SO HE "LAID IT TO REST" IN HIS WIFE'S JEWELRY BOX

It was a pretty thing in its way . . . this bravely engraved and encrusted time-piece that the boys at the office had given him. But it wasn't properly cast for the role of making trains . . . or keeping appointments . . . or getting to the theatre by curtain time. So its owner dusted off his old reliable *American* watch and laid his new one to rest on the silken cushions of his wife's jewelry box. Where, he tells us, he looks at it at least once a week as a token of appreciation to those who gave it to him.

Note to watch-givers: We feature fine, dependable, *American* watches in this store.
