FORMER KENT COUNTIAN KILLED BY SHERIFF

Harvey Crew, aged thirty-two years, was shot and killed Tuesday afternoon about five o'clock by Sheriff George Clinton Logan. of Cecil county, as he was running across a field along the Newark road about two miles from Elkton.

According to a report of the shooting, Sheriff Logan had placed Crew under arrest when he refused to show his driver's license. The sheriff had been looking for Crew following a complaint that he was driving under influence of liquor. When the sheriff placed him under arrest, Crew started to run and the sheriff fired fiive shots which he said were not aimed at Crew but were fired to frighten him. The sheriff's aim proved to be poor and both bullets took effect killing Crew almost instantly. A warrant for homicide was sworn out for Sheriff Logan by State's Attorney Henry T. Constable after the sheriff had reported the incident to him. Crew, whose father is Mr. Milton Crew, of Glasgow, Del., lived in Kent county until a short time ago when he moved to Delaware. He has a number of relatives here who attended the funeral yesterday.

HOTEL BAYOU BURNS

About 1.15 o'clock Friday morning of last week, while cooks were preparing an early breakfast for gunner guests at the Hotel Bayou, at Havre de Grace, fire broke out in the ventilator shaft. Soon an explosion of gas in the shaft scattered fire through the upper part of the hotel, and before the firemen conquered the flames the handsome structure had been damaged to the extent of $125,000, the upper floors being destroyed. Fire Companies from Perryville, Bel Air, Aberdeen and Elkton responded promptly to a call, and helped the local firemen in their heroic efforts to save the building.

"Modesty is the concealment of what is ugly. There is nothing immodest in the display of what is beautiful."

Lady Millicent Hawes, formerly the duchess of Sutherland, was talking about the present-day fashions.

"I have seen a number of dinner gowns," she said, "and they are lovely."

She added with a laugh:

"Of course they are remarkable for latitude rather than longitude."

STYLE--- or FAD?

Occasionally we see some peculiar product of eccentric designing, advertised as new style. Generally it is short-lived and passes out with little notice—why?—because it is **not style** but merely a **fad**—and between these two there lies a vast difference.

A gentleman is **always Stylish**—never **Faddish**. His clothes are selected with discriminating taste and reflect the judgment and work of the Expert Designer.
