CHAMBER COMMERCE DINNER

100 ATTEND FIFTH SEMI-ANNUAL AFFAIR

The fifth semi-annual dinner of the Kent County Chamber of Commerce was held in the Parish House of Wesley Chapel, Rock Hall, Thursday evening with 100 men and women in attendance.

After a delightful dinner served by the ladies of Wesley Chapel, Dr. Paul E. Titsworth, president of the Chamber of Commerce, opened the program with an outline of the acomplishments that have taken place in Kent County during the past year in which the local Chamber of Commerce took a prominent part. After an interesting talk he introduced Mr. Nathan, of Cambridge, treasurer of the Del-Mar-Va Association who brought greetings from that association.

The next speaker was Mr. J. Hall Anderson, former Lieutenant Governor of Delaware and at present a member of the Delaware Highway Commission. Mr. Anderson told in detail the history of Delaware road system which started when Mr. T. Coleman Dupont gave that state the Dupont Boulevard at a cost of over $4,000,000. His talk brought out the fact that while Delaware was late in the building of highways, they started with the construction of wide straight roads. Although very little has been done on secondary roads, Delaware's highways are the pride of that state.

A VEST POCKET ESSAY ON TONSILS

Tonsils are parking places for microbes and are located along the avenue traversed by half-masticated or Fletcherized food as well as liquid refreshments enroute to satisfy or distress the inner man whichever the ultimate results might prove to be. They are apparently of as much value to the owner as a hair pin is to a flapper with a boyish bob, but it takes a bribe of fifty or seventy-five bucks to induce a throat mechanic, aided and abetted by a trained nurse, to remove them from the scenery. Tonsils may have been intended as beauty spots in an otherwise desolate looking canvern, but after they have become a brooding place fr numerous varieties of bacteria and loaded with the by-products of these minute trouble makers they are about as attractive as a pup with the mange. While Dame Nature may long since have forgotten what duties tonsils were primarily intended to discharge, human ingenuity has, by employing them as he piece de resistance in innumerable operations, made them a dependable source of monthly payments on automobiles purchased by tonsil manicurists as well as a fund of gossip for those who like to discuss operations. Tonsils have proved a boon to many a medic who, when searching for the cause of a case of blind staggers or some other mysterious ailment, happened to find them still doing business at the old stand, would order them to the incinerator with the satisfaction of knowing that he was giving them their just deserts whether they were or were not guilty in the case under consideration.

STILL POND

Mrs. Harry Bedwell is spending this week with her aunt in Wilmington, Del.

Mrs. Wilson Smith and daughter, Mrs. Harry Hart are visiting the former's daughter, Mrs. Earl Norris and family.

Rev. and Mrs. Oris Robinson, of Baltimore, Md., spent several days this week with her parents, Mr. and Mrs. Wm. Medders their daughter. Pheobie who has been spending the summer here returned home with them.

Mr. Wm. Strong and friend, Mr. Lee, of New York, visited Mrs. Emma Thompson this week.

The District Sunday School Rally which was held here on Wednesday was well attended by delegations from Kennedyville, Betterton and Still Pond in the afternoon and from Still Pond in the evening. The talks by Mr. Mohr from Chestertown and Mr. Cudlipp the State worker from Baltimore were very interesting and we trust will prove helpful.

We are glad to know that Mrs. L. P. Atwell who has been quite sick is improving.
