging Isabel Fowler placed first.

Lillian Ford placed third in the style show of afternoon dresses.

An election will be held at Emergency Hospital, Easton, on October 14 to fill the places of five members of the Board of Directors. Those whose terms are exppiring are Mrs. J. W. Bigelow, Dudley G. Roe, J. Roscoe Wheatley, J. McKenny Willis, J. Harper Skillin. Anyone who has contributed $10 to the Hospital during the year which ends August 31, 1929, will be entitled to vote.

We have been reading with amusement how embarrassed the wives of the envoys have been in Russia, by being forbidden to wear their handsome dresses and jewelry. The Russian officials tell them that they do not want any bourgeois manners displayed before the proleteriat, though the officials themselves live in the palaces of the Czar.

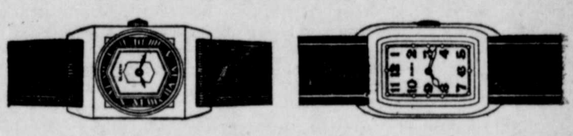

Tomorrow! What magic in that word, tomorrow!
The fulfillment of our desires,
The day of the lazy,
The expression of our faith in the eternal!
Yet tomorrow is but today,
And those who wait for the morrow wait forever.

SO HE "LAID IT TO REST" IN HIS WIFE'S JEWELRY BOX

IT was a pretty thing in its way... this bravely engraved and encrusted time-piece that the boys at the office had given him. But it wasn't properly cast for the role of making trains ... or keeping appointments ... or getting to the theatre by curtain time. So its owner dusted off his old reliable *American* watch and laid his new one to rest on the silken cushions of his wife's jewelry box. Where, he tells us, he looks at it at least once a week as a token of appreciation to those who gave it to him.

Note to watch-givers: We feature fine, dependable, *American* watches in this store.
