The big company of over a hundred singers, musicians, choral and ballet groups, directors, business and technical staffs, is sounding a new note in grand opera presentation. COUNTY AND STATE NURSES MAKE REPORT

The total home visits made by the state and county nurses in Kent during the month of December numbered 266 and included instructive nursing and social service activities. Bulletins on infant care and feeding were distributed, sanitary cups and napkins were left with tuberculosis patients and other equipment and care given as the cases demanded.

The regular monthly T. B. clinic was held in the Chestertown Health Center by Dr. John O'Neal. Two colored patients were examined and both cases were referred to Easton hospital for X-ray. Among the white patients seven contracts were examined and all cases had a negative diagnosis. Two colored patients were admitted to Henryton Sanatorium, one having been transferred from Johns Hopkins Hospital in a Baltimore City ambulance. The fee of $18.00 was raised through the patient's parents and friends at Coleman, Kent county.

Social service work occupied considerable time during the month and through the efforts of Miss Fanny Beckham, county nurse, and Mrs. T. Hynson Beck, Attendance Officer of the Kent Schools, a destitute family consisting of a mother and six children were found comfortable homes with the aid of Delaware's and Maryland's Children's Aid Society.

Aid was given the County Commissioners and the Kent County Chamber of Commerce is distributing Christmas food packages and selecting suitable clothing from the supplies which had been brought into the Chamber of Commerce. Followup visits are being made in these cases as well.

Pre-School Clinics were held at Fairlee for white children and at East Georgetown Elementary for colored. A number of children were found in need of special medical attention and the parents were notified.

Dental Clinics in Rock Hall resulted in thirty-one children having corrections made by Dr. Smith, State Dental Clinician.

The class in home hygiene and practical nursing at Fairlee was completed on December 18th with final examination. Fifteen students are eligible for certificates from the Red Cross.

Communicable diseases during the month were diphtheria, and scarlet fever. Homes were visited and instructions given.
