This Week

by Arthur Brisbane

TO EUROPE FOR $6, MAYBE.
JAPAN IN SOUTH AMERICA.
BIGGER AND FASTER SHIPS.
EAT VITAMIN D.

Here is real flying new, important to all interested in moving about the earth.

Henry Ford has perfected an all-metal airplane driven by 3 Packard-Diesel motors, burning crude oil. The machine is expected to carry 11 passengers one hundred miles at a fuel cost of $2.16. This means the fuel cost of taking 11 passengers across the continent or across the ocean would be $64.80, less than $6 each. There is no cost for right of way, little for terminals and for wear and tear.

What is more important, in Ford's opinion, is the fact that fire hazards, explosions, carburetor adjustments, electric ignition, all dangerous elements in flying, are eliminated.

"The pilot sits in front of an instrument board like that of an automobile and talks over a radiophone without interference from the motors."

Concerning flying, it is apparently true that "we haven't seen anything yet."

Japan's plan for extensive colonizing in Brazil is proceeding energetically. Hashiro Fukuhara, who organized and manages the "Japanese Colonization Company of Plantations in Brazil," has secured 2,500,000 acres.

Hundreds of thousands of Japanese can live and now prosperous on that fertile soil.

The crops will include cotton, rice, tobacco and the cocoa bean.

Intelligently managed, Brazil's Japanese colony will sell supplies to its members below usual prices. Three million cocoa trees will be planted in the next two years.

The development of cotton lands will, of course, influence world prices established in Europe. Coupled with energetic British development of cotton in Africa, this interests American cotton growers.

Hashiro Fukuhara's idea interests North and South America.

There are fertile lands and opportunity for tens of millions of Japanese in Brazil. There may also be some problems in the Asiatic settlement.

But it is Brazil's problem and business, not ours.

After Germany launched the great steamship Bremen, it was said that British and Americans could not afford a 50,000-ton ship. It would cost more to build and run than it could earn. But launching of the German super-ship Europa, has stirred up the old Cunard Line and it will build two passenger ships of 70,000 tons, each faster than any passenger ship on the ocean.

The first one will be ready in 1933.

The British do not mean to lose control of ocean traffic.

The wise Germans announce a merger of the Hamburg-Amerian and North German Lloyd Lines. The two big companies will "retain their identities," while cutting off needless overhead expense.

W. K. Whitfield wants everybody to know that the Mediterranean fly has disappeared from Florida, only two samples of the larvae found in the entire State since last August. Mr. Whitfield represents 70,000 acres of Florida citrus fruit.

W. J. Howey, representing 60,000 citrus fruit acres in Lake County, Florida, says the fly has vanished, anyhow it wouldn't amount to much. They have had it in Spain for nearly a century, yet today Spain produces 30,000,000 boxes of oranges against Florida's 9,000,000 to 13,000,000 boxes.

Good news from one part of the country is good news for all of the country.

Sir Thomas Lipton launches his sailing yacht, Shamrock Number Five, to take the cup from America, if he can. A bottle of champagne starts Shamrock the Fifth on her way.

Simultaneously three Americans, Vanderbilt, Aldrich, Astor, launch the cold water boat Enterprise, one of four American boats that will defend the title.

Sailing races are now as unimportant as greyhound races. Excessive depth of centre-boards, and reliance on them to offset heavy sail area, make the hull design unimportant.

The interesting fact is that Britons, building sailing boats for centuries, cannot compete with modern American boat builders. Youthful inventive genius is better than aged experience.

Dr. Price, scientist, of Cleveland, says "Vitamin D" prevents diseases called "degenerative," such as cancer, heart disease, influenza and pneumonia.

Dairy farmrs will be glad to hear that Dr. Price recommends Spring butter, from the milk of cows grazing in sunshine. This Vitamin D he calls the "Sunlight Vitamin." Cows get the vitamin, stored up by the sun, in Spring grass, and return it in their milk.

Why Men Grow Wheat.

From Agricultural and Industrial Progress in Canada.

