Real Tragedy

The conversation had turned to a young man who had suffered a severe misfortune. "Oh, he'll console himself." said some one, "time heals everything."

"Not always," smiled Fanny Ward, the perennial beauty. "I once had the most violent sorrow of my whole life and time has not yet effaced it."

"What was that?" every one wanted to know.

"My first wrinkle," smiled Fanny.

What Will you do When your Children Cry for It

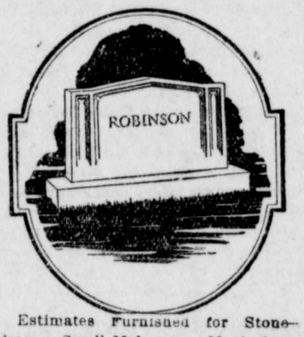

There is hardly a household that hasn't heard of Castoria! At least five million homes are never without it. If there are children in your family, there's almost daily need of its comfort. And any night may find you very thankful there's a bottle in the house. Just a few drops, and that colic or constipation is relieved; or diarrhea checked. A vegetable product; a baby remedy meant for young folks. Castoria is about the only thing you have ever heard doctors advise giving to infants. Stronger medicines are dangerous to a tiny baby, however harmless thay may be to grown-ups. Good old Castoria! Remember the name, and remember to buy it. It may spare you a sleepless, anxious night. It is always ready, always safe to use; in emergencies, or for everyday ailments. Any hour of the day or night that Baby becomes fretful, or restless. Castoria was never more popular with mothers than it is today. Every druggist has it.

Easy to look at

EASY TO LOOK AT—good to look at—that's your reaction to charm and beauty. Easy to smoke—good to smoke—that's the lure of Camels. Good because of the natural mildness and fragrance of mellow tobaccos, with all the delicacy and aroma preserved by scientific skill in preparation and blending—good because there's no over-processing or doctoring—no flatness of taste.

Easy—because they are so mild and smooth that you can smoke them all the day through with never a suggestion of throat discomfort.

Notice that it's Camels now—your crowd and elsewhere—because Camels are so good to smoke.
