The basis of leadership

READ again the familiar message on the back of the Camel package. . . . Camel, introduced in 1913, when other cigarette brands were offering all sorts of premiums and similar inducements, jumped into leadership solely on the basis of its built-in goodness.

That statement, spread throughout the world each day on millions upon millions of Camel packages, stands as your guarantee of the maximum in smoke pleasure. It reaffirms on every package of Camels the steadfast aim to give smokers a cigarette in which every possible bit of the cost is put into real smoke-quality.

The delightful, natural fragrance of Camel's choicer tobaccos, combined in the smooth, mellow harmony of a blend beyond imitation—that's what made Camel the world's foremost cigarette—and keeps it just that.

Don't deny yourself the luxury of
