ONE PRESCRIPTION MADE FAMILY DOCTOR FAMOUS

Seldom has any single act been of greater benefit to mankind than that of Dr. Caldwell in 1885, when he wrote the prescription which has carried his fame to the four corners of the earth.

Over and over, Dr. Caldwell wrote the prescription as he found men, women and children suffering from those common symptoms of constipation, such as coated tongue, bad breath, headaches, gas, nausea, biliousness, no energy, lack of appetite, and similar things.

Demand for this prescription grew so fast, because of the pleasant, quick way it relieved such symptoms of constipation, that by 1888 Dr. Caldwell was forced to have it put up ready for use. Today, Dr. Caldwell's Syrup Pepsin, as it is called, is always ready at any drugstore.

Last year, more than $750,000,000 was paid as admissions into the movies of the United States. The investment in the motion picture industry now totals nearly $2,000,000,000. Nothing in this century except the automobile has made such strides as the movie business. Twenty-five years ago, the owner of the movie theatre in a middle western town hired a number of women to come and sit in his picture show. He wanted folks to look upon this new form of entertainment as respectable.

PENINSULA NEWS

With facts provided by Cooperative Observers representing the United States Weather Buureau in various sections of the Peninsula supplemented with observations being taken at the Delmarva Airport, Hebron, the Del-Mar-Va Eastern Shore Association today announces that charts are now in the course of preparation for the purpose of supplying information to the 20 questions regarding climatic conditions which have been submitted by Commander Jerome E. Hunsaeker, of the Goodyear Zeppelin Corporation. The data is desired as the first actual step in investigating the Del-Mar-Va Peninsula as a possible base for the Trans-Atlantic Zeppelin service.

William H. Morton, recently elected president of the Salisbury Chamber of Commerce, and whose term started April 1st, Tuesday tendered his resignation at the first meeting of directors.

Mr. Morton gave as his reason a pressure of other business. The resignation was reluctantly accepted and the directors voted to leave the office of president temporarily vacant.

Last Wednesday the Delaware Division of the Pennsylvania Railroad ceased to exist. For many years the traveling public of this community have waited for the announcer in the Philadelphia station to call out "All Aboard for the Delaware Division." That will not be heard again, for on Wednesday last the Delaware Division and the Norfolk Division were consolidated under the Del-Mar-Va Division.

Subscription to the Transcript $1.50 per annum.

—The "Seward's Hope" farm, of 214 acres, located in the Morgnec section of Kent County was sold at Mortgagee sale on Tuesday of this week. The purchaser was Mr. Frank F. Dudley, of Queen Anne's county, price $7,490 or $35 an acre.

What Will you do

When your Children Cry for It

There is hardly a household that hasn't heard of Castoria! At least five million homes are never without it. If there are children in your family, there's almost daily need of its comfort. And any night may find you very thankful there's a bottle in the house. Just a few drops, and that colic or constipation is relieved, or diarrhea checked. A vegetable product; a baby remedy meant for young folks. Castoria is about the only thing you have ever heard doctors advise giving to infants. Stronger medicines are dangerous to a tiny baby, however harmless they may be to grown-ups. Good old Castoria! Remember the name, and remember to buy it. It may spare you a sleepless, anxious night. It is always ready, always safe to use; for emergencies, or for everyday ailments. Any hour of the day or night that Baby becomes fretful, or restless. Castoria was never more popular with mothers than it is today. Every druggist has it.

Fletcher's CASTORIA

Economical...

YES!

...as proved by many companies using Pontiacs for business

Although the Pontiac Big Six gives you the performance advantages of a 60-horsepower engine and the comfort advantages of big, roomy, substantially built bodies by Fisher—it is one of the most economical cars you can possibly own!

Scores of leading business houses have standardized on Pontiac for this reason. And typical of their experience is this statement from one firm operating forty-four:

"From the standpoint of cost of operation, our experience with the Pontiac Six is that its cost per mile is less than that of any other make or type of car we have ever used. This includes all gasoline, oil, tires, insurance and depreciation."

Buying a Pontiac Big Six means the enjoyment of big car performance at small car cost. You save when you buy—while you are driving—and when you are ready to trade.
