## Pre-School Clinics Here

### One Each Month During Year

### Many Children Are Examined

Under the direction of Dr. J. H. Mason Knox, Jr., Chief of the Bureau of Child Hygiene a state wide program for pre-school clinics has bees scheduled which affords at least one such clinic in each county every month throughout the year.

During the nine months ending September 30, 1930, over 5,500 children were examined at the child health conference. Of the total, 2,168 were under five years of age, and 3,357 were from five to seven and were in the group preparing for admission to school.

At these clinics special attention is given by the examining physicians to weight, posture, the heart, lungs, nose, throat, teeth, vision, and hearing. Defects were reported to parents and the parents were urged to see that proper corrections were made either by the family physician, the dentist, or, if necessary, the specialists. Maryland provides for the vaccination of every child before he enters school and through enforcement of this law small-pox is practically unknown in the State except for occasional cases which are brought in. Through wide use of toxin-antitoxin administered by local physicians or deputy state health officers, diphtheria is also being wiped out.

The following schedule for preschool and well baby conferences has been arranged for Kent:

Oct. 30 — Kennedyville White School 10 a. m.
Oct. 30—Chesterville, Colored School, 2 p. m.
Nov. 19—Big Woods.
Dec. 17—Fairlee.
Jan. 21—Rock Hall.
Feb. 18—Millington.
March 18—Worton.
April 22—Galena.
May 20—Sandy Bottom.
June 17—Chestertown.

Loosen—Lift Out

A little known Japanese herb, the discovery of an eminent German scientist (Dr. Stickel) instantly soothes the corn, callous or wart then loosens it so that shortly you can lift it right out. This new discovery called "Corn Fly" excites the white blood corpuscles to action and granulates the corn at its root so that it drops out and leaves no trace of scar or soreness.

You will also find "Corn Fly Foot Bath Powder" a boon for sore, tired or perspiring feet.

"Corn Fly" for corns, 35c. "Corn Fly Foot Bath Powder" 25c, and "Corn Fly Bunion Remedy" 50c, (all three—$1.10 value—for $1.00), are sold under a positive, money back guarantee at

## A Sour Stomach

In the same time it takes a dose of soda to bring a little temporary relief of gas and sour stomach, Phillips Milk of Magnesia has acidity completely checked, and the digestive organs all tranquilized. Once you have tried this form of relief you will cease to worry about your diet and experience a new freedom in eating.

This pleasant preparation is just as good for children, too. Use it whenever coated tongue or fetid breath signals need of a sweetener. Physicians will tell you that every spoonful of Phillips Milk of Magnesia neutralizes many times its volume in acid. Get the genuine, the name Phillips is important. Imitations do not act the same!