Eight hundred and eighty-eight bushels of wheat from ten acres, or 88.8 bushels an acre, are reported by Fred Stinn, who farms thirty-five miles east of Calgary. This is the heaviest wheat yield ever recorded in Alberta.

MILLINGTON

Mr. Franklin Stevens, of Darby, Pa., and Mr. Victor Stevens, of Baltimore, spent the week end with their parents, Mr. and Mrs. J. B. Stevens, near town.

Mr. and Mrs. Carroll Burris and little son, Carroll, Jr., of Philadelphia, spent the week end with his parents, Mr. and Mrs. W. H. Burris.

A wedding of much interest on the Eastern Shore of Maryland, which was one of the prettiest and most impressive of the season, was solemnized Thursday, April 17th at noon in the home of the bride's parents, on Hurtt Avenue, Millington, Md., when Miss Dorothy Eloise Taylor, only daughter of Mr. and Mrs. Raymond J. Taylor, became the bride of Mr. Joseph Forsyth Compton, son of Mr. and Mrs. Eugene Compton, of Front Royal, Va. Rev. F. A. Baker, pastor of the M. E. Church, at Newark, Md., performed the ceremony. The living room, where the ceremony was performed, was artistically decorated in evergreens, potted plants and spring flowers and lighted with candles. Just before the entrance of the party, Mrs. R. E. Feddeman at the piano rendered several selections and played the wedding march. The bride, who was given in marriage by her father, was attired in gown of white satin with veil and carried a bouquet of white roses and lilies of the valley The matron of honor, Mrs. John Morrow, wore green Chiffon and carried a bouquet of pink roses. Little Edwin Besson, a cousin of the bride, was ring bearer. The groom had as his best man Mr. Theodore Van Loan, of East Orange, N. J. The bride is a graduate of Hood College, Frederick, Md., and has been working as statistician for an Investment Corporation in New York City. The groom is a graduate of Blacksburg College, Va., and is connected with a contracting electric company in New York. Immediately after the ceremony a buffet luncheon was served Those assisting were: Mrs. Shepherd Loose, Mrs. Olin Willis, Miss Mary Taylor and Miss Helen Taylor. Following the luncheon, Mr. and Mrs. Compton left for a motor trip through the Southern States, at the conclusion of which they will be at home to their friends in East Orange, N. J., after May 15th. The out-of-town guests included Mrs. Eugene Compton, of Front Royal, Va., Mrs. Shepherd Loose, of East Orange, N. J., Mrs. John Morrow, of Mitchell Field, L. I., Mr. Theodore Van Loan, of East Orange, N. J.; Mr. and Mrs. P. C. Taylor, Miss Helen Taylor Miss Louise Taylor and Mr. Edwin Taylor, of Belmar, N. J.; Mrs. Jacob Besson and son, Edwin, of Allentown, Pa. Dr. W. A. Taylor, Miss Susanne Taylor, Mrs. E. H. Taylor and Miss Mary Taylor, of Stockton, Md.; Mrs. J. W. Gladding, of Franklin City, Va.; Mrs. Drucilla Pollett, Miss Florence Pollett and Miss Annie Pollett, of Dover, Del.; Mr. and Mrs. Olin Willis, of Philadelphia; and Rev. F. A. Baker, of Newark, Md.

Is Your Child Eligible for This FREE CAMERA and Roll of Film?

Act Promptly!
There is no time to be lost. We have only a limited number of these gift cameras. If your girl or boy is eligible, come in at once to get the camera and film.
HOW OLD is your youngster? Has he become twelve years of age this year, or will he before 1931? Any boy or girl whose twelfth birthday falls in any part of 1930 is eligible, *right now*, for a FREE camera and roll of Kodak Film—the gift of the Eastman Kodak Company to mark the 50th Anniversary of Kodak.
Five hundred thousand of these cameras and rolls of film are to be distributed in this country during the month of May, *but only as long as the supply holds out*. Our stock of Anniversary Cameras is very limited, so if your youngster is eligible bring him or her in at once to avoid disappointment.
There are no additional conditions to meet. No red tape. No delays. The only stipulation is that each child be accompanied by a parent or guardian. And our only advice is to act promptly, for these gift cameras will not last long.
